Our friend Jack Harling, one of the foremost farmers of the Colliers section, is an early bird. He was among the first persons from a distance to appear on our streets this morning. Jack says the cotton in his section is fine but that the old corn has been injured by the drought. The prize acres have suffered along with the other corn.

Johnny and his mother were dining with a friend, says Judge. The first course was chicken soup with macaroni in it. The hostess watched Johnny as he sat quietly gazing into his plate. Finally she asked: "Why don't you eat your soup, Johnny?" "I don't care for it please, m' am." "But your mama said you liked chicken soup." "I do like mama's chicken soup, but she don't put the windpipes in."

A GOOD LETTER

The following letter from Hon. Fitz Hugh McMaster, Insurance Commissioner, is greatly appreciated by the officers, stockholders and policy holders of the first legal reserve Life Insurance Company ever organized in South Carolina.

Columbia, S. C., May 14, 1913.

Mr. T. O. Lawton, Manager, Southeastern Life Insurance Co., Greenville, S. C.

Dear Sir:— I had occasion recently to review in part the progress of insurance since I have been Insurance Commissioner.

I was struck with the fact that, when I became Insurance Commissioner, the Southeastern Life had total assets of about \$34,000. It has now assets of about \$380,000, practically increasing 200 per cent. in four years.

When I realize that all of these assets are invested in South Carolina securities and that every dollar you spend for officers' salaries and expenses is spent in South Carolina, I can but realize the excellent work you are doing in South Carolina in keeping this money in the State which would otherwise go beyond its borders, part of it never to return. The people of South Carolina should appreciate this fact.

Very truly,
(Signed) F. H. McMaster,
Insurance Commissioner.

(Note: Since the statement to Insurance department the assets have increased to \$430,000.00.)

C. M. Mellichamp,
Local Agent.
