

Classification of Auto Weights Goes Into Effect—Over 80,000 Plates Already Ordered.

Contract for 1921 automobile license plates was yesterday issued by the state highway commission to the National Colortype company of New Port, Conn., according to an announcement by H. L. Thomas, secretary. The plates are to be delivered by December 1, will be 82,600 in number for the first order and garnet and black in color. Of the total number 81,500 are six by 12 inches for automobiles and trucks while 1,100 are to be the smaller size, four by six inches for motorcycles.

This number is not the full estimated requirement, but after these have been received and partly issued more will be ordered when it is seen how many will be needed. License will not be issued next year at the window in the office, but all tags must go through the mails, as it will be impossible to keep up with the handling, even for owners in Columbia.

The new regulations for license charges according to classification of the motor vehicle by weight instead of horse power with automobiles and tonnage with trucks, goes into effect with the issuance of the new plates. Trucks carrying four pneumatic tires will be granted a discount over those with solid tires of the same tonnage. Trucks with two pneumatic and two solid tires will have to pay the full rates.

Motor cars and trucks will be placed in 21 classes, according to weight, the prices for licenses ranging from \$6 for cars under 2,000 pounds to \$200 for trucks of more than four ton capacity carrying hard tires. Motorcycle licenses will cost \$3.

The public is reminded that the license division has been moved to the second floor of the Carolina Life Insurance building on the 1600 block of Main street, and will open up in the new locality tomorrow morning.

Following is the complete schedule of classes for registration of motor vehicles in South Carolina for the year 1921:

- Class A: Automobiles weighing not over 2,000 pounds, \$6.
- Class B: Automobiles weighing not over 2,001 to 2,500, \$8.
- Class C: Automobiles weighing not over 2,501 to 3,000 pounds, \$10.
- Class D: Automobiles weighing not over 3,001 to 3,500 pounds, \$12.

- Class Q: More than four ton truck, hard tires, \$200 and over.
- Class T: Trailers, \$7 and over.
- Class X: Dealers, \$25 for one make and \$15 for each additional make.
- Class Y: Motorcycle dealers, \$25 for one make and \$15 for each additional make.
- Class Z: Motorcycles, \$3.

Wheat Price Slumps 12 3/4 Cents a Bushel. Other Grains Follow.

Chicago, Sept. 24.—Big breaks in the price of wheat took place today largely as a result of agitation for a general cut in food costs. The smash of values in wheat amounted to as much as 12 3/4 cents a bushel and the market closed in a semi-demoralized condition, December delivery at 2.25 to 2.25 1/2 and March 2.15 to 2.16.

In sympathy with the weakness of wheat other grain markets also gave way, and both corn and oats fell to the lowest price levels yet for the 1920 crop.

Heretofore, wheat has been advancing despite the setbacks in the price of other grain. The chief reason ascribed for such strength was huge sales of wheat for export to Europe. Today, however, the stimulus of export business appeared to have lost its influence and especially near the end of the day wheat market tumbled wildly downward.
