### An Appeal For War Savings Stamps.

To the People of Edgefield County: The cloud of militarism which for the past 30 or 40 years menaced Europe, began, a little more than four years ago, to assume proportions which indicated a world-wide nature. So far reaching was it that 9 months ago its shadow of gloom covered our entire fair land; at times it would grow darker, again the rifts would show the silver lining until the 11th hour of the 11th day of the 11th month of 1918 the silver lining broke away and the golden beams of Peace on Earth forever dispelled the Prussian Hohenzollern German militarism from the nations of the earth.

Directly we did not seem to be in danger but indirectly even our very existence was threatened. In the signing of the armistice we have numerous reasons for rejoicing and thanksgiving, and it is a matter of far greater importance than many of our citizens may think, but in the midst of our elation we must not forget that our country is still in a state of war and will remain so for months yet. Our once enemies of the Central Alliance will have to be kept under martial law until some stable or permanent peace terms may be negotiated and indemnities and reparation for damages fixed and levied.

In all this "our boys over there" will doubtless exert the greatest influence when they will garrison forts, munition factories etc. and do police duties in all the important cities of our enemies, for without their presence the armistice with its terms would be a mere scrap of paper.

Now to keep our army of two or more million in Europe means an enormous expense. The only difference between the cost for the months they will yet remain over there and the corresponding number of months in the past to this date is the ammunition and guns.

The men will have to be cared for in every way as in the past, for food, clothing, hospitals, Y. M. C. A etc., and to do this our government depends upon the bonds you buy, your donations to the United War Work, and on the pledges you made and are expected to make for W. S. S. Your pledge for W. S. S. was a most solemn obligation. It was made more solemn and sacred by the fact that the government asked for no security to guarantee the payment. Now the time has come to fulfill the promise. Are you doing it? Let's see.

It will be of interest to you to know that the quota for this county for the June campaign of the W. S. S. was \$220,000 and during that campaign of the W. S. S. 3,946 whites pledged \$177,945.00 and 3,698 coloreds pledged \$51,100.00 making a total of 7,644 pledges aggregating \$229,045.00 thereby exceeding our quota by \$9,045.00.

Now are you filling these pledges? The total amount for the year to date received for stamps by the post offices of the county aggregate only \$104,000 face value and allowing for stamps purchased from postoffices in adjoining counties indicates that only about one half of our pledges have been redeemed. This is not a very creditable evidence of loyalty at home against that of the boys in France. Only a month and a half of 1918 remains and the June pledges not half paid. See to it that you fill your pledge by December 1st.

During the first week in December our people will be called upon to complete the year's quota. The amount that will be called for in December will be \$333,000. That will make the quota for this county for this year \$561,000. In a few days cards will be mailed to every subscriber of W. S. S. asking if you have filled your pledge and what additional amount you will pledge. Each card will have a return card attached which you are earnestly requested to fill out, sign and return to the County Chairman. It is hoped that every subscriber will purchase his W. S. S. before he receives these cards that he may so report it on the return card.

The Kaiser told the Ambassador General before America entered the war that "he would take no foolishness from America after the war." He kept his promise and ran away carrying the crown prince and his chief of staff with him. Fill your pledges and let's catch 'em.

E. J. MIMS,  
County Chairman.

### Their Worth Quickly Recognized.

Walter Hill Cantelou and Powell B. Harrison who were in the increment of 10 white men who were sent to Camp Wadsworth last week have both been appointed corporals. Both of these young men have made application for permission to enter the officers training camp and it is very probable that they will be transferred on the 15th of November.
