Attorney and Clerk Re-Elected

At the close of the regular routine work on Tuesday of last week, the board of county commissioners held an executive session for the purpose of electing an attorney and clerk. B. E. Nicholson, Esq., was re-elected county attorney. He has filled this position very acceptably for a number of years, advising the board in all legal matters, and giving all county business very close attention. The board again acted wisely in the re-election of Mr. P. W. Cheatham as clerk. The very capable manner in which he performs the duties of this position, greatly facilitates the work of the board.

Marriage on The West-Side.

Mr. Ed Strom and Miss Bettie Quarles, of the Antioch section were married on Sunday afternoon at 4 o'clock at the parsonage at Red Hill by Rev. J. T. Littlejohn.

Surveying.

I offer my services as surveyor to the people of Edgefield county. All work carefully and satisfactorily done. Rates reasonable.

RURAL SCHOOL.

President of Rural School Improvement Association, Appeals to The Schools to Organize.

Time is flying fast, and the present school term will soon close. I had hoped to see all the schools in the county organize rural school improvement associations during this winter. It is not too late yet. If you do nothing, but elect your officers, and make the organization now, you will have made a very important step. There is no fear that this will be the end of it.

I once read a little hint to house keepers which has been a great help to me in my domestic affairs. It was on the value of simply making a beginning. Do not wait for a more favorable opportunity. A piece of work once begun is almost sure to be finished some time. Making a beginning is half the battle.

Now the same is true as to our school improvement. Only make a beginning, and the way will open up to-day. You may not know exactly what to do, but once turn your attention in this direction, and you will soon find out. You will be given reading all you can find on the subject, and asking questions.

You have all seen the farmers put up long poles to which martin gourds are swung. Soon the birds fly in and build their nests in these cozy little houses. So if we will put our minds in receptive attitude, thoughts, like these birds will fly in and multiply. We will soon see plenty of work to do, and plenty of ways to do it.

One object of rural school improvement is to identify the school more closely with the social life of the community. Suppose you begin simply with that. Elect a president, vice president, secretary and treasurer. Then say among yourselves, "Now the first thing, we will give the neighborhood a good time."

St. Valentine's day is near. Give a Valentine party. A small sum charged for the valentines will buy a pretty picture or call bell for the school. If you miss valentine's day get up something else.

You may say, "This is a very small beginning." True, but all things which grow must have a small beginning. "Tall trees from little acorns grow, Great streams from little fountains flow."

You see what I want, do you not? I simply want you to begin.
Mrs. W. J. Gaines.

The Cemetery Association.

On Monday last the Cemetery Association held their annual meeting for the election of officers, and the appointment of committees. Dr. Burts' resignation as president of this organization was supplied by the election of Mr. W. Horace Dorn. The other officers and committees are as follows:

E. J. Mims, treasurer; B. E. Nicholson, secretary; executive committee; W. H. Dorn, E. J. Mims, B. E. Nicholson, O. Sheppard, S. McG. Simkins, N. G. Evans. Ladies co-operative committee, Mrs. C. E. May, Mrs. Thos. Rainsford, Mrs. J. D. Holstein, Mrs. W. P. Calhoun, Mrs. N. M. Jones, Mrs. J. E. Hart, Mrs. Fannie Tompkins, Mrs. Manly Timmons.

I was never before better able to take care of your eye glass work than I am at present. My stock is complete, and the best goods, and my methods of examination are the latest.

I am here all the time and can correct anything about your glasses that may for any reason be unsatisfactory after the work is done. This fact should appeal to you.

Webster's NEW INTERNATIONAL Dictionary, (G. & C. Merriam Co., Springfield, Mass.) surpasses the old International as much as that book exceeded its predecessor. On the old foundation a new superstructure has been built. The reconstruction has been carried on through many years by a large force of trained workers, under the supervision of Dr. W. T. Harris, former United States Commissioner of Education, and reinforced by many eminent specialists. The definitions have been rearranged and amplified. The number of terms defined has been more than doubled. The etymology, synonyms, pronunciation, have received unsurpassing scholarly labor. The language of English literature for over seven centuries, the terminology of the arts and sciences, and the every-day speech of street, shop, and household, are presented with fullness and clearness. In size of vocabulary, in richness of general information, and in convenience of consultation, the book sets a new mark in lexicography.

400,000 words and phrases.
6000 illustrations.
2700 pages.

DR. KING'S NEW DISCOVERY

Will Surely Stop That Cough.

Saved Life of Omaha Theatrical Manager

Adam Bonoff, manager of the Krug theatre in Omaha, Neb., and living at 1511 north seventeenth street, that city, in a statement given for publication says:

"I have been a sufferer from stomach trouble for the past ten years, and had to avoid pastry, potatoes and all starchy food. I was

nervous and restless, rarely ever getting a good night's sleep. I always awoke with a dull pain in my stomach, and belched gas frequently. I was constipated all the time. "I traveled considerably in search of health, and treated with the best physicians in New York, Chicago and Hot Springs without relief, and finally was compelled to give up my business, as I thought, for good. "A friend recommended Cooper's New Discovery to me. I was desperate, and decided to give it a trial. Am now feeling fine, eating and sleeping well, without any signs of stomach trouble, weighing more than at any other period of my life, having gained fifteen pounds in a few weeks' time. It is a duty with me to recommend Cooper's New Discovery, for I believe it saved my life."

We sell Cooper's New Discovery, the medicine recommended by Mr. Bonoff. It has a remarkable record, and has a tremendous sale throughout the country. We will take pleasure in explaining its nature to you. —(Penn & Holstein.)
