

Office, No. 61.
Residence, No. 17.

It was our good fortune to eat some of Mr. T. P. Salter's home grown peaches that won first prize at the fair. They were very large and finely flavored. Mr. Salter has twenty trees that bore this year.

Implement Display Made Profitable.

It pays to be alert and enterprising in business. Messrs. Stewart & Kernaghan had a very creditable exhibit of fence wire, turn plows, disc plows, harrows, gasoline engines, feed mills, etc., at the county fair, and were repaid for their trouble by selling a mile of fence wire, two engines and two feed mills. They have also several prospective buyers of engines and mills "on the string" who will purchase later. In this day and time a merchant must get squarely behind his business and push it if he expects to succeed. Every opportunity for advertising and enlarging must be seized and improved.

Distinct Loss to Edgefield.

Mr. Richard A. McCreary left Monday for Augusta to accept a position with J. B. Davenport & Co., wholesale druggists. Mr. McCreary is a most exemplary young man who numbers his friends in Edgefield by the hundreds. His departure was a distinct loss to Edgefield. We trust that he will receive in his new field the rapid promotion that he deserves.

Death of Sweet Little Twins.

The profound sympathy of our entire community goes out to Mr. and Mrs. S. A. Brunson in their great grief caused by the death of their little sons, twins, who were about two months of age. One was taken Sunday morning and the other late Tuesday afternoon. The grief-stricken parents have the assurance that their dear little ones are with Jesus and will be spared the trials and crosses of earth. Both of the little darlings were entered in our village cemetery.

Two Progressive Rural Schools.

All honor to the fair young teachers of the Lott and Red Hill schools for their enterprise and thoughtful public spirit! The Advertiser doffs its hat and bows very low to them. A conspicuous and very pleasing feature of the parade at the county fair Friday afternoon were the decorated wagons loaded with pupils from these schools. The Lott school, which is taught by Miss Maggie Reel, was very attractively decorated with the national colors. It was occupied by the fair teacher and fifteen or twenty pupils. As these bright and happy pupils peered out from beneath the beautiful canopy top it presented a very pleasing picture, one that provoked much favorable comment.

Another strikingly beautiful wagon was that of the Red Hill school, the "color scheme" being deep red so as to reflect or suggest the name of the school. Not only were the wheels and body of the wagon entirely covered with red, but the mules wore large red blankets bearing the name of the school in white letters. Misses Louise Lyon, Miss Mabel Strom and a large number of pupils were in the wagon, many of the pupils carrying banners containing the letters R. H. S.—Red Hill school.

These two attractively decorated wagons added much to the parade, and the three fair young teachers, together with the citizens, patrons and trustees who assisted them, have the thanks of the fair association for the part they took in making Educational Day a success.

The Lott and Red Hill schools have set a good example to other rural schools, and it is hoped that a dozen or more schools will come in decorated wagons next year. It should be borne in mind that both of the above schools are located twelve miles from the county seat.

All Reports Not Yet Received.

We find upon checking up the list that one report has not been sent in for The Advertiser's corn contest. As soon as it has been received the central committee, consisting of Judge W. F. Roath, Judge J. D. Allen and Mr. J. M. Cobb, will go carefully over all of the reports and announce the winners of the prizes. The award is not made by the editor of The Advertiser. He only presents the gold coins to the two persons reported by the central committee to have made the highest and second highest yields. It was our purpose originally to have a public presentation of the prizes at the county fair last week, but the delay in sending in all reports made that impossible. However, it will be only a few days before the suspense is broken.

Stands at the Top.

Mr. W. T. Walton is easily the leading farmer in the county—not the largest, but first from the standpoint of results. He harvested 357 bushels of corn this year from three and a half acres, which is an average of more than 100 bushels per acre. Mr. Walton planted 22 acres of cotton in his wages crop and will make 29 bales. That is certainly intensive farming,—the only kind that pays under latter day conditions.

A lady left a child's sweater in the W. C. T. U. rest room at the fair, and when she went for it through mistake she picked one of another size that belonged to another person. The one she left was either eight or nine years of age. The person who has it will return it to The Advertiser.

Williams-Zimmerman.

Special to The State.
Greenview, Oct. 28.—The chief social event of the week was the marriage Tuesday afternoon in the First Presbyterian church of Miss Martha Williams and Samuel Zimmerman, the ceremony being performed by Rev. T. W. Sloan. The church was beautifully decorated in white and green, the scheme being worked out in palms and cannas. The bride, gowned in white satin and lace, entered with her brother, Robert Williams. Miss Bessie Williams was maid of honor and Thomas Marchant of Union was best man. Miss Wilton Earle was bridesmaid and little Miss Elizabeth Johnson, niece of the bride, was flower girl.

The ushers were: Luther Marchant, Alex. McBea, Jr., Richard Riley, Frank Henry, Hamlin Beattie and Edward Haysworth of Sumter. Immediately following the ceremony Mr. and Mrs. Zimmerman left on the afternoon train for New York on a wedding trip, returning in about 10 days to Edgefield, where they will make their home.

Revival Services Begin at Baptist Church November 9th.

Dr. H. M. Wharton is expected to reach Edgefield on November 9th to begin the special services. The hours for services will probably be 3:30 and 7:45 p. m. A leader of the music, Mr. P. W. Bush, is expected to arrive by Sunday, November 8th. There will be a song and prayer service each afternoon of next week. It is sincerely hoped that the people of the town and surrounding country will attend and co-operate in this meeting. Dr. Wharton is at present in a meeting in Martinburg, W. Va. The last issue of the Martinburg Journal contained a lengthy notice of his meeting, the following being a portion of that notice: "Rev. W. D. McCurdy, pastor of the First Baptist church, announces that in order to accommodate the increasing crowds that are coming to hear Dr. H. M. Wharton he has engaged the opera house for Sunday night, October 30th. Already the capacity of the Baptist church is being taxed by the throngs who are eager to hear this celebrated evangelist."

Have Voluntarily Pledged Support.

If the fair can be made such a pronounced success with the assistance and co-operation of only a few farmers, think of what next year's fair will be when a large number of farmers will put their shoulders to the wheel, as we believe they will do. Quite a number in different sections have already voluntarily pledged their support and co-operation. What is needed is a live, aggressive leader in every community. Will you not take the lead in working for the fair in your community? Do not wait for somebody else. It may not be done.

The Competitive Drills.

The S. C. C. I. cadets held competitive drills in the arena Thursday and Friday of the fair. Both of these contests proved to be very exciting, the cadets giving evidence of thorough training in the manual of arms. On Thursday Cadet Smith of Ehrhardt was declared the winner, and Cadet Landram of Smithland, Ky., came out victorious on Friday, cash prizes being awarded to both young soldiers.

"Licker" Poured Out.

The usual crowd upon the streets was highly entertained by one of the policemen at noon last Saturday as he emptied 400 half pints and several quarts of contraband "licker" that was seized about a month ago. The unusual sight attracted a large crowd. Just before the last drink escaped, several bottles were tossed in the air and dozens of negroes—the young, old, lame and halt—scrambled for them. While the liquor was gurgling from the bottles a number of humorous remarks were made, as well as many mouths were made to water. One old negro said: "What er pity it is ter waste dat good stuff and hit so nigh Christmas."

Second Trip North.

Mr. W. H. Turner will leave today upon his second trip to Baltimore this season to replenish his stock. The Corner Store has had a large patronage and the stock is somewhat broken. Very soon the newest and latest things will begin to arrive. Watch our columns for Mr. Turner's announcement upon his return.

Not Sorry For L. under.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., but for years they saw every attempt to cure a luck-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, \$1.00. Trial bottle free. Guaranteed by Penn & Holstein, W. E. Lynch & Co., B. Timmons.

Death of Mr. Quarles.

Mr. William H. Quarles fell dead in his field while plowing Wednesday afternoon. One of his sons was in the field with him. Mr. Quarles was apparently as well as usual, having made no complaint of feeling badly. His father also died very suddenly. Mr. Quarles would have been 57 years of age in December. He leaves his wife, two daughters and four sons. He was a member of Red Hill church, the funeral being conducted by Rev. J. T. Littlejohn Thursday afternoon. We extend sympathy to the bereaved family.

Planning For Next Year.

Plans are already being laid for next year's fair. Several officers of the fair association will attend the Aiken fair this week to engage Smith's Greater Shows for our fair next year. Smith's shows are conceded to be the best of the kind on the road. In order to make a county fair the greatest success possible work has to be commenced a year in advance.
