My Good Health

"Isn't it curious by what simple means good health is often obtained? A month ago my physical condition was everything it ought not to be, for a man holding down a job and supporting a family. I was wobbling on the edge of a breakdown. Today I am a new man. I have the zip of a racing colt and the digestion of an ostrich. I am really healthy, and certainly happy. And, after all, isn't it health that makes for joy in life? And what is health but regular functioning of all the bodily organs—principally the organ of waste elimination?"

"Just a bottle of Nujol taught me that. Nujol introduced me to regular bowel movements—pointed out the true road to health. And, when you study it out, the Nujol way is really the only logical method of treating constipation."

"Instead of forcing or irritating the system, like the cathartics and laxatives I had been taking, by an entirely new principle *Nujol simply softens the food waste*. This helps all those little muscles in the walls of the intestines, contracting and expanding as they should, to squeeze the food waste along so that it passes naturally out of the system."

"It prevents constipation, because it helps Nature maintain easy, thorough bowel movements at regular intervals—the healthiest habit a person can have."

Nujol is sold by all druggists in sealed bottles only, bearing the Nujol trade mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet, "Thirty Feet of Danger".

IT'S NOT WHAT YOU MAKE BUT WHAT YOU SAVE THAT COUNTS

EVEN a dollar that you spend foolishly, every proportionate amount of money that you earn that it would be possible to save and do not, is only money that you have to work for again. On the other hand every dollar you put in the bank is money that is going to constantly work for you. Which is the best; money always working for you, or you always working for your money. Come in and start that bank account. Don't put it off another day.
