

Because of the Millions of Ford Cars in Daily

OPERATION

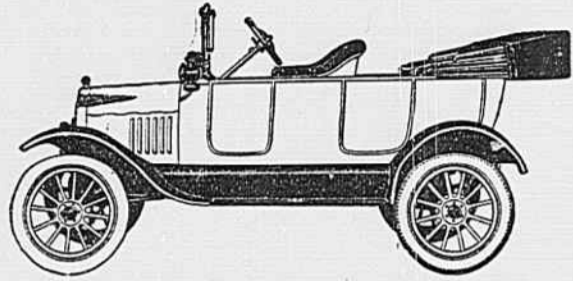

THE UNIVERSAL CAR

the Ford Motor Company will extend the giving of service to owners of Ford cars by selling the genuine Ford Parts to all reliable garages throughout the country, when such garages pledge the prompt and efficient giving of service—the standard Ford service—to owners of Ford cars.

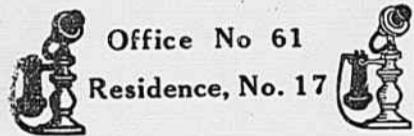

Up to this time, the Ford Motor Company has confined the sale of genuine Ford Parts exclusively to the authorized Ford Dealers. Therefore, many garages throughout the country, while giving service to Ford cars, use duplicate or imitation parts, not made by the Ford Motor Company, although charging the Ford owner the same price as if the genuine Ford Parts had been used.

Garages that use genuine Ford Parts are Yonce Motor Company, Lyon Brothers and Tompkins. When Ford cars are repaired at these garages none but genuine Ford Parts are used.

EDGEFIELD D. A. R. CHAPTER.

Will Begin Work on Roads at Once.

Supervisor Broadwater told the writer Monday that he will begin at once to work the public roads leading from Edgefield to Red Hill and Mr. Walter Brunson's. He has two gangs and will put one on each road. He will work the road to Cleora leading from Edgefield by Mr. D. B. Hollingsworth's on by the Jackson place, instead of the Abbeville road which leads west from Edgefield. When he reaches Mr. J. H. Reel's old home he will straighten the road by going to the rear of the old gin house. Mr. Broadwater has recently put the Ninety Six road in first-class condition.

Birthday Barbecue.

Our good friend, Joseph W. Reece, celebrated his 62nd birthday Thursday and invited a goodly number of his friends to enjoy a feast with him. In spite of the down-pour of rain he prepared a good old-style barbecue dinner and spread it upon a long table under the trees near his home and bade his friends partake. More delightful barbecue meats and hash have never been served anywhere on any occasion. Several kinds of cake was also served after all had partaken bountifully of the meats. Our good friend had his children, several grandchildren and about a score of friends to share the pleasures of his 62nd birthday with him and the day will be long remembered.

For the Relief of Rheumatic Pains.

When you have stiffness and soreness of the muscles, aching joints and find it difficult to move without pain, try massaging the affected parts with Chamberlain's Liniment. It will relieve the pain and make rest and sleep possible.

Real Ford Parts.

When your Ford auto or Ford truck breaks down—they never wear out—you want it repaired with real Ford parts, the kind that are made right and fit right. You can get these parts from garages that buy Ford parts direct from Ford dealers. Do not be satisfied to have your repairs done with parts that are imitations. Read what the Yonce Motor Company says this week about the real Ford parts.

Treat for Red Spider and the Chinch Bug.

Farmers should watch for red spider on their cotton and chinch bug on the corn. Outbreaks have been reported. Call on your County Agricultural Agent if you need assistance. For red spider use Lime-Sulphur solution, 1 gallon to 100 gallons of water, as a spray. For chinch bug dissolve one-half pound of laundry soap in one gallon of boiling water. While it is hot pour in two gallons of kerosene and stir briskly for about ten minutes. Use by mixing one gallon of this emulsion with fifteen gallons of water and drench corn by using a watering pot or "squirt gun."

Mr. W. A. Byrd Honored.

The Advertiser salutes Colonel William A. Byrd and offers sincere congratulations for the honor that Governor Robert A. Cooper has conferred upon him by appointing him a member of his staff. In his selection, too, Edgefield county has been honored. The Advertiser knows of no one who will wear the honor more worthily than Col. Byrd. Therefore, we congratulate Gov. Cooper, as well as Col. Byrd, upon having this worthy son of Edgefield as one of his aides de camp.

Secured His Discharge.

Mr. Newt. Broadwater was in town Monday and was smiling as broadly as a colored brudder at a watermelon feast. His effervescence of spirit was due to the home-coming of his only son, N. L. Broadwater, Jr., who volunteered for service in the navy two years ago. Mr. Broadwater said that as he sat ruminating on his piazza Sunday afternoon he espied a man walking down the railroad some distance in front of his home and soon recognized his boy walking from Bouknight's station. He could not wait for him to reach the threshold, but ran to meet him. Nick volunteered two years ago when he weighed 160 pounds and now he weighs 196. He entered the navy at a salary of \$30 per month and was paid \$60 per month at the time he was discharged. He served as a third-class fireman when he entered the service and when he was discharged he was a first-class engineer. His record was without a mark against him. No wonder old man Newt. is proud of his boy and the record he has made. Who would not be?
