Call on or write them. We want to place one of our “A A” \$600 (factory price) Runabouts in the hands of every business man in Edgefield and Aiken counties. Look at it! Ain't it a Daisy?

When you see it run and its easy operation you'll be astonished. Place your order now so that you will be certain to get one. Our touring cars can't be beat—you owe it to your family—so come and get it. Here it is.

# THE TRI-COUNTY FAIR

To the farmers of Edgefield, Saluda, Aiken and Lexington counties :-:

We are offering the following prizes for the best one acre of cotton and one acre of corn in each of the above counties to be given away the year of 1910:  
 2400 pounds of high grade guano, 1st prize. 1600 pounds 2nd prize. 1000 pounds 3rd prize.  
 The only condition is that you use any of the following fertilizers and make an exhibit at the fair in October at Batesburg:  
 GEORGIA CHEMICAL WORKS, Augusta, Ga. VIRGINIA-CAROLINA PEOPLE, Columbia, S. C.  
 PALMETTO FERTILIZER CO., Columbia, S. C. ASHEPOO FERTILIZER CO., Charleston, S. C.  
 No one excluded, old and young, rich and poor, white and colored have the same showing. Everybody get busy and show the people what we South Carolinians grow here in this Southland, by the use of good fertilizers, and progressive ideas in farming.  
 This idea was gotten up to try to improve our farming interests as well as improve the fair. So don't fail to take an interest and try one acre of each, cotton and corn, and win the prize. This is in addition to the \$50.00 cash prize the Fair Association offers for the best farm exhibit. (See catalogue.) Besides you can enter the contest for both the State and county prize acre of corn with this same acre. No cost to enter the race. Write the secretary a postal and tell him to enter your name as a winner and tell him the kind of fertilizer you will use. We want each exhibitor to be able to tell how the crop was cultivated and amount of fertilizer used, and have three disinterested parties in your section see the cotton and corn weighed.

The Tri-County Fair Association,

M. E. RUTLAND, President

W. J. McCARTHA, Secretary

Batesburg, S. C.

J. M. MALPASS, Treasurer.

Ready made glasses, such as you select for yourself over the counter, are always alike on both eyes. Now then if you have eyes of different focus, requiring glasses of different focus to make them balance properly, what are you going to do about it? Will you take chances on getting one eye right and have the other one wrong, producing muscular trouble which you find out too late, or will you have your eyes carefully tested, each eye, separately, and glasses fitted accordingly? This method is far safer and costs no more.

## JUST PUBLISHED

Webster's NEW INTERNATIONAL Dictionary, (G. & C. Merriam Co., Springfield, Mass.) surpasses the old International as much as that book exceeded its predecessor. On the old foundation a new superstructure has been built. The reconstruction has been carried on through many years by a large force of trained workers, under the supervision of Dr. W. T. Harris, former United States Commissioner of Education, and reinforced by many eminent specialists. The definitions have been rearranged and amplified. The number of terms defined has been more than doubled. The etymology, synonyms, pronunciation, have received unsparing scholarly labor. The language of English literature for over seven centuries, the terminology of the arts and sciences, and the every-day speech of street, shop, and household, are presented with fullness and clearness. In size of vocabulary, in richness of general information, and in convenience of consultation, the book sets a new mark in lexicography.

400,000 words and phrases.

6000 illustrations.

2700 pages.

Write to the publishers for Specimen Pages.

## The Farmers Bank

## ARE FIRE PROOF

They will not burn. Will not split or curl like wood shingles. Will not crack and roll off like slate. Will not rip at the seams like plain tin. Neither will they rattle during high wind storms. They never need repairs and last as long as the building. And last of all, they make the handsomest roof and are not expensive.
