Revival Meeting.

Rev. Pierce Kinard will bring his tent to Edgefield and begin a series of revival services on Sunday, October 20. For the past two weeks he has been conducting a similar meeting at Johnston. Besides being accompanied by Mr. John Landrum, the very gifted pianist, Mr. Kinard has with him a gentleman who conducts the music. On several occasions revival services, tent meetings, as they are frequently called, have been conducted here by this evangelist with signal success. It is generally conceded that this is a very opportune season for such a meeting in Edgefield.

Fall Teachers' Examination.

According to the announcement the county board of education held the regular fall examination last Friday for issuing certificates to teachers. There were nine young ladies and two young men examined in the office of the superintendent of education, and about 30 colored people, most of whom were women, were examined in the court house. County superintendent of education Fuller and the members of the board are fair and impartial in dealing with the applicants but certificates will not be issued in any case unless a satisfactory examination is passed. In thus enforcing compliance with the school law these gentlemen are right.

Woman's Christian Temperance Union.

On Monday afternoon the regular meeting of the Woman's Christian Temperance Union was held at the home of Mrs. J. L. Mims. An account of the recent state convention in Anderson was given by the president, and officers elected for the ensuing year as follows: president, Mrs. J. L. Mims; vice-president, Mrs. J. R. Walker; recording secretary, Miss Viola Mellichamp; corresponding secretary, Mrs. W. L. Dunovant; treasurer, Mrs. J. E. Hart. Plans were discussed for the coming year's work; among other things a rest room at the county fair, the observance in all the Sunday schools of World's Temperance Sunday and a reception for the teachers in the near future. Refreshments were served.

S. C. C. I. Notes.

The president and faculty of the S. C. C. I. are always looking out to do the very best that they possibly can for their patrons and students and to keep abreast of the

times. Like the majority of the first-class schools of high order in South Carolina they have adopted the plan of two sessions per day. The chapel service now begins at 9:00 a. m. and recitations run until 12:40 p. m. An hour is then given for lunch. At 1:40 recitations begin again and continue until 3:40. This enables the teachers to give more personal attention to the students and far better work can be accomplished. Then again from a health standpoint it is better, the former plan of going until 2:30 without dinner being ruinous to the health of the teacher and student. Another advantage, especially to the day students is that they do not have to start school so early in the mornings. Formerly about one-third of the day students would come in after the first recitation was half over, which frequently caused them to get behind in their classes.

There is no question about the fact that the change is a wise one and after everybody gets accustomed to it they will see the wisdom of the same.

Students and teachers are now down to regular work. Home-sickness is about a thing of the past and everything is running along smoothly. H. H. S.

Plum Branch News.

Yesterday, October 3rd, brought a bride and groom to our town. Mr. John Henry Wideman and Miss Rosa McDaniel were married on the 2nd inst., at the home of the bride's mother, Mrs. Lula Hardin McDaniel of Barr. Ga. They came the following day to his home at Plum Branch. While this is Mr. Wideman's second marriage, it is the first at which Rev. B. H. Covington has officiated. He says he was not frightened.

Miss Pessie Barwick, of Blythe, Ga., arrived this week to fill the position of milliner for J. W. Blackwell & Son.

Mr. J. R. Body, who was recently elected magistrate for this district, is working for Miller & Co. this fall.

Rev. B. H. Covington put in a

nice new piano to-day, and he is planning to take music. Taking music, cooking and general house-keeping, the care of all his churches makes a busy man out of him.

Mrs. D. P. Self entertained at dinner recently, Rev. J. Earle Freeman and family. Her son Johnnie has just recovered from a severe case of mumps.

Mr. Hawthorn Banks left last Saturday for Atlanta to study pharmacy.

Rev. J. Earle Freeman and family spent last Saturday and Sunday in White Town, attending service at the school house Sunday afternoon.

Mrs. W. H. Parks spent the 29th and 30th ult., in Augusta.

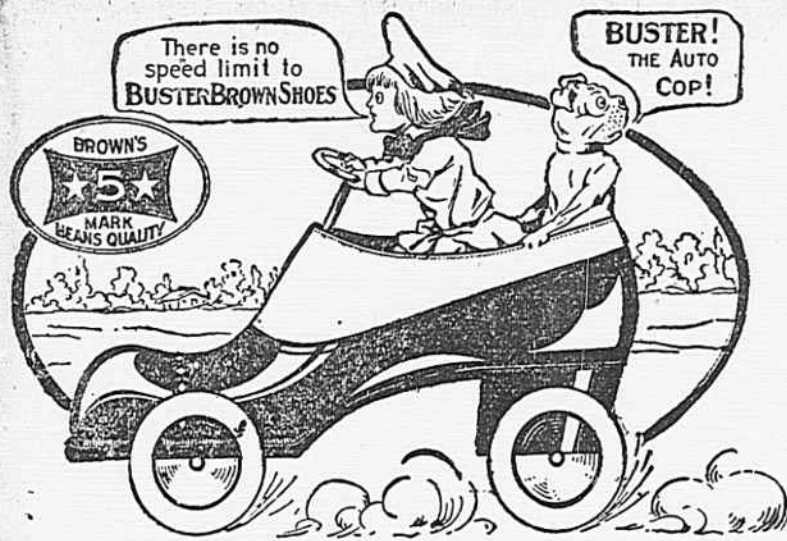

The Plum Branch high school has enrolled 86 pupils, and the sessions begin at 8:30 and close at 3:30. Miss Lowman, in addition to

her class-room work, teaches a small class in music. Miss Crouch also gives lessons in music to the children of Mrs. B. D. Kitchings with whom she is boarding. Prof. Fewler seems to be getting a good grip on his pupils and on the community, and the work is moving on smoothly.
