

How the Editors get Rich.

After a good deal of study and work we have at last figured out why so many country editors get rich. Here is the secret of success: a child is born in the neighborhood, the attending physician gets \$25, the editor gives the loud-lunged youngster and the happy parents a "send-off" and gets \$50. It is christened; the minister gets \$10 and the editor gets \$100. It grows up and marries; the editor publishes another long-winded, flowery article and tells a dozen lies about the beautiful accomplished bride, the minister gets \$10 and a piece of cake, the editor gets \$500. In the course of time it dies, and the doctor gets from \$25 to \$100; the minister perhaps another \$15, the undertaker gets from \$50 to \$100, the editor publishes a notice of the death and an obituary two columns long, lodge and society resolutions, a lot of poetry and free card of thanks, and gets \$1,000. No wonder so many country editors get rich.—Moorehead Coaster.

We have just received a car load of **Columbus and Weber Wagons.**

The World's Most Famous

Pianos and Organs
Sold By
The South's Greatest Music House.

With the advantage of the largest stock of instruments and everything musical, not only in the South but probably in the United States, we can supply you with anything in our line at a cost surprisingly low when compared with the price of others. On our floors you will find the most perfect products of the world's most famous piano makers. With them will be found the choicest instruments in the world, that are good, at prices that are simply impossible to the ordinary dealer.

Mathushek Pianos

When we say that we have sold Mathushek pianos to succeeding generations of man old Southern families, the sterling goodness of the instrument may be judged. Of the more than thirty thousand we have sold, not one but has given perfect satisfaction. The Mathushek is admirably adapted to this damp Southern atmosphere. Never affected by the peculiar climate. Costs almost nothing to maintain, because it seldom requires tuning. Prices

\$350 to \$750.
And considerably lower here than elsewhere.

Lester Pianos

In this famous instrument is wonderfully combined the qualities that appeal alike to the student, the teacher and the artist. Its tone is rich and mellow, its touch delicately responsive, and its durability is covered by a comprehensive guarantee. The purchaser of a Lester may be assured of substantial value for every dollar of its cost, which runs from

\$325 to \$750.

Piano Players.

To those who are lovers of music, but lack practice or musical training, we earnestly suggest the lifelong delight to be secured by the purchase of an Angelus or a Cecilia Piano Player. We can furnish one at comparatively little cost that will make your old piano fairly ring with melody; that will enable anyone, without the slightest musical training, to play the most difficult piano music. If preferred, we can furnish a new piano that may be either played by hand, or by the inside concealed player attachment. The public is invited to call and listen to the performance of these really wonderful instruments. No charge whatever.

Organs, Phonographs and Sheet Music

Organ suited to the means and needs of any church or home may be found in our stock at prices ranging from \$60 to \$1,000. All are thoroughly reliable, and include the Ludden & Bates, Estey, Farrand and others.

We have a large stock of the Victor and Edison Phonographs and a full line of the best records. Free concerts given daily.

Our stock of Sheet Music and small goods is probably the largest in the South, and prices are certainly the lowest. List of new music mailed free.
