Christ, who took his text from a flock of birds flying overhead, saying, "Behold the fowls of the air," and from the flowers in the valley, saying, "Consider the lilics of the field," and from the clucking of a barnyard fowl, saying, "As a hen gathereth her chickens under her wing," and from a crystal of salt picked up by the roadside, saying,"Salt is good," will grant us a blessing if, instead of taking a text from the Bible, I take for my text this letter from Cincinnati, which is only one of many letters which I have received from young women in New York. It is the more important that the pulpit be heard on this subject at this time when we are having such an illimitable discussion about what is called the new woman, as though some new creature of God had arrived on earth or were about to arrive. One theory is that she will be an athlete, and bexing glove and football and pugilistic encounter will characterize her. Another theory is that she will superintend ballet boxes, sit in congressional hall and through improved politics bring the millennium by the evil she will extirpate and the good she will install. Heaven deliver the church and the world from any one of these styles of new woman! She will never come. I have so much faith in the evangelistic triumph and in the progress of all things in the right direction that I prophesy that style of new woman will never arrive. Joyful! Joyful!" If you know any better style of woman than that, where is she? The world cannot improve on that kind. The new woman may have more knowledge because she will have more books, but she will have no more common sense than that which tried to manage and discipline and educate us, and did as well as she could with such unpromising material. She may have more health than the woman of other days, for the sewing machine and the sanitary regulations and added intelligence on the subjects of diet, ventilation and exercise and rescue from many forms of drudgery may allow her more longevity, but she will have the same characteristics which God gave her in paradise, with the exception of the nervous shock and moral jolt of the fall she got that day when, not noticing where she stepped, she looked up into the branches of the fruit tree.

Light brigade, immortalized by Tenny son. Only a few of the 600 got back from the charge, under Lord Cardigan, of the Muscovite guns, and all the havoc was done in 25 minutes, the charge beginning at 10 minutes past 11 o'clock, and closing at 35 minutes past 11, and yet nothing left on the field but dying and dead men, dying and dead horses. But a smaller proportion of the men and women who go into the battle of life come out unwounded. The slaughter has been and will be terrific, and we all need God and we need him now and we need him all the time. And let me say there is a new woman, as there is a new man, and that is the regenerated woman made such by the ransacking, transforming, upbuilding, triumphaut power of the spirit who is so superior to all other spirits that he has been called for ages the Holy Spirit. Quicker than wheel ever turned on its axis; quicker than fleetest hoof ever struck the pavement; quicker than zigzag lightning ever dropped down the sky, the ransoming power I speak of will revolutionize your entire nature. but in my condition could not turn a deaf ear to anything that offered relief. It was after considerable thought and investigation that I concluded to discontinue all the medicine I was taking, including cod liver oil, and depend entirely upon Pirk Pills. I began to take the pills, at first with but little encouragement. The first sign of improvement was a warmth and a tingling sensation in my limbs. Finally the cough disappeared, my chest lost its soreness and I began to gain flesh until I was fifteen pounds heavier. All this I owe to Dr. Williams' Pink Pills and I cannot praise them too highly." Mrs. Bowen is a lady of middle age, a church member well-known and highly esteemed. She looks today, well and strong and it seems almost impossible that she was ever given up by eminent physicians as an incurable consumptive. Yet such is the case beyond all dispute.

Dr. Williams' Pink Pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are for sale by all druggists, or may be had by mail from Dr. Williams' Medicine Company, Schenectady, N. Y., for 50c. per box, or 6 boxes for \$2 50.

After considerable discussion fighting almost over the same ground, and some trying to still extend the limit 9 and 10 miles from the old court houses, &c., on Wednesday the whole article as below, received its third reading and was sent to the committee on style, and revission which finally settled the matter.
