

G. M. HARMAN, Editor.

Rev. Mr. Leitch concluded his series of revival meetings in Columbia on Sunday night. The attendance was large and the scene is said to have been indeed very touching, as many were moved to tears. A large number professed conversion and many others determined to lead a Christian life in the future.

It is said by corn growers of the West that the country's corn crop will largely exceed the crop of last year, but that the quality will not be as good. In this State there will be found much damaged corn and our farmers cannot account for it.

Monday morning's train on the Wilmington road ran into a large gum tree which had fallen across the track. The engine was derailed and the mail car turned over. Our friend Jesse Malpass was pretty badly scared but not injured.

Rev. P. C. Henkel, D. D., died at his home, at Conover, N. C., on Saturday last, aged 70 years. He was one of the most prominent Lutheran divines.

The 12,000 to 15,000 persons claimed to have been lost by the Johnstown flood have been closely figured up and the estimate is now down to 3,500.

There are now 875 prisoners in the penitentiary.

COLUMBIA is to have a Cotton Exchange.

Washington Letter.

[From Our Regular Correspondent.] Washington, D. C. Sept. 27, 1889.

The President returned to the White House to-day for the season, and once more that historic residence becomes a Mecca towards which all office-seekers bend their way. He will not lack for companionship or occupation for some time. It is stated semi-officially that the first question to be decided will be the appointment of a Commissioner of Pensions. Senator Sherman is trying to get the place for ex-Representative Brown of his State. It is said that he told President Harrison that his removal of Tanager was raising Cain among the Republicans of Ohio and unless Brown was appointed by the Democrats would certainly carry the State. No doubt Mr. Sherman told President Harrison that, in hopes of getting his friend appointed, but among those who know Mr. Sherman best it is not believed that he will shed any tears over the defeat of Foraker in Ohio.

The silver question is going to be a troublesome one for this Administration. The trouble about this question is that what pleases the East does not please the West, and vice versa.

For some reason the idea is entertained among those who ought to know that Frank Hatton, editor of the Washington Post, speaks through that paper of many important public matters for the Administration. It is certain that he refused to print in his paper signed communications from Republicans criticizing President Harrison for removing Tanager, and that the editorial columns of the Post have let that subject severely alone. Looking at the thing from this standpoint Hatton's attack on the civil service law, which has just broken out again in a most violent form is most significant.

Senator Quay, who was here one day this week, is said to have expressed a very uncomplimentary opinion of the Administration which he did so much to bring into office. "Mum," is the word at the Pension office these days. The only talking around the building is done by the attorneys who find it almost impossible to do any business there, on account of the tangle in which everything is in. The new Commissioner has a herculean task before him, one that I would not undertake were the salary four times what it is.

Everything is in readiness for the meeting here next week of the Three American Congress, which will really be only the precursor of the great American Exposition which is to be held in Washington in 1892. This Administration is very careful in some things. For instance, it sent Fred Douglas, Minister of Hayti, from Washington to Fortress Monroe on a Government vessel for fear that the Potomac river steamboats would refuse to take him and his white wife with first class accommodations, and that Fred would raise a big row in consequence thereof. That's what I call diplomacy, but it was rather expensive all the same. The great convalescence of Knight Templars to assemble here early in October will find Washington at its prettiest, and they will be so well treated

that every man of them will become an earnest advocate of this city as the proper place for the World's Exposition of 1892. More than one Democratic member of Congress has expressed to your correspondent the opinion that the Republicans will make no serious attempt to pass a tariff bill at the coming session of Congress. They are afraid of the subject. They know from past experience that it is loaded.

Tanager's letter to private Dalzell printed here this week has proved a veritable bombshell in the Administrative camp. Its veracity is of course, denied, but most people believe it to be genuine. Civil Service Commissioner Roosevelt says it will be partly treachery for a Republican to introduce a bill in Congress for the repeal of the civil service law, or to attack that law. If this be treachery several members of the House are, to my certain knowledge preparing to be traitors to the party. But as Mr. Roosevelt draws a salary of \$7,000 a year, besides liberal traveling expenses, under that law, it may be considered by many people that he is prejudiced.

Dr. Kimball, Director of the Mint, and Col. Switzer, Chief of the Bureau of Statistics, have both resigned to take effect October 15. They were appointees of the Cleveland Administration, and their places were wanted for Republicans. The Navy department has decided to build the two 3,000 ton cruisers at Government Navy Yards. Now keep your weather eye on the yards they go to, and their effect on local politics.

For the Lexington Dispatch.

Items from Caughman's.

Here we come again. Sure as the wheels of time roll on with strict fidelity, so sure we make our bi-weekly visits. Being this week embowered with new duties with which we are not yet well acquainted, our thoughts have been diverted from their accustomed channels and in consequence we will not be able to give you many points of public interest.

Mr. George Banks, of the Rocky creek community, bid adieu to temporal scenes on the 26th inst. He was buried yesterday in Union cemetery. Rocky creek has been rendered impassable by the new bridge of which we spoke before. The public now either pass by on the other side or ford the creek below it. A marble slab should be erected by its side bearing an appropriate inscription thus: "Sacred to the memory of a few Edgfield's hard earned dollars. They died an untimely death from misappropriation at the hands of a confidential servant. Erected by his co-laborers in the cause."

It has been hinted to us, though not stated upon authority, that Mr. J. L. Caughman leaves next Monday to attend Newberry College. Mr. S. J. Derrick, who has been teaching at Pleasant Grove near Etheredge, is now at his mother's Mrs. Cannon. Mr. Fred Derrick and his sister Pauline are attending the Leesville English and Classical Institute, as is also Mr. W. S. Crout, of this side of the Saluda.

Steps are being taken toward recovering Cedar Grove church. Having last year assumed a new dress at the hands of the painter and the old roof being much decayed, it has been thought proper to recover it. The work will be done next spring. Cleveland Academy has secured Prof. S. S. Linder as principal for the ensuing year. He will move among us at an early day. Dr. Sease's mother-in-law is visiting him and you ought to see how nicely he behaves.

Cotton is about half opened. Peas are gathered and the yield is very fine considering the excessive rains. Some corn is being gathered. Our amateur telegraphers are getting along nicely. We have for the past two weeks been subjected to the jeers and taunts of an incredulous public on account of a little blunder in the construction of our line, but we got there just the same.

The semi-annual communion services at Cedar Grove embrace the 4th Sunday in October, with preparatory services on Saturday afternoon preceding. A certain neighbor who has heretofore obstinately refused to have his mill pond sealed, was lately prevailed upon, and lest he should provoke his more un lucky friends, he has it done under cover of darkness. We would like to ask him about his success and if he caught anything else beside that "water?"

Messrs. T. W. Shealy and Pink Crout have each a new boy. Here's to the health of the little fellows. No, our dear inquisitive friends, we never said we were concerned in that double wedding; but, "take no thought for tomorrow for what you knowest not what a day may bring forth." W. H. H. September 28, 1889. Gilt edge butter and best cream cheese at the Bazaar.

For the Lexington Dispatch.

Letter from Festus.

Our school, or educational picnic at Smith's Branch Academy appointed for Wednesday, October 9th, we hope to make a pleasant occasion for the inner man by the supply of such "hash" as will fill up and by a mixture of Spelling Bee and speaking. The school and patrons unite with the Principal in a general invitation.

The peach and the melon have "gone glimmering," but the big muscadine is here in abundance. Health at a starving rate for the doctors. No deaths to record of late, but "giving in marriage" is not a lost art. Mr. Ed. Howell and Miss Lucy Cook were married on the 27th inst. by our worthy Notary, Mr. Curtis Rish. The couple are happy and we trust that as days, weeks and months roll by they may enjoy many little occasions to be thrice happy.

It is rumored that a certain citizen of Mosh Island who is noted in private life for his huge "chaws of ter-backer," and on holy days for his sacred songs with a nasal twang, lately on returning from market full of "fire water" wandered from his team to the roadside and chanced to step into an old well, but lodged on a frail plank across the well about ten feet below, which began to break beneath his weight. Our hero began to throw over board his quid as ballast and to prepare spiritually for the further fall of thirty feet which seemed to await him; he began to sing and pray: "A charge to keep I have"—Here the board cracked again and he began the only prayer he could think of—"Now I lay me down," when memory failed him; but a moment's reflection brought to mind the closing part of a petition he once heard read to the county court, and began: "And your petitioner solemnly declares and will ever pray as in duty bound to your honorable body that he will never again get"—bang! went the board and down went Tanglefoot who was released next morning by a windless and wet toward his home in lower Mosh Island, singing: "Oh, how I love ter-backer and peach."

come to the old town where one comes now. The town which in 1859 or 1860 beat all the county seats in the State with one or two exceptions. I hope to see this subject discussed and worked up. Think of Sparta and Greenville counties vying with each other for the supremacy of wealth, and all through these cotton manufactures. Every county in the State I think has one or more mills, or else has one building. Get up, old Lexington, and in a few months have the bell rolling. You make up half the capital, Northern men will take the rest. They will take equal shares with you. Hoping to see some other one on the same subject, I am, Yours truly, JAMES F. MOSES. Clifton, S. C., September 26, 1889.

For the Lexington Dispatch.

Lexington Baptist Association.

To the Churches of the Lexington Baptist Association. Your Association will meet with the Bethlehem church, two miles south of Batesburg, on Friday before the 2nd Sunday in October. I hope and urge that every church will be fully represented. The revision of the constitution and other matters will make this meeting one of more than ordinary interest and importance. Dr. Bailey, the Corresponding Secretary of the State Mission Board will be with us. Other visitors are also expected. M. M. Burton, Missionary.

Rheumatism and Catarrh.

Rheumatism and catarrh are both blood diseases. In many severe cases it has yielded to treatment with B. B. B. (Botanic Blood Balm), made by Blood Balm Co., Atlanta, Ga. Write for book of convincing proofs. Sent free. R. P. Dodge, Atlanta, Ga., says: "My wife had catarrh and nothing did her any good. Her constitution finally failed and poison got in her blood. I placed her on a use of B. B. B., and to my surprise her recovery was rapid and complete."

W. P. McDaniel, Atlanta, Ga., writes: "I was much emaciated and had rheumatism so bad I could not get along without crutches. I also had neuralgia in the head. First-class physicians did me no good. Then I tried B. B. B., and its effects were magical. I cheerfully recommend it as a good tonic and quick cure."

For the Lexington Dispatch.

One Who Knows.

The following testimonial is from gentleman who knows our formula and is thoroughly acquainted with the curative properties of our tonic. The way to know the merits is to try the article. Any practicing physician who desires the formula of Dr. Westmoreland's Callisaya Tonic may obtain it from the Westmoreland Callisaya Tonic Company, Greenville, S. C. This letter is from a medical student. WEST POINT, MISS. Having shown me the formula for making your Tonic while visiting your city the past summer I take great pleasure in recommending it to my practice spaces fully, and to members in my own family suffering from malarial fevers. B. S. DYMAN M. D. For sale by Dr. M. Q. Hendrix, Lexington, S. C., and J. C. Sawyer & Co., Peck, S. C. See number 25-45.

Oh, What A Cough.

Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease, Consumption. Ask yourself if you can afford for the sake of saving 50 cents, to run the risk and do nothing for it. We know from experience that Shiloh's Cure will Cure your Cough. It relieves Croup and Whooping Cough at once. It never fails. This shows why more than a million bottles were sold the past year. Mothers do not be without it. For lame Back, Side or Chest, use Shiloh's Porous Plaster. Sold by Dr. M. Q. Hendrix. 43-ly.

The Cotton Factory.

In the last issue of your paper where you say "let us have it"—meaning a cotton mill. That struck me as one of the best ideas that the projectors have thought of in long time. But, gentlemen, don't build it on paper. Don't stop until you see it in operation. I belong to Lexington county, and I know what Twelve Mile creek will do. I have seen large mills in the New England States running on a smaller stream than that. You can build and run a 10,000 spindle mill on that stream at Lexington court house. How would you like to see these old barren places all built up with nice, snug little cottage homes, your property doubled in value and trade greatly increased. Don't give up, but get some one to the wheel who will push the matter through. Should you wish any information I will gladly give it concerning the cost of building. As to the necessary capital, I think the right men could make it up soon. Just think of a cotton market that would take all the farmers could make in your section. Think how nice it would be to have ten wagons

IF A BODY MET A BODY

The result is a collision when "coming thro' the rye," or not, life is full of collisions. We are constantly colliding with somebody or something. It isn't with our neighbors it is with our dead diseases that "knocks us up the tree" and perhaps disables us for life. Women especially seem to have to bear the brunt of these collisions and afflictions than man. In all cases of nervousness, bearing-down sensations, tenderness, periodical painless headache, congestion, inflammation, a ulceration and all female irregularities and weaknesses, Dr. Pierce's Favorite Purgative comes to the rescue of women and other medicine does. It is the only medicine for women sold by druggists, under a positive guarantee, from the manufacturer that it will give satisfaction in every case or money paid for it will be refunded. Securing of bottles-wrappers. Copyright, 1888, by WOODS' DISPENSARY, Lowell, Mass.

Dr. PIERCE'S PELLETS

regulate and cleanse the liver, stomach and bowels. They are pure vegetable and perfectly harmless. Price, 25 cents a box. Sold by druggists.

ROYAL BAKING POWDER Absolutely Pure. This powder never varies. A marvel of purity, strength, and wholesomeness. More economical than the ordinary kinds and cannot be sold in competition with the multitude of low test short weight cheap or phosphate powders. Sold only in packages of 5 lbs. and 25 lbs. ROYAL BAKING POWDER CO., 111 Wall St., New York. May 18-15

Bishop Fowler thinks that Prince Li, the Viceroy of China, "one of the greatest statesmen the world ever produced." Gen. Grant used to say the two men who impressed him most during his travels around the world was Prince Kung, formerly regent of the Celestial Empire, and Prince Bismarck.

Dyspepsia and Liver Complaint. Is it not worth 75 cents to free yourself from every symptom of those distressing complaints, if you think so all at our store and get a bottle of Shiloh's Vitalizer. Every bottle has a printed guarantee on it, use accordingly, and if it does you no good it will cost you nothing. Sold by Dr. M. Q. Hendrix.

LEXINGTON GRADED SCHOOL

PAUL T. BRODIE, B. S., Principal. Mrs. M. E. LATHROP, Assistant. Opens MONDAY, SEPTEMBER 2, 1889. SESSION 10 MONTHS. Divided into two terms of five months each. TUITION. FREE to all pupils residing in Lexington School District regardless of age. Pupils attending from other School Districts will be charged tuition as follows: 1st and 2nd Grades - 75c. per month 3rd and 4th Grades - 1.00 " 5th, 6th, 7th, 8th Grades - 1.50 " Any one optional study \$2.00 " All the optional studies, except music - \$2.25 " Music, extra - \$3.00 " The optional Studies are Latin, Greek, French, German, and Music. Where tuition is charged it will be payable quarterly. Each pupil will be charged 25 cents per term of 5 months for incidental expenses. Any further information as to grading or any other matter connected with the School will be furnished on application to P. T. BRODIE, B. S., Principal. August 21-30.

TO OUR FARMER FRIENDS

OF LEXINGTON COUNTY. BELIEVING IN MUTUAL BENEFIT as a satisfactory basis for all dealing between man and man, we have always endeavored in our business by STRICTLY FAIR DEALING, TRUE REPRESENTATIONS, AND HONEST GOODS, to give our customers FULL VALUE FOR A DOLLAR EVERY TIME. We believe it makes A TRUE ALLIANCE between dealer and patron which secures customers to the former and good goods and entire satisfaction to the latter. EVERYBODY IN LEXINGTON COUNTY or elsewhere who has bought goods at our store knows whether we have sincerely carried it into effect. Our buyer has just returned from the Northern markets and we are now every day receiving New Goods, of the latest styles, best quality in complete assortment of BOOTS AND SHOES. Lace, Button and Congress, handsome to look at and warranted to wear, for the Ladies. Gait's Shoes, all kinds, light and heavy weight, stylish and serviceable and a large stock of Children's Shoes, and by advantageous purchases we are enabled to offer REAL BARGAINS at prices never before. Our stock is so large and our assortment so complete that WE CAN FIT ALL FEET. Call in when in Columbia and examine our stock, note our prices and we feel sure we can suit you. Respectfully, LEVER & STORK'S, 148 Main Street, COLUMBIA, S. C. nov 2-ly
