If Dr. Ramsey decides to come he will receive a welcome in South Carolina in which there will be nothing lacking.—Baptist Courier.

A Low Rating in Prospect.
Little Milfred is in her first term at school where she gets reports as to her standing marked on a decimal scale. One hundred is perfect, and sixty is pretty serious. The other night while saying her evening prayers, her spirits, always high, were actually irrepressible, and her petition was punctuated with snickers and smothered giggles. "Do you think the Lord will like that kind of a prayer?" asked mother reproachfully. "Nope," returned Mildred glibly. "Not much! He'll gimme 'bout sixty for that!"

A Good Selection.
Mr. C. E. Quarles has been elected superintendent of the Sunday School that is conducted in the Mill Chapel every Sunday afternoon. He will make an excellent leader, and we congratulate the members of the school for securing him. For nearly twenty years Mr. Quarles was superintendent of the Red Hill Sunday-School, severing his connection only when he removed from that section several months ago.

Episcopal Service.
Rev. Royal G. Shannonhouse preached in the Episcopal church on Sunday morning to a large congregation including a large body of students. The service throughout was most interesting and edifying, the sermon being based on the scripture, "Now when they had seen the boldness of Peter and John, and perceived that they were unlearned and ignorant men they marvelled, and they took knowledge of them, that they had been with Jesus." The discourse was an exposition of the contrast between worldly and Christian wisdom, and the climax clearly convinced that spiritual discernment or Christian wisdom is the broader and more comprehensive, and therefore to be sought after. A most beautiful vocal solo was rendered by Mrs. Shannonhouse, with organ accompaniment by Mrs. J. R. Tompkins. Mr. Shannonhouse welcomed the students and the members of the congregation of other denominations a large number of whom were present, and stated that in the near future a special service would be arranged for the students and visitors, more adapted to their custom of worship. It was also announced that the customary beautiful Easter service would be observed on April 16th, for which preparations are already being made.

Her Real Reason.
Dr. Harvey W. Wiley, the government's food expert, was discussing in Washington the fall in the price of meat. "The reasons given for this fall are ludicrous," said Dr. Wiley. "They are as ludicrous as the young woman's reason for avoiding tight lacing. "Is tight lacing unwise?" her teacher asked this young woman in a physiology lesson. "Yes, it is very unwise," was the reply. "Why is it unwise?" the teacher pursued. "Because it busts the corset," said the young woman.—Nashville Tennessean.

Happy Resident of the Sunflower State

I treated with several doctors and tried many advertised remedies, with disappointing results. My health declined until I became a physical wreck, with my vitality exhausted and my nervous system broken down. "My husband, becoming impressed with an advertisement of the Cooper remedies, proposed that I try Cooper's New Discovery. I had lost faith in everything, but consented to do so. Much to my surprise it helped me, and I began to improve from the day I took the first dose. "Now, after having taken the full treatment, I feel like a different woman, no more headaches, backache or dizziness. I am strong and well. That tired feeling is completely gone, and a pain I have had in my stomach for the past six months has disappeared. Cooper's New Discovery is simply wonderful." We sell Cooper's New Discovery. Thousands of grateful people throughout the country have testified to its marvelous curative properties. Let us explain to you the nature of this remarkable stomach preparation—(Penn & Holstein.)
