Attended Funeral of Uncle.

Mrs. L. Y. Moore went to Columbia yesterday to attend the funeral of her uncle, Mr. J. W. H. Duncan, who was instantly killed Monday night by being run over by an automobile. Mr. Duncan was about 60 years of age and was a prominent citizen of Columbia, having served in his younger days as a member of the city council. He was a retired merchant and an active member of Washington Street Methodist church.

Farmers May Sell Peas.

County Agent Carwile has asked us to announce to the farmers of this county the fact that he is constantly getting letters asking for information about peas in the county that are to be sold. He desires those who have peas to inform him at once as to variety, number of bushels, and price that you want for your peas. At present you want for your peas. At present \$2.50 per bushel and mixed peas at about \$2.25 per bushel. Of course the price is very unstable at present.

Weevils Up and Doing.

Think of it, here it is just the first of May and the boll weevils are up and doing their devilment! Mr. J. R. Scurry noticed a few days ago that the cotton was dead or had disappeared on a portion of a row and upon examination found that weevils were actually now at work on the tender cotton almost before it emerged from its swaddling clothes. If weevils are now sucking the life out of the cotton, even early in May, what will they be doing the latter part of June and early in July?

Play on May 13.

Under the auspices of the American Legion Post of Edgefield county an amateur production, entitled "The Microbe of Love," will be given in the Edgefield theatre on May 13. Wayne P. Sewell, one of the greatest lyceum artists in the United States, has agreed to send one of the many stars which he has presented to the theatrical world, who will conduct the rehearsals and stage a polished and finished production that will be a credit to all concerned. The director will arrive in Edgefield on or about May 5. In the meantime, preliminary preparations for this event will begin. A committee of ladies have kindly consented to assist the Post in selecting a cast who will be fitted for the various roles which this production calls for. Selections for the cast will be from the splendid local material in and around Edgefield.

Beautiful Exercises by the Children.

A large congregation gathered at the Methodist church Sunday morning to attend Children's Day exercises. After the church was filled, with many standing the aisles, a considerable number had to be turned away, which is unmistakable evidence that the people eagerly looked forward to the occasion with pleasant anticipation. The chancel and rostrum were appropriately decorated for the children as they carried out the program. Mr. S. B. Nicholson, superintendent of the Sunday School, acted as master of ceremonies, and he called upon Mr. Willie Ouzts who was present from Harmony to open the exercises with prayer. From the op-

ening to the closing number, the program was interesting and beautifully carried out, all of the children performing their parts in a highly creditable manner. It must have required a great amount of work to prepare so many children, of all sizes and ages, for such a varied and attractive program, and the credit for the splendid success of the day has been given more to Mrs. Lovick Smith than to any other member of the church or Sunday school. She labored tirelessly and unceasingly in making Children's Day at the Methodist church a success. And all who were fortunate enough to be present will say with one accord that the entire occasion was a great success. The exercises were closed with prayer by Mr. W. P. Gordon.

University Alumni to Organize.

The Edgefield County Alumni of the University of South Carolina will have a dinner at the Dixie Highway Hotel on Saturday, May 14th at 2 p. m. The purpose of the meeting is to form a county association so that meetings may be held often.

Mr. R. W. Wade, secretary of the University Alumni Association will be present and possibly one or two other gentlemen representing the athletic association.

Every alumnus in the county whose name is on file in the alumni records has been informed of the dinner by a committee composed of J. Wm. Thurmond, Chesley A. Wells and James O. Sheppard. However, if any alumnus fails to receive notice of the dinner he or she is requested to inform James O. Sheppard at Edgefield as to whether they can attend the dinner. Since there are no funds for the dinner, each plate will cost one dollar.

A Terrible Tragedy.

The friends of Mrs. Orin Reese of Belvedere, who before her marriage was Miss Weinona Mathis, the eldest daughter of Mr. and Mrs. D. T. Mathis of Colliers, were greatly shocked to learn of the terrible accident Thursday which came near costing her her life. Mr. Reese has a small gasoline engine on his premises with which he pumps water into a large tank, and wishing to stop the engine Thursday, Mrs. Reese made an effort to remove the belt or in some other way stop the engine with her foot, as she had seen her husband do a number of times. Her foot or skirt was caught by the belt and she was dragged into the machine violently, breaking and terribly mangling one of her limbs below the knee and also breaking her arm in two places. She was placed in an automobile and carried at once to the hospital in Augusta, where her leg had to be amputated just below the knee. Her arm will be saved. Since the terrible accident occurred her friends have been deeply grieved and distressed. It seems that she escaped with her life as if by a miracle. The last reports were to the effect that she was doing as well as could be expected to have received such a great shock to her system.

We have two Ford cars for sale. One stripped runabout and one 1920 touring car with starter. Price very reasonable.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Theford's BLACK-DRAUGHT

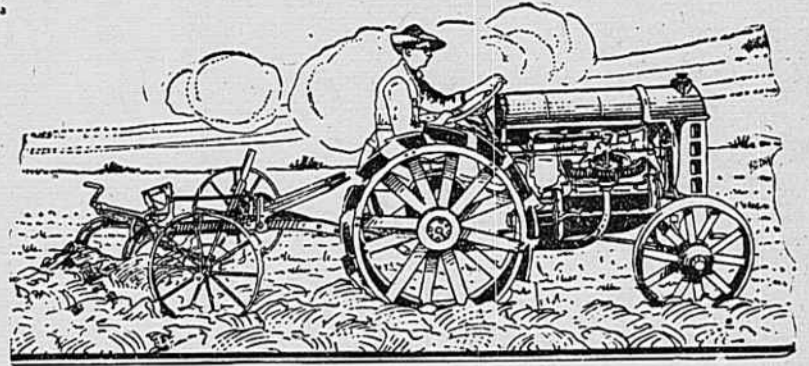

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which griped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."
