

Tourist Family Injured Near Monetta Yesterday.

H. T. Klutz of Benton Harbor, Mich., his wife and their four children, ranging in age from 16 years to 14 months, were all injured early yesterday morning when their Ford automobile ran into Southern railway passenger train No. 19, about 350 yards north of Monetta, 45 miles out from Columbia.

Mr. Klutz, the father, was dangerously injured, it was said at the Baptist hospital last night, his skull having been fractured. He was operated upon shortly after noon, but last night his condition was regarded as critical. Mrs. Klutz sustained a broken collarbone, a gash over the right eye and was considerably bruised about the body. The four children, Charles, Mary, Clayton and Vera, are not thought to be seriously hurt, although they are considerably bruised and suffering from minor injuries.

Train No. 19 left Columbia at 7 o'clock in the morning in charge of Conductor R. A. Boozer and Engineer J. H. Herring. The accident occurred about 8:40 o'clock, Conductor Boozer said last night. The automobile, driven by Clayton Klutz, about 15 years of age, according to the best information obtainable, struck the train about the steps on the engine or the tender, Conductor Boozer said. The car was knocked to one side, turned over and thrown into a ditch. The automobile had almost come to a stop, it was said by those who were at the scene.

Conductor Boozer stopped the train and after giving what assistance he could at the road crossing, placed the injured persons on his train and carried them to Ridge Spring. At this point two physicians were called in to minister to the wounded and the coach in which the injured had been placed was transferred to Train No. 8, coming to Columbia. They were brought here by No. 8 and removed to the Baptist hospital.

There is said to be a cut at the crossing where the accident occurred, making it difficult for an approaching train to be seen.

It was understood that the family was on the way to Florida when the accident occurred, but this could not be definitely established, as newspaper men were not allowed to see any of the injured at the hospital. The attending physician advised against allowing those hurt to talk.

Batesburg, Oct. 23.—A collision between a tourist car and the Southern train No. 19, and Augusta near Monetta this morning resulted in the serious injury of three persons, a man, a woman and a child. Three other children occupying the car escaped injury. The names of the occupants of the car could not be learned, but the car bore a Michigan tag.

From the location and appearance of the wrecked car, it was coming in the direction of Columbia when struck. It was thrown completely over and rested bottom upwards. Various portions were torn loose, leaving the car a complete wreck. The occupants of the car, six in number, were placed on the train and transferred to Ridge Spring to the train to Columbia, where they were taken to a hospital. The man, it was thought, had small chance of recovery, his skull being crushed on the right side. He was not conscious when placed on the train. The woman had a broken shoulder and was injured about the head and body but was conscious. A little girl about seven years old, had bruises about her head and other injuries. A baby about two years old and two small boys were not hurt.

Manners.

Many people who would like to go to an occasional movie have given it up because they are unable to enjoy the show or the music when they get there. The people who talk, the people who snoop and the child who asks questions every other minute have become too obstructive. They take the center of the stage, so to speak, and reduce music and movie to a mere background.

Then there are people who love motor camping or woods picnics, who have found every pleasant stopping place along the road littered with tin cans and papers and debris of all kinds. They used to clean up after the sloppy picnickers before getting out their own luncheon, but nowadays there are so many sloppy picnickers that it has become too discouraging.

A great many automobile accidents are due to the same lack of manners. The attitude of caring for nobody's comfort but their own which is disgusting in the theatre and on the picnic grounds becomes,

23 Women Seeking Seats in Congress.

Washington, Oct.—There are 23 women seeking seats in congress at election in November. Twenty-one are candidates for the house of representatives and two for the senate. All are making an active campaign. Reports to party headquarters indicate that their success will be nominal. It would not prove surprising, it was said, if all but three or four of them should be defeated.

Representative Alice Robertson, Oklahoma, is a candidate for re-election on the Republican ticket. Her district was democratic until two years ago. Mrs. Adeline Otero-Warren, New Mexico, defeated Representative Montoya, Republican incumbent, in the primaries and has the backing of the organization. It is believed she will be victorious.

Mrs. Winifred Mason Huck is the Republican nominee at large in Illinois for the short term to fill the vacancy caused by the death of her father, Representative William E. Mason. In the first Nebraska district Mrs. E. Luella Barton, prohibitionist, is making the race for the short term from December to March.

In North Carolina, first district, Representative Stedman, the only Confederate veteran in the house is opposed by Mrs. Lucy B. Patterson, Republican. In Arizona Representative Hayden, Democrat, is opposed by Mrs. H. A. Guild, Republican.

The Democratic nominees who are seeking election and are making a fight against Republican opponents are:

Ellen Duane, Davis, second Pennsylvania; Jane E. Leonard, twenty-seventh Pennsylvania; Martha Riley, third Wisconsin; Esther K. O'Keefe, thirteenth Indiana; Lillian C. Goula, third Minnesota, and Mrs. St. Clair Moss, eighth Missouri.

The two women candidates for the senate are Mrs. Annie Dickle Oleson of Minnesota and Mrs. Jessie Hooper of Wisconsin. Mrs. Oleson is opposing Senator Frank B. Kellogg and faces a hard fight, while Mrs. Hooper has as her opponent Senator LaFollette, who won the Republican nomination by a plurality of 200,000 in the August primary.

Father Refuses to Shield Son.

Greenwood, Oct. 28.—Running away to sea in a stolen flivver with plans to join a fishing schooner at Savannah, three white boys landed in the city jail here yesterday morning after one returned and confessed to his father, who promptly carried the boys to police headquarters. The three boys in jail are Otho Darnell, 16; Madison and Hubert Westberry, aged 16 and 18, respectively, sons of Mrs. Minnie Westberry of Greenwood. Young Darnell's father, J. R. Darnell, turned his son over to the police authorities. The car, the theft of which all of the boys confessed after being lodged in jail, was taken from the streets here Tuesday night, a short time after J. T. McLees, the owner, had parked it.

Sucking silently on cigarettes, balanced dexterously between their fingers, the two Westberrys listened this morning to Darnell tell the story of their escape, interrupting occasionally to corroborate some statement or to laugh at some amusing feature of the trip. The three boys said they had tried to steal cars before and had ridden in cars they had picked up on the streets, naming the time and place. They wrecked their car between Greenwood and Edgefield Tuesday night and continued their journey to Augusta on foot. They then caught a passing freight train that by chance brought them back to Greenwood.

"I reckon our dad's dead," Hubert Westberry declared in jail this morning, "leastways he ran off five years ago. Me and my brother lived in Savannah and Brunswick, Ga., and were in an orphan school no St. Simon's Island until we ran off. Yes, life on a fishing smack is pretty hard, but I guess we could have stood it; been on 'em before."

FOR OVER 40 YEARS

HALL'S CATARRH MEDICINE has been used successfully in the treatment of Catarrh. HALL'S CATARRH MEDICINE consists of an ointment which quickly acts by local application, and the Internal Medicine, a Tonic, which acts through the blood on the mucous surfaces, thus reducing the inflammation. Sold by all druggists. F. J. Cheney & Co., Toledo, Ohio.

with the power of a gas engine in its control, not only disgusting but dangerous.

What a fine thing it would be if the ill-mannered ones would begin to take thought for others and thus be enabled to realize that in serving the comfort of their neighbors they were at the same time ministering to their own—Sumter Item.

NOTICE OF MASTER'S SALE.

Pursuant to the decree in case of National City Securities Corporation, Plaintiff against B. A. Jordan, et al, in Court of Common Pleas, Edgefield county, S. C., I shall offer for sale at public outcry to the highest bidder before the Court House, town of Edgefield, S. Severe Indigestion

"I had very severe attacks of indigestion," writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Miss. "I would suffer for months at a time. All I dared eat was a little bread and butter... consequently I suffered from weakness. I would try to eat, then the terrible suffering in my stomach! I took medicines, but did not get any better. The druggist recommended

Theford's BLACK-DRAUGHT

and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain.

"In two or three weeks, I found I could go back to eating. I only weighed 123. Now I weigh 147—eat anything I want to, and by taking Black-Draught I do not suffer."

Have you tried Theford's Black-Draught? If not, do so today.
