

System Pays

A farmer would be foolish to waste time cradling wheat in these days of the modern grain binder. It's harder work and it don't pay.

This is an age of mechanical conveniences, labor saving devices and efficient systems, and one of the most efficient systems is the present banking system as used by this bank. All up-to-date business men and farmers do all their business through the bank because it is easier and better and it pays! Our system is right up-to-date. We have all modern conveniences and it will PAY you to use them.

The Bank of Trenton, S. C.

HORSES AND MULES

Just received two car loads of horses and mules direct from the farms of Kentucky and Indiana. In this lot you will find all classes of horses, horses for speed, driving horses, saddle horses, and also some elegant farm mares.

Prices right. Everything guaranteed to be as represented.

BETTIS CANTELOU

Gasoline Engines and Wood Saws

One way to get relief from the shortage of labor is to purchase a gasoline engine and a wood saw. We can supply these engines in 1½, 3, 6 and 8-horse power. Besides cutting wood a gasoline engine can be used for pumping water, shelling corn, grinding feed, etc. Surely no progressive farmer can afford to do without one of these outfits. The farmer who has a gasoline engine will tell you that he cannot get along without it.
