Dr. Jeffries Position Commended. Dispensary Condemned.

Mr. Editor: The cold, the snow, the rain and the freshet! Yet Providence has been good to us. We are yet living in good health, able to work and enjoy three good meals a day.

Our hills have been beautiful for the last ten days, covered with peach blooms. The foliage has just commenced to make its appearance, and we are hopeful of a bountiful harvest, which will be, if there is no more killing frost.

Mr. W. S. Middleton and W. M. Rowland, each have a car of fertilizer for their trees. Mr. Middleton has placed his order for six thousand crates.

There has been very little farm work done. Messrs. Middleton and Rich are ordering car after car of guano for the farms, which is a sign that we expect to plow after awhile.

Messrs. W. S. Middleton, and H. E. Bunch each purchased a fine mule this week. We have been working the roads and have more to do, unless we are stopped by the officer of the law.

I am proud of the stand you take in regard to the rotten dispensary. I always thought you were a man of back-bone, now I know it. Give me a man with a back-bone as big as a tent pole, who is not afraid or ashamed to denounce evil. I despise a double back action, revolving turn somer-sault man. I endorse Dr. Jeffries' position. If you are going in to make money out of evil, why not take all in? There are other and cheaper evils that bring in a handsome revenue. The idea of investing a dollar to make ten cents. Why not give the dollar instead of throwing it away? I can safely say that 99 per cent of Clark's Hill will vote "agin" the dispensary.

I was talking to a railroad con-

ductor about the hardships of a conductor's life. He said "it's not near so hard since Georgia passed the prohibition law. No drunken crowds to handle." I said, "do you think prohibition beneficial?" "Why certainly" he said. I care not what anyone says, there is not one tenth the liquor drank now as heretofore. Of course there is no hope for an old sot, but you can no more keep a crowd of drunkards than you can a standing army without a recruiting office. The old sot will soon pass away. It is the young men, the hope of our country that I am anxious about. The dispensary is the finest recruiting office that it is possible to establish, which no one can deny. We will meet them at the ballot box. I have confidence in the manhood of Edgefield county.

Mr. J. P. Nixon and J. P. Jr., spent Thursday and Thursday night in Augusta with relatives. Little Miss Hattie E. Nixon is doing fine and pretty as a peach.

Our telephone system has been overhauled by Messrs. R. H. Middleton and S. T. Adams, and is in fine talking order.

My baby has just phoned me for five dozen eggs for Easter, which she shall have if I do not set another hen this year.

Come over and eat strawberries and cream, with me, and enjoy the fresh air and water.

Yours truly,
Sol.
Rubenstein.

Danger In Delay.

Kidney Diseases Are Too Dangerous For Edgefield People to Neglect.

The great danger of kidney troubles is that they get firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, and Bright's disease, follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with the reliable and safe remedy. Doan's kidney pills, which has cured people right here in Edgefield.

Mrs. M W Padgett, Edgefield, S. C. says: "Off and on for several years I have used Doan's kidney pills and I know them to be an excellent medicine. When kidney trouble made its appearance in my case my back began to pain me and I felt tired and restless. I lost much sleep and it was not until I began taking Doan's kidney pills that I found relief. They are the best kidney medicine I know of and I gladly recommend them for the benefit of other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Puts End to Bad Habit.

Things never look bright to one with "the blues." Ten to one the trouble is a sluggish liver, filling the system with bilious poison, that Dr. King's New Life Pills would expel. Try them. There's Some Class

to the cart, buggy, phaeton or other carriage bought here. Style, grace and strength are apparent in every one. If you are thinking of purchasing a carriage you won't do yourself or us justice unless you come and see what we have to offer.

Any horse will stand to be hooked up after he has once had a set of our harness on him. He knows there's going to be no chafing or galling, no strain where there shouldn't be any. You'll be just as satisfied as the horse too. For you will have a harness that will wear as well as it looks, that will cost you little and serve you long.
