

What Edgefield's Fordson Owners Say

tors have never been worked before and for every purpose imaginable—plowing, discing, harrowing, rolling, drilling, ginning, haying, harvesting, threshing, filling silos, sawing wood, dragging and grading roads, and many other jobs.

DURING the past year the Fordson Farm Tractor has demonstrated that it is the World Leading Farm Tractor. Over 150,000 users testify to this fact. The FORDSON is revolutionizing farming.

The Fordson is being used as trac-

L. D. HOLMES

I have used the Fordson I purchased from you for about four months and it has given entire satisfaction. I have used it to pull McLean Disc Harrow, to pull my binder and to run thresher and with it I threshed all my grain. It does good work and all that has been claimed for it. The only trouble I have had at all has been some spark plug trouble and I have been advised that that can be remedied easily.

I am glad to recommend it to any one desiring a good serviceable tractor at nominal cost of upkeep.

Johnston, S. C.,

J. M. VANN

To Whom It May Concern:

This is to certify that I have purchased from Mr. H. G. Eidson one Fordson tractor, and that I am well pleased with same. It has been reported that I would be willing to accept \$50 less than same cost me, but that report is absolutely false, in fact, if I could not obtain another just like it I would not take \$50 more than I paid for same. It has given perfect satisfaction in every way, and I highly recommend it as the best tractor on the market at anything like its cost.

Trenton, S. C.

E. W. WILSON

In reply to your request, beg to advise that I am entirely satisfied with the Fordson Tractor I purchased from you in the spring. It has shown best results of anything on my place, in the shape of farm machinery. I can tell to the foot where I started plowing with the Fordson, and the results have more than justified my purchase. The service on tractor has been all that I could ask for and has been given promptly.

Johnston, S. C.

September, 18, 1920.

J. W. COX

In the early spring of this year I purchased from you a Fordson. The service of this machine has been very exceptional, both as to quality of work and amount. It is easy to operate and the operation is most effective.

Spark plugs have caused some trouble. Other than this the tractor has been entirely satisfactory. My tractor has done a vast amount of work and I believe it to be practically as good as new.

It is a pleasure to recommend it.

Johnston, S. C.

September, 18, 1920.

P. B. DAY, JR.

The Fordson tractor which I purchased from you last May has proven perfectly satisfactory with the exception of some minor troubles, which have been adjusted by you without cost to me.

For field work, especially, I have never seen any tractor that can surpass the Fordson.

I cut practically my entire grain crop with it and sowed my peas with a grain drill and I expect to cut my hay, using this tractor in the place of mules.

I can easily say that it will cover from 25 to 75 per cent more ground in cutting grain than mules will.

In using the Fordson the fuel cost is about 50 cents per acre.

September, 16, 1920.

W. P. JOHNSTON

I beg to say that I am an owner of a Fordson tractor and that it has given satisfaction, that I am well pleased with it, and would not be without it for anything like its cost. I can tell the difference in my farm where the tractor worked. It has done all that you said it would and more.

Johnston, S. C.

J. T. BARNES

I have used my Fordson for nearly every kind of work done on the farm and do not see how I could do without it. It has given entire satisfaction. I have always been able to get parts whenever needed, and I highly recommend the Fordson to any farmer desiring quality and efficiency in a tractor.

Johnston, S. C.

G. T. SWEARINGEN

The Fordson I bought from you this spring has given me absolute satisfaction. When I bought it I asked that you teach one of my negroes to run same, and the only trouble I have ever had was from spark plugs and that was minor.

If crops are not too short I intend to buy another.

Trenton, S. C.

September 17, 1920.

JAS. R. CANTELOU

The Fordson tractor bought of you, I have used for the past season for drawing grain binder, threshing machine and double disc harrow; it has given entire satisfaction, both at the draw bar and belt work.

I find it practically indispensable during the busy season, and a great relief to my stock, especially in hot weather.

Edgefield, S. C.

September, 18, 1920.

R. N. BROADWATER

I have a Fordson Tractor giving perfect satisfaction with grain drill, grain binder, wood saw, disc harrow, disc plow and ginning 10 bales of cotton per day on 60-saw gin. I do not see how any farmer can do without one.

R. H. NICHOLSON

Last spring owing to the lateness of the season, I found it would be impossible for me to prepare my land with my horses and I purchased a Fordson Tractor and harrow. I have used my tractor for plowing, harrowing and pulling a binder and have found it perfectly satisfactory in every respect. My tractor has been operated by one of my hired hands and has not given me any trouble at all. I think it will be economy for anyone operating a farm of any size to purchase one of these tractors.

September, 16th, 1920.
Edgefield, S. C.

J. F. LOGUE

I purchased a Fordson some time ago and am using it to do the following work: pulling disc plows, Roderick Lean harrows, wood saws, pulling logs out of field and woods, also grading the roads with a Martin ditcher. Next year I intend pulling a binder and threshing machine. I heartily recommend it to do any kind of work on the farm.

W. L. DUNOVANT, JR.

Over a year ago I purchased my Fordson Tractor and I can truthfully say that it has given me entire satisfaction and that it has done all that I asked it to do.

This tractor was purchased several months before you were appointed Fordson Dealers and I, therefore, could not expect you to give service on my machine, though it has required very little attention.

I wish to take this occasion to thank you for the service you have given me and I believe that you could not have looked after me better had I bought it from you.

Edgefield, S. C.

Office No 61
Residence, No. 17

Wednesday, September 22.

LOCAL AND PERSONAL

Miss Elise Lake of Kathwood is here visiting relatives and friends.

Miss Leila Quarles, of Trenton, has been engaged to teach the Horns Creek school.

Mr. and Mrs. Carroll Cogburn and the children spent the week end with Mr. and Mrs. W. B. Cogburn.

Misses Marie and Sophie Abney have returned home after the summer spent with Mrs. Maner Lawton and Mrs. A. J. Ives in Savannah and other places.

Miss Susan Adams, who has been spending the month in Edgefield has returned home preparatory to her departure for Salisbury Normal School.

Mr. L. T. May spent the weekend in Ora, Laurens county.

Miss Sallie May Miller, one of Edgefield County's most gifted young ladies has gone to Summerton to take charge of one of the grades in the school.

Mr. Egbert Morgan is taking a rest of a few days here at home before entering upon his senior year at the college of pharmacy of Atlanta.

Misses Ida Folk and Janice Moran, both Winthrop graduates, are now teaching at Inman. Inman is fortunate to secure the services of these efficient and conscientious young ladies.

Mr. B. B. Jones has returned from the hospital in Columbia where he underwent a surgical operation. He is weak yet but is steadily gaining his strength.

If Sol continues to send his rays with such penetrating effect for a few weeks longer all of the cotton will be open. Not until then will many people realize how short the crop is.

The Edgefield Chapter, U. D. C. will meet with Mrs. Bettis Cantelou on Tuesday next, September, 28th, at 4 o'clock. All members are urged to be present as several new officers are to be elected.

The aeroplane which came over from Augusta did a rushing pleasure excursion business here Saturday and Sunday. Scores of people availed themselves of the opportunity of taking a bird's-eye view of the old town and surrounding country.

Attention is directed to the following new advertisements this week: The Economy Store, Israel Mukashy, The Corner Store, Yonce & Mooney, Eidson Motor Company, Dorn & Mims, J. D. Kemp & Company, Rubenstein and the Peoples Bank.

W. E. Lynch & Company is again doing business at the old stand. Instead of the old store, this popular old reliable firm of Edgefield is occupying one of the prettiest store rooms in the State. Nothing else in Edgefield equals it.

The second store room from the lobby of the hotel has been rented by one of the Greeks at \$90 per month for five years. He will conduct an up to date fruit stand and in addition will have a hat cleaning and shoe shine departments, with a pool room in the rear.

After spending some weeks in Edgefield and Greenwood counties visiting relatives and friends of his boyhood days, Mr. E. M. McCreless will leave today for his home in Colorado, Texas, stopping in Augusta and several other places while returning home.

The program for the Presbyterian Institute to be held on the 28th at Trenton is a promise of good things for every woman who will attend. Dr. John Henderson of the Aiken church will make the morning address, and Dr. Sevier of the Augusta church will make the afternoon address. The social feature is to be emphasized, and a regular picnic dinner will be served under the trees.

The Quinine That Does Not Affect The Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 25c.

Mrs. T. L. Nicholson of Chicago is here visiting her parents, Mr. and Mrs. B. B. Jones, this being her first visit to Edgefield since going away as a June bride.

Cotton seed are not bringing what they should, only about half but the Edgefield buyers are paying all that market conditions warrant. There are about eight buyers here, all of whom are eager for seed.

The contractors are going steadily forward with the work on the hotel. The stores will be ready for occupancy in a short time and the hotel proper will be ready by the time the water system is completed.

Mr. and Mrs. E. H. Crews will leave to-day for a visit of several days in Laurens, Mr. Crews' old home. They will motor to Greenwood and take the C & W C. train there for Laurens.

A good thing for the farmers and a still better thing for the Edgefield cotton market was the employment of a government cotton grader. He is giving satisfaction and is drawing cotton from many miles to Edgefield. You can count on getting the topmost cent for your cotton at Edgefield.

Miss Ruth Tompkins has had several offers to teach elsewhere but she has decided to remain in Edgefield this winter. She will teach dancing two days in Edgefield and two days of each week in Augusta, and will also take vocal lessons from Signora Carolina Fabritius.

Sunday last was a very happy day for Mrs. Emma N. Dobson. She had all of her children with her for the day. Mr. W. R. Dobson and his family came up from Beech Island, Mr. and Mrs. Manly Dobson and Mr. and Mrs. O. L. Dobson came up from Augusta. Mr. C. R. Dobson stopped over for several days while en route from Atlanta where he had been to enter his daughter, Lois, in the Washington Seminary.

Make Thorough Canvass.

The executive committee of the local organizations over the county are urged to make a thorough canvass of their respective school districts for members of the Cotton Growers' Association and report the result of their work at the meeting to be held in the Court House Thursday, September 30. Every farmer in the county should rally to the support of this organization.

For Sale.

The Addison building and lot Two story house with sixteen rooms and two halls; fourteen rooms furnished, and all in good condition. The lot contains two acres, fronts on two streets, and two or more building lots can be cut off without injuring the present property. This property is very desirably located, convenient to the churches, school and the business section of town and yet in a quiet and delightful spot for a Hospital, Business College, boarding House or Home, business proposition or investment it is an opportunity which does not come your way every day. Now is your chance. A bargain at \$10,500. Call to see us. Davis Realty Company.

No. 3544.

124 acres of sandy pebble land two miles from Philippi church toward Trenton, three miles from town and one mile from school. About 75 acres in cultivation, five or six in pasture, and forty acres in woodland; two four room dwelling houses, one new and the other one in good condition; also one four room tenant house in fair condition. Fine well, two springs and living stream. Barn, stalls and cotton house. The quality and real value of land in the Philippi section speaks for its self. Price \$10,000.

No. 3545.

Residence and lot in North Edgefield, near high school; six rooms, reception hall and piazza. Barn, garage and feed house. About three acres in the lot, with two of this in pasture with running stream, and good well at the house. A nice home in a very desirable part of town. Price \$6,300.

M. W. SHIVE, Mgr.

FIRE!!

Insure your cotton in the Seed or in Bales. I can give you insurance for short or long term—one day up. The same for corn and other farm products.

Better Be Safe Than Sorry.

E. J. NORRIS, Agt.

For Sale.
