

Can't Satisfy Everybody

If you spend your money freely people will condemn you as a spendthrift and insist that you really ought to save more. If you are saving and do not spend your money freely they will soon brand you as a "tight-wad."

You can't please them all. Financially, it is up to you to manage your own affairs. Spend enough to supply all reasonable needs, and lay aside a fair amount and deposit it in a good, trustworthy bank like ours as a safeguard against a rainy day. That's our advice.

The Bank of Trenton, S. C.

All checks drawn on The Bank of Trenton can be cleared free of exchange through the Federal Reserve Bank.

This section certainly owes a lot to the automobile

LOOK at it just from the business standpoint, compared with, say, ten years ago—or even five.

Everything speeded up—made easier. Nearly every business man depending on the automobile to transport himself and his products.

That is one reason, perhaps, why more attention is being paid to tires—why tire costs are being figured closer and people are beginning to look for better tires.

We believe that people are entitled to better tires—the best they can get.

Not only the man with the

big car, but the man with the small car, and the medium sized car.

We represent U.S. Tires for that reason—because their policy is the same as ours—every tire as good as you can get it, regardless of the size of the car it is to go on.

It was that policy which led to the introduction of the straight side automobile tire, the pneumatic truck tire.

And you can't beat it.

U. S. Tires are guaranteed for life, with no limitation of mileage.

It will pay you to talk to us about tires, if you are looking at them from a business standpoint.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

What is a healthy Baby Worth?

Dollars don't count, do they?

Make sure your baby is healthy during the teething age. Protect it against the derangement of the stomach and bowels which usually accompanies teething.

During this stage baby's diet should be carefully looked after. Give it from five to ten drops of Anti-Ferment for "Children" after each feeding.

Anti-Ferment is absolutely harmless to even baby's little stomach and very effective. Your druggist has it.

"Ask those who have asked it."

Campbell's ANTI-FERMENT

For mild disorders of the stomach and bowels.
