

Prudential Rates

I am a Candidate for the Prudential Hundred Thousand League this Year

Help me to the goal, that I may win one of the best Life Insurance trips. I have a good start so far of the one hundred thousand.

As we have something better than others, and something better than usual, I feel warranted in a good sum advertising expense to inform the people. To give you an idea of the dependable soundness of the PRUDENTIAL'S Policy and its popularity, the Company issued and revived more Life Insurance in one year (1916) last year, than any other of the more than 260 companies operating in the U. S. had in force from its entire record of existence, excepting eight, according to the Blue Book published by the Spectator Company in 1916.

Age Nearest Birthday	Whole Life	20 Payment Life
20	\$14 83	\$22 43
25	16 61	24 41
30	18 91	26 81
35	21 90	29 76
40	25 85	33 46
45	31 18	38 24
50	38 83	44 61

The Prudential Issued and Revived in 1916 \$591,000,000 Life Insurance

THE REASON: The PRUDENTIAL has the STRENGTH of GIBRALTAR. It has the lowest rates with annual dividends, further reducing the premiums. The policy is plain with no catches. The policy provides without cost, that if the holder becomes physically disabled, he is excused from paying the premiums, and this without effecting the policy.

You can surrender a 20-pay life policy with annual dividend off at the end of 20 years to the Company for more cash than you have paid the Company. Drop me a card and I will see you.

Celebrated Seventh Birthday.

Several hours of Tuesday afternoon were made to seem very short to the little folk who were honored with invitations to the birthday party of little George Edward Sheppard which was given by him at the home of his grandparents, Mr. and Mrs. Orlando Sheppard. Various contests and games that are of especial interest to children were engaged in until all grew weary and then they were refreshed by delicious ice cream and cake. A number of the guests presented the popular little host with some token of affection and the host presented each guest with an attractive whistle, something that every little boy prizes as much as big brother does an automobile. The pleasure that each little guest derived from the very delightful occasion is reflected or evidenced by a remark made by one little fellow upon reaching home: "When I have a party I want one just like George Edward's."

Hundreds of Acres of Food Crops.

While in Charleston last week, the editor of The Advertiser took an automobile ride of 15 miles one afternoon up the Ashley river to Magnolia Garden, which is universally conceded to be one of the beauty spots of the world. A description of its bewitching beauty, at this season, would baffle a poet. However, that is not the feature to the joy-ride which we set out of

mention. For almost the entire distance we passed through fertile acres devoted exclusively to truck farming. How we did wish, at this time when growing foodstuffs is being stressed, that hundreds of Edgefield county farmers could see the sights of the Ashley. Much of the land had been drained and several hundred acres planted in Irish potatoes, beets and cabbages, all except the latter being about ready for market. In some of the potato fields—not patches—there were scores of negro women at work stooping as if they were picking bugs from the potatoes. The speed at which our chauffeur was traveling made it impossible for us to see just what was being done by this small army of low-country women. The acres upon acres of food crops presented an inspiring sight. Upon our return home our few rows of potatoes appeared as only a grain of sand on the seashore. However, if the bugs will not be too greedy, we hope to make enough potatoes "to do us."

An Aged Lady Sustains Injury.

The entire community was greatly depressed Tuesday afternoon when it became known that Mrs. Victoria Evans had fallen and fractured her hip. She was visiting in the home of Mrs. Orlando Sheppard and fell while in the hall. A physician was summoned and she was removed to her home. After making a thorough examination the physicians announced that one of her hips was fractured by the fall. Dr. Guerry was called into consultation, reaching Edgefield Tuesday night about 1 o'clock. Mrs. Evans is receiving the best possible attention and is resting as comfortably as could be expected.

The sympathy of the entire community goes out to this aged and widely beloved lady who has passed her 80th year.

Are You Economizing Every Way You Should?

People who are using best judgment are those who are economizing every way possible. The best way to economize on cattle feed (especially milk cows) is to feed Buco Meal and Buckeye Hulls. Feed two parts of Meal and three parts Hulls, wet Hulls ten to twelve hours before feeding, then mix

meal, and you will get best results. Both Buco and Buckeye Hulls for sale at the Addison Mills, at a very low price. Good reports from all who have tried this feed.

Address by Rev. Richard Carroll.

The announcement that Rev. Carroll would speak caused a large number of Edgefield people to assemble in Macedonia church Sunday afternoon, almost half of the assemblage being white people. Rev. Carroll and his work are well known in Edgefield. He has been visiting Edgefield at intervals for nearly twenty years, and attracts a larger number of persons to hear him each succeeding visit.

His address Sunday afternoon was preceded by appropriate remarks by Mr. Orlando Sheppard. In his address Rev. Carroll gave his hearers some wise counsel, never at any time using language that would arouse the prejudice or displeasure of any reasonable minded person. He urged the white people to be always kindly and just in their dealings with negroes, and urged the negroes to render honest and faithful service. He also advised the negroes to remain in the South instead of yielding to the allurements of Northern agents. His address was well received in the afternoon, and at night he again spoke, but especially to the colored people.

While Rev. Carroll is in the employment of the Baptist Home Mission board, at this time he is engaged in the cause of civic or food preparedness, and along this line gives his people some advice which will be of great profit to them if heeded. Whenever Rev. Carroll comes to Edgefield hereafter he will be cordially welcomed, as he always proves

to be helpful to the people among whom he mingles.

THAT MORNING LAMENESS

If you are lame every morning, and suffer urinary ills, there must be a cause. Often it's weak kidneys. To strengthen the weakened kidneys and avert more serious troubles, use Doan's Kidney Pills. You can rely on Edgefield testimony.

Mrs. G. T. Padgett, Edgefield, says: "My back ached and pained all the time. In the morning when I got up, I was so sore and stiff that I could hardly bend over. I tired easily and it was an effort for me to do my housework. I also had headaches and dizzy spells and my sight blurred. I got Doan's Kidney Pills, at Penn & Holstein's Drug Store and they relieved me from the first. Whenever my back gives me any trouble now, Doan's Kidney Pills never fail to give me relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Padgett twice publicly recommended. Foster-Milburn, Co Props., Buffalo, N. Y.

Concord, N. H., Jan. 11, 1917
I was sick six months last year and the doctor told me to go to Florida. I got some Granger Liver Regulator in Florida and it did me good. I brought four boxes home with me and now I am feeling a great deal better.
