First Letter From Edgefield's Missionaries Since Sailing From New York.

Dear Advertiser: We are only about five miles from land now—in a perpendicular direction downward! And day after tomorrow afternoon we hope to set foot on what "Pat" called "terra cotta"—that will be at Fishguard in Wales, from which we go via Cardiff (also in Wales) to London by rail. As the newspapers tell us that another revival has broken out in Wales, we will feel a deeper interest in the country through which we pass.

We thank you and all the kind friends who responded to your suggestion for that Atlantic ocean of steamer letters and post cards. It was a sweet thought and we deeply appreciate it. But the half wasn't told when you outlined what you supposed would be our last Sunday's work in America! Instead of a talk in Brooklyn, that day we made seven, six of them in Chinese, at New Haven in the morning, at Brooklyn in the afternoon, and in New York city at night. We dislike to use Sunday trains, but it looked as though it was God's will that we should not decline the urgent invitations. The last of these meetings was a unique one in that it was a gathering of the Chinese Christians of all denominations of greater New York. Wish you could have been with us and could be with us all the rest of the way.

With best wishes for The Advertiser family, your brother and sister,

John and Carrie Lake.

NO PAINT.

The worst mistake in painting is not putting off. That costs about 10 per cent; you keep your money a year and pay 10 per cent for it.

Paint would have to come down 25 percent to make 10 per cent on the job, for wages do not go down. The worst mistake is "cheap" paint. It costs from 50 per cent to 100, first cost, and another in wear. What a liar "cheap" is! "Put off" is bad enough; "cheap" is ten times worse. The Edgefield Mercantile Company sells it.

Importance of Healthy Kidneys.

Edgefield Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching frequently begins and is often accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's kidney pills, a remedy for the kidneys only that has been used in kidney troubles 50 years. You will make no mistake in following this Edgefield citizen's advice.

Mrs. J. T. Pattison, Edgefield, S. C., says: "I have given Doan's kidney pills a thorough trial and I know them to be a splendid kidney remedy. On several occasions I used them and received lasting relief from kidney trouble. I do not hesitate to recommend this remedy as the best one I know of for kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
