#### A Good Man Gone.

Mr. Jacob Lindler was born in Lexington county on Broad river, 1803 and lived in that section until 1849, then he moved to Edgefield county, where he died Feb. 22, 1892. In 1823 he married Mrs. M. Meetze with whom he lived until she was taken to the spirit land 1889. In his early life he identified himself by confirmation with the evangelical Lutheran church and for many years was an officer of St. Marks church from which he was buried in the presence of a large congregration of relatives and friends. Revs. Shear ous, Shealy, and Boozer took part in the funeral services.

After the death of his wife, he lived with his son, Rev. A. W. Lindler, never seeming to have any desire and to the point, don't talk too much to return to his old home. Nor did he ever seem to fully recover from that sad bereavement. His last days were spent in reading and devotion. Though nis education was very limited, his ideas were bright and his counsels correct. His mother tongue was the German and was a great pleasure to him to sing his

German songs to his grand-children. Grand pa (for as he was called) was a lover of the Sunday-school and prayer-meeting. He not only Su-perentended the Sunday school in his own church, but for several years superentended the Sunday school in the Methodist church. Had he had the opportunity of getting an education, he would have been a useful man beyong his immediate neighborhood. At the time when he should have been educated, as he frequently said, there was a change from the German to the English, therefore it was exceedingly difficult for those in the best circumstances to become ed-

One of his chief delights was to converse of old times when the deer, turkeys and other game were plenty in the woods. And many of these fell before his unerring fire lock. Another delight, which would warm him into eloquence, was to talk about the Church and his Saviour, his abiding faith in him and a desire to be with him at rest. He never became too old to feel it a living duty to contribute freely to his church.

Thus another old land mark has been taken, how swiftly they are go-

# Hood's Cures GRAND

Owe all My Health to It

Georgetown, D. C.

'I have often seen statements from people benefited by Hood's Sarsaparilla, and I feel that I am not doing justice unless my testimony is added. I have been suffering with sick vomiting spells for three or four years, with giddiness, most of the time almost perfeetly prostrated. I had no appetite, and suffered also with neuralgia in my head and eyes. I was treated for two years by the best physicians, but found no relief. They would tell me my condition was

Owing to my Age and that I must have patience. But after two years I though . patience ceased to be a virtue. I was growing so weak I could not sleep at night. And when I was able to go out, I was afraid to go far from home. I was constantly tired; I could not go up or down stairs or raise my arms above my head without giddiness, and was so afraid to look up that I became accustomed to holding my head down.

At Last was persuaded to take Hood's Sarsaparilla, and after using four bottles, my improvement in health is wonderful. I candidly believe I am cured of all my ailments. My appetite is good, can eat at any time, am free from neuralgia and other troubles. I never felt so well or was as stout as now since I was married, and I am mother of nine children. I have increased from 125 to 143 pounds. Iam perfectly well, go out every day. When my friends ask what has made such an improvement I tell them I owe it all to
