The State Democratic Ex. Committee has ruled that a voter must be an enrolled member of a Democratic club before he will be allowed to vote at the Democratic primary. A committee of as many members as is thought necessary, should be aprointed by the various clubs at their meeting Saturday, charged with the duty of seeing that the name of every club list at least five days before the

primary. This is important and should be attended to at once.

Then, again, a rallying committee should be appointed by each club, each member of which should be furnished with a copy of the club roll, and it should be charged with attending the polls early in the morning of August 30th, and see that every voter whose name is on the club roll is voted. The plan of campaign and other details can be arranged by the different clubs to suit circumstances.

Still another committee should be appointed to watch the tickets at the polls and prevent them from being carried off and destroyed.

The time for play is passed, and the hour for earnest, unceasing and hard work is upon us. "The price of liberty is eternal vigilance" and it behooves every Democrat to be up and doing. Let not our efforts cease in behalf of a government of, for and by the people until the polls closes in the afternoon of August 30th. The greatest and only danger of the Tillmanites is over confidence and fact that in any event the people-

Be Sure to Enroll on your Club List.

Some time since Chairman Irby decided that any Democrat could vote without joining a club, but the State Democratic Executive Committee met in Columbia on the 29th of July and decided that every Democrat must enroll at least 5 days before the primary election in August, as will be seen by the following official notice:

HEADQUARTERS STATE DEMOCRATIC EXECUTIVE COMMITTEE, COLUMEIA, July 27, 1892.

To the Chairmen of the respective County Executive Committees: Your attention is respectfully

called to an amendment of the "rules" this day adopted for the government of the primaries, viz:

"No person shall vote at any primary election unless he has been enrolled on a club list at least (5) five days before said primary election. The club list shall be inspected by and certified to by the secretary and president of the club, and turned over to the managers to be used as the registry list."

You will therefore call your Executive Committee together as early as possible, and see to it that every Democrat in your county is properly enrolled.

JOHN L. M. IRBY, (Signed) Chairman. G. DUNCAN BELLINGER, Secretary.

The editorial in the Dispatch of last week must have been a veritable dynamite bumb in the camp of the Conservatives, as a correspondent in this issue tries to disapprove the soundness of the position of the Dispatch, and at the earnest and urgent appeal of a correspondent of the State, that paper goes into labor and in nearly a two column editorial. produces a mouse. Neighbor, the question is, not what Tillman might or might not do if certain conjectures becomes a fact, but in case a Constitutional convention is called, the people can prevent the Constitution from being changed by electing delegates to the convention opposed to the proposed new Constitution or in favor of submitting it to the peo ple for adoption.

If they are not as numer ous as they claim, is it not equally clear that they are using the three dollar poll tax as a "scare crow" to frighten timorous Tillmanites to use them as "cat's paws to pull the Conservatives' chestnuts from the fire."

The Dispatch is fully aware that it s the policy of the Conservatives to distort, stretch, magnify and misconstrue almost every utterance of Gov Tillman into meaning something that he did not intend nor even thought of, therefore it is not surprised in the least when its correspondent posi-

tively asserts that Governor Till man "asks that all candidates for the Legislature be sworn on a stack of Bibles to carry out the measures ecommended by him." The Dispatch thinks its correspondent must certainly be mistaken in the language attributed to Governor Tillman.
