Mr. Joe S. Smith has several varieties of cotton planted but so far he likes the Cleveland big boll better than any of the other varieties. It nets about 40 pounds of lint to the hundred and is very easily picked. Hands that average 200 pounds a day, pick 350 pounds of the Cleveland big boll cotton.

**Strong Appeal to Red Shirt Men of '76.**

Editor Edgefield Advertiser:  
Will you kindly again in this week's Advertiser urge all Edgefield Red Shirt men of '76 to meet in Columbia next week? Edgefield led in '76 and no doubt would do so again if she had the same work to do. But why not all of us meet in Columbia next week enjoy being together once more. It will not be long at best before we will cross the river. You must not say you haven't time, that is a habit to a certain extent. Just say you must see your old friends and go. You will never regret going. In the same old red shirt of '76 I hope to meet many of my dear old friends next week in Columbia.  
Edgefield.  
North Augusta, S. C.

**State Mission Day.**

In response to the call to all of the mission societies in the state to set apart a special day to be observed as state mission day, the mission society of the Baptist church will have an all-day meeting Tuesday next, September 26th. A very interesting program has been arranged: The meeting in the forenoon will be conducted by the ladies and Dr. W. S. Dorset will make an address on some phase of state mission work in the afternoon. In addition to these two services a special meeting, to which the public is cordially invited, will be held at night. Dr. P. J. McLean, of Aiken, will address the night meeting.

The members of all of the mission societies in the association are cordially invited and urged to attend all of these services. They will be expected to remain over, for the night meeting. Entertainment will be provided for all who attend. Lunch will be served at the church. All members of the society are requested to send baskets.

**Millinery For Early Fall.**

In its advertisement this week, the Corner Store calls attention to its elegant models in autumn millinery for women and misses, also full assortment of children's headwear. Mr. Turner calls the attention of the ladies to the handsome line of coat suits now on display. Full assortment of very stylish tailored skirts at reasonable prices.

**Two Excellent Sermons.**

Those who attended the services in the Presbyterian church last Sunday were greatly edified by the two excellent sermons that were preached in the morning and evening by Rev. T. D. Latimer who is a minister of unusual ability. He not only has a ready command of choicest language and a very thorough knowledge of the scriptures but speaks from his rich store of experience as a pastor and evangelist. Mr. Latimer made a very favorable impression upon his audience Sunday.

**Climbed to Front Rank.**

If you have corn to buy (not the liquid kind), go to Mr. Pierce Stevens. He has climbed this year up into the front rank of the corn growers of the county. When the writer saw him several weeks ago he was in the greatest glee of his life, exulting over the fact that his rising midway between the two "crack" farmers of the county, W. T. Walton and B. R. Smith, he has beat them both making corn this year. Farmer Stevens says he is going to sell Farmer Smith his seed corn next year.

**Should Make Threat Good.**

Some time last spring our jovial friend Pierce Stevens intimated that he was going to see to it that a missionary was sent to Edgefield, the Baptist church having failed to call a pastor promptly. Now that Edgefield has another pastorless church, and still another temporarily closed because of the illness of the pastor, our friend will doubtless think the need is more imperative than formerly. Better send him of her—the missionary—along, Brother Stevens.

**Notice.**

Our store will be closed from Friday evening 6 o'clock and all day Saturday Sept. 23rd, on account of Jewish holiday.

**Intensive Farming Pays.**

In addition to his work of selling Singer sewing machines, being one of the most successful agents in the employment of the company, our friend Luther G. Quarles finds time to make money farming. He has eight acres of cotton from which he will gather ten bales, which is better than the average one-horse farm does where the full time and attention of the owner is given to it. Never mind, people will finally learn that intensive farming is the only system, by which "both ends" can be made to meet.

**New Clerks.**

The prospect of a large fall business has increased the salesforce of the town. Mr. Charlie Roper is now with W. E. Lynch & Co.; Mr. Wm. A. Eubanks is with Mr. J. W. Peak; Mr. Levi Holmes is with Mr. W. A. Hart and Mr. Cornelius Holmes is with the Edgefield Mercantile Co.

**Will "Fatten" His Land.**

Mr. S. E. Morgan has the right idea about rotation and soil improvement. Instead of mowing all of his peas for hay, Mr. Morgan has a ten-acre field under wire fence on which he will pasture and fatten his hogs, and then turn the vines under, as he says, to "fatten" his land. Would that more farmers would deliberately plan every year to "fatten" their land, instead of leaving it poorer and poorer at the end of each year.

**Good Cotton Market.**

The good price that is being paid for cotton at Edgefield is causing large quantities of the staple to be brought to this market. There were about 80 bales sold here last Thursday, 75 Friday and nearly 900 Saturday. Already we have seen cotton sold here this season by farmers who sold at other places last season. They have found that the Edgefield market now is not surpassed anywhere else in this section of the state.

**Card of Thanks.**

We desire to express our thanks and sincere appreciation for the many attentions shown Mrs. N. D. Robertson in her late illness. Her neighbors and friends reflected a beautiful Christian spirit by their kind ministrations in ways too numerous to mention. We shall always remember them gratefully.  
N. D. Robertson,  
H. W. Dohy,  
W. F. Dohy.

**Graded School Opened.**

The Edgefield graded school opened Monday morning last, Miss Minnie Dicks, the principal, being in charge. The attendance was larger than ever before on the opening day. The assignment of teachers has been as follows: 7th and 8th grades, Miss Minnie Dicks, assisted by Miss Eileen Ozatz; 6th grade, Mrs. H. N. Greneker; 5th grade, Miss Hortense Padgett; 2nd, 3rd and 4th grades, Miss Grace Tompkins and Miss Mattie Mims; 1st grade, Mrs. W. C. T. Tompkins.

**Patriotic Appeal.**

The strong appeal in this issue to the men who wore Red Shirts in '76, signed "Edgefield," was written by a gallant son of Edgefield who was only 21 when he wore the Red Shirt. He now has 11 children and three grand-children. His patriotic appeal should be heeded. Edgefield county should be well represented in Columbia September 27th and 28th.

**Card of Thanks.**

We desire through your columns to sincerely thank all the neighbors and friends for their many deeds of kindness and loving sympathy during the illness and death of our mother and grand mother, Mrs. Jane E. Seigler.  
Mrs. Catherine Hughey and children

**Southern Railroad Will Develop Live Stock Industry.**

Columbia, S. C., September 17:—The Southern Railway is endeavoring to build up the live stock industry throughout the south, having established a special department for this work, and is now inaugurating a movement for the organization of local live stock associations in every county along its lines in Georgia, Alabama, Mississippi, South Carolina, North Carolina, Virginia, Tennessee and Kentucky. The organization of such local associations will prove of immense value to live stock growers. They will stimulate progress as they give an opportunity for exchange of ideas and the distribution of good breeds and the association exhibits and auction sales pave the way for excellent county fairs and live stock shows.

The live stock department of the Southern Railway is in charge of Mr. F. L. Word, live stock agent, who has offices in Atlanta. For the next few months he will devote special attention to the formation of county live stock associations and will be glad to co-operate with live stock men in any county along the Southern Railway. A letter addressed to Mr. Word will bring a prompt reply and will secure his active interest. He will be glad to hear from those who may wish information as to the advantages of local associations or the best methods to adopt in organizing them.
