YONCE & MOONEY

Rev. G. W. M. Taylor will preach at the Methodist church Sunday morning 11:30 o'clock and evening at 7:30. The subject for the morning hour will be "The Living Church."

We beg of our readers this week that they overlook the shortcomings of this issue of The Advertiser, as sickness in our force has caused us to leave out much matter of interest.

Attention is directed to the advertisement of the Hamilton Auto Co. They sell the Hudson, Essex and Maxwell cars and carry a full line of accessories. A competent corps of mechanics render satisfactory service.

The Corner Store announces this week that it is offering special bargains in millinery goods, comforts, blankets and shoes. Read what this popular store says in its advertisement. Mr. Turner always makes good every statement he makes.

In its advertisement this week the Farmers Bank of Edgefield solicits the patronage of the people. Its combined capital and surplus amount to \$135,000.00 and the total resources of this institution is over \$800,000.00, which is an excellent showing for a country bank.

### Fertilizers Ready For Farmers

Mr. B. L. Mims announces in this issue that he is again representing the Coe-Mortimer Company of Charleston and that he has ready for delivery all of the leading brands of commercial fertilizers. There is nothing on the market that surpasses the Coe-Mortimer Fertilizers. Scores and hundreds of Edgefield county farmers have been using this fertilizer for years and have proved its merit. See Mr. Mims before making your contracts.

### Thomas-Covar.

To the great surprise of their friends, for very few of them knew anything of Cupid's plans, Mr. Alfred Covar and Miss Cleora Thomas motored to Augusta Sunday, being accompanied by several young friends, and were married in the city across the Savannah. Motoring to a near-by city to plight their troths has become a favorite way of many young people, giving added romance to the occasion.

The Advertiser joins their host of Edgefield friends in wishing Mr. and Mrs. Covar a long life of unalloyed bliss.

### Fish Scrap Strongly Recommended as a Fertilizer.

Cope, S. C.,  
September 25, 1919.  
Seminole Fertilizer & Oil Co.,  
Fernandina, Fla.  
Gentlemen:

The fish scrap furnished me, at factory price as a stockholder in your company was highly satisfactory; and I want to thank you for your absolutely fair treatment in all our business dealings.

There's something about this whole enterprise that "rings true" and I am convinced it is an opportunity such as has never been offered before to farmers. I would not part with my stock, and could place some more for you if you wish me at any time to do it.

My cotton, in spite of adverse conditions, is making a good yield—some of it two bales per acre. My only source of ammonia was "Our Fish Scrap," that sounds big. Well, I am proud of it.

Thanking you again I am,  
MRS. EDNA I. TRAYWICK.

NOTE:—The above is a copy of a Letter from Mrs. Edna I. Traywick, of Cope, S. C.

Johnston, S. C.  
August 15, 1919

Seminole Fertilizer & Oil Co.,  
Fernandina, Fla.

Dear Sirs:  
I am a stockholder in the above fertilizer company and have used fish for my crop this year. It is my opinion that acid phosphate and 12 per cent Fish Scrap, one-third scrap, is the best fertilizer a farmer can use. I am delighted with my stock and would not sell it for any reasonable consideration.

Yours truly,  
W. E. PARDUE.
