

## FOR OUR COMING LYCEUM COURSE

Attractions for Season of 1917-1918 Announced.

ALL TASTES CONSIDERED

Local Committee Provides Select Year's Program at Popular Prices.

With more than 15,000 Lyceum courses in the United States, averaging five numbers each and attended annually by 10,000,000 people, the supply of clean, wholesome winter's entertainment in this country is enjoying a substantial and healthy growth. Thousands of towns and cities have learned from experience that a Lyceum course is beneficial to community life in many ways. Only entertainment which is worth while can grow and stand the test of years as the Lyceum movement has done.

For the coming fall and winter in our community a choice program has been selected by the local auspices, and tickets will be sold at popular prices. A description of each number in this course follows:

### THE GREAT LAURANT AND HIS COMPANY.

At a meeting in New York, attended by 300 magicians, Eugene Laurant was decorated with a beautiful gold medal and later at a meeting of Chicago magicians he received another gold medal. This illustrates the high standing of the great Laurant among those of his profession as well as the public. He has also appeared on several occasions before societies of scientific research.

Each year Laurant changes his program, introducing big new features, both tricks and illusions. This season he is to have three assistants. One of these will be Miss Helen Barnard, a cornetist of great skill.

A beautiful musical opening has been arranged wherein Miss Barnard will

take the part of trumpeter. She will also brighten up the intermissions with her musical monologues.

Mr. Laurant will also have his own pianist; also a stage assistant to handle his many properties.

The production of the coming season will be equipped in the usual lavish manner that has characterized all his entertainments, the stage settings surpassing in beauty all previous efforts.

For more than seventeen years the Great Laurant has been a Chautauqua and Lyceum headliner. For more than ten years he has appeared under Redpath management, a fact which speaks for itself.

During the years which he has devoted to the Lyceum platform many offers from vaudeville and theatrical managers have been turned aside by Mr. Laurant because he believed in the Lyceum as a greater field in which to present his work.

### EVELYN BARGELT.

As a cartoonist and entertainer Miss Evelyn Bargelt is notable for her originality. Her program begins with a group of chalk drawings, and from this feature she proceeds with her delightful readings and sketches.

Following Miss Bargelt's entertainment in a Florida city not long ago one of the newspapers commented as follows: "Her very first appearance created great applause, and the volume of appreciation and enthusiasm grew as

the entertainment progressed. Her work throughout was of the very cleverest sort and different from the old-time chalk drawer's work."

During the entertainment Miss Bargelt introduces a number of interesting features, one of which is to select some writings, either poetry or prose, which she reads to the audience and at the same time presents it in picture form. Thus she gives her audience a double conception.

Her pictures appear on the canvas as if by magic, beginning with a few simple words and ending with a gorgeous and handsome production. Her crayon work is as comical as her more dignified sketches are beautiful.

Miss Bargelt's highly pleasing personality is another feature which adds greatly to the success of her programs.

### THE HONOLULU ENTERTAINERS.

The program of the Honolulu Entertainers contains more variety than any heretofore offered our patrons. There will be vocal solos, readings, pianologs and instrumental duets, and solos on a great variety of stringed instruments. The program will feature Hawaiian music and instruments of various kinds, as well as American numbers.

James Ramsey Frew, manager of the company and baritone soloist, graduated from the Linder School of Music, New Castle, Pa., 1912; played violin with the Linder Orchestra, 1912-13; played banjo and mandolin with Gibson Plecter Octette the same season; spent summer of 1913 in Hono-

lulu playing various Hawaiian native instruments; summer of 1915, member of Klollan's Hawaiian Quintette; summer 1916, leader University Players on Ohio Redpath circuit; winter 1916, leader Pall's Hawaiian Trio. Mr. Frew plays nine different instruments. He also makes records for the Starr Phonograph Co.

The program including the numbers of the soprano and pianist will take about one hour and thirty minutes, and will furnish an evening of strictly Lyceum entertainment of the highest quality.

### LIEUT. DONALD M. MCGIBNEY.

In view of the present world conditions the local lyceum committee feels especially fortunate in being able to announce a vital war lecture for the coming season. Lieut. Donald McGibney of the American Ambulance Corps in France will tell of his thrilling experiences in the seat of European strife. He will appear in the uniform which he wore for several months of strenuous duty among the suffering heroes of the allied countries.

Lieutenant McGibney is an American college man who at the outbreak

of hostilities abroad was a teacher in a Christian College in Turkey. He made a thrilling escape from that country and went immediately to Paris. It was not long until he was driving an ambulance. His experiences on the battlefield and in hospital form a story that is graphic, in addition to being wonderfully told.

Those who have relatives or friends in the American army will be especially interested in hearing this great story from a young man who has done his bit and is still at it, using every ounce of his energy to promote the government program of preparedness and fitness.

## Southern Railway System

### An Ambition and a Record

THE needs of the South are identical with the needs of the Southern Railway; the growth and success of one means the upbuilding of the other.

The Southern Railway asks no favors—no special privilege not accorded to others.

The ambition of the Southern Railway Company is to see that unity of interest that is born of co-operation between the public and the railroads; to see perfected that fair and frank policy in the management of railroads which invites the confidence of governmental agencies; to realize that liberality of treatment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better service; and, finally—

To take its niche in the body politic of the South alongside of other great industries, with no more, but with equal liberties, equal rights and equal opportunities.

"The Southern Serves the South."
