The Hallman Bros., together with a portion of the Palmetto State Band gave a delightful minstrel and trick show in Temperance Hall, in this place, Saturday night. The Alliance Meets.

The County Farmers' Alliance met last Friday in the court house at this place.

There was a large attendance of delegates, nearly every sub-Alliance in the county being represented.

Many matters of interest to the order were transacted, and there seemed to be a renewed interest favorable to the organization pervading the delegates.

From reports obtainable indicate that there is a growing sentiment among the farmers to revive and reinvigorate the languishing interest in the order and we hope that the favorable signs, now so promising, will be realized and the order receive such an impetus that no amount of opposition can retard its progress.

The principles, the aim and the objects of the Alliance are all good and if put into practice much good will be the result.

Capt. J. G. Able, one of the best and most progressive citizens of Chinguepin township, was in town Monday, and dropped in to pass the time of day with us. Come again, Captain.

A Natural Question.

An agent for one of the large jewelry stores in this city says the Cincinnati Tribune, was canvassing a section of the over the Rhine district. He was endeavoring to sell an eight-day clock, and had the good qualities of it at his tongue's end. "My dear sir," he said to a partly German, "this is a remarkable clock. Not only is it beautifully finished, but it is a remarkable timepiece. Why, this clock runs eight days without winding."

The German opened his eyes at this, and gazed with wonderment at the clock. "You say it runs eight day without winding?" he inquired of the agent. "Well, dat is ein gut clock; but if it runs eight days without winding, den how long will it run ven you do vind it?"

A Letter from Gaston.

To the Editor of the Dispatch: I guess you think we have forgotten you, but we have not. I have been thinking for sometime of sending you the news from our little town and vicinity.

Spring has made her appearance again and everything has put on the vernal robe.

Our farmers are busily engaged in preparing their land. The most of them are busy planting corn and other crops being prepared for cold weather. There is a small decrease in the average cotton this year through here; but still, I fear that our farmers are planting too much.

The fertilizers shipped here this season is about the same as that of last. Much of this is being used under corn, melons, rice, millet, peas and potatoes. The rice and millet crops will be cultivated pretty extensively throughout our community.

Gardens are taking on a prosperous appearance. They look quite vernal, and the appetite begins to long for the early spring vegetable.

Small grain looks quite promising. Early wheat and spring oats are very good, while early oats are a complete failure.

The health of our vicinity is not good at present.

Mrs. Ellen Lorenz has been very sick for the past few weeks. I am pleased to learn that under the wise treatment of Dr. Tindall of Columbia, that she is a little on the mend.

Mrs. Mary I. Fallaw is convalescing after a severe illness of some two weeks or more. She has been attended by Dr. J. G. Williams.

Miss Mary, the eldest daughter of Mr. J. L. W. Fallaw, is very sick at present with pneumonia. I hope that under the skillful treatment of Dr. W. T. Brooker she will soon recover.

Mr. John Rast, who has been sick with the chicken pox, is up again.

Our little town is doing a very good business notwithstanding the cry of "hard times." The popular and politic Mr. Otto Lorenz is doing a lively business in general merchandising, and is also our postmaster. Our young and genial friend, Mr. J. E. Goodwin, is also doing a progressing business in the mercantile trade. Whole souled Mr. L. B. Able, carries a good stock in the old stand of the late Mrs. Mary Low, deceased.

Freight and express are still delivered to customers by our jolly and jovial friend, "Doc."

We had preaching at our church Saturday, Sunday and Sunday night by pastor T. F. Rivers. The congregations were large and attentive especially at the Sunday service. An able and earnest sermon was preached on Sunday from the words, "There is friend that sticketh closer than a brother." An offering was taken which amounted to ten dollars.

Sunday schools are awakening from their winter's dormant and are preparing for spring and summer work. The school at Antioch was organized Sunday with Mr. W. B. Fallaw superintendent. Others are following suit.

We have been listening, Mr. Editor,

for the merry peals of some wedding bells, but to our utter surprise they turned out to be silent eloquents. On the evening of the 11th inst., Mr. W. H. Sharpe with Miss Eugenia, eldest daughter of Mr. G. A. Goodwin, were united in the holy bonds of matrimony by Trial Justice W. A. Goodwin. On Sunday, the 14th inst., Mr. Jesse Sharpe eloped with Miss Lola, eldest daughter of Mr. Abimelech Sharpe and were joined together in wedlock by Notary Public George W. Pound. I don't know, Mr. Editor, why these parties should elope, unless it is the stringency of "hard times." Any way, we wish them heart's content. We wish them a long, happy, useful and successful life.

Saved His Life BY USING AYER'S CHERRY PECTORAL

"When my adopted son was seven years of age, he had as severe a cough as I ever knew anyone to suffer from. He coughed incessantly, and spit up blood. I tried everything I could think of, but he continued to grow worse, and I feared the poor little fellow would surely die. At last, I gave him Ayer's Cherry Pectoral, being recommended to do so by the physician. This medicine gave the child speedy relief, and effected a permanent cure." Mrs. M. E. DEARB, Liberty, Texas.
