We all know that any tired muscle can be restored by rest. Your stomach is a muscle. Dyspepsia is its manner of saying "I am tired. Give me rest." To rest the stomach you must do its work outside of the body.

This is the Shaker's method of curing indigestion, and its success is best attested by the fact that these people are practically free from what is without doubt the most prevalent of all diseases. The Shaker Digestive Cordial not only contains digested food which is promptly absorbed without taxing the tired digestive organs, but it is likewise an aid to the digestion of other foods in the stomach. A 10 cent trial bottle will convince you of its merit, and these you can obtain through all druggists.

LAXOL is the best medicine for children. Doctors recommend it in place of Castor Oil.

New Counties.

Columbia Evening News, Oct 16.

A great deal of interest and much feeling has been exhibited in the Constitutional Convention on the subject of the organization and formation of new counties.

The prevailing sentiment, it is strange to say, seems to be in favor of smaller counties.

County governments are a very expensive luxury in a variet of ways. The proportionate expenses of small counties is greater, and the taxation to support the machinery of government becomes burdensome.

The tax to support the county governments of the State is several hundred thousand dollars greater than that which it takes to support the State government. The complete outfit of a new county is very expensive. There is a new court house and new officers, new jail and poor house, and the smaller the area and the less the taxable property the greater the rate of taxation.

The tendency to extravagance in the operation of these counties is also very great. For years the appropriations for the State have been about the same, but each session of the General Assembly witness an increase in the expenditures in the governments of the counties. Not only so, but the smaller the county the greater the influence of the towns of such county and the less that of the country districts.

The influence of the country districts ought to be strong in every county. It is the country that preserves, purifies and keeps life, vigor and health in every community. The more influence the country has the less prevalent are rings and the less power political bosses have.

Again, small counties usually fall under the dominating influence of one or two large families, who use the country for their own political and financial profit. Larger counties are not subject to such influences, and are not so easily controlled and manipulated by scheming politicians.

We had hoped that the Constitutional Convention would have destroyed all county government and returned to the idea that prevailed prior to 1868, when the county was only a district for election and judicial purposes, and the State Legislature governed without the local county government.

This county and township government came from New England, where the population and wealth are both great, and the idea prevails that no one is to do anything for the community in which he lives free of charge, but is paid for it.

The old government of the State was expressive of the growth and civilization. The township government is an importation not to be desired.

THE WOMAN—who takes the surest way to gain a beautiful color and a wholesome skin will not take the cosmetics, paints and powders which soon injure the skin. Sallow or wrinkled face, dull eyes and hollow cheeks, together with low spirits, follow the derangements, irregularities and weaknesses peculiar to the sex. All women require a tonic and nervine at some period of their lives. Whether suffering from nervousness, dizziness, faintness, displacement of womanly organs, catarrhal inflammation of the lining membranes, bearing-down sensations, or general debility, Dr. Pierce's Favorite Prescription reaches the origin of the trouble and corrects it. It's a medicine which was discovered and used by an eminent physician for many years in all cases of "female complaint," and those painful disorders that afflict womankind. If women are overworked, run-down, tired or sleepless, if they are irritable, morbid and suffer from backache, they should turn to the right means for a permanent *cure*. Dr. Pierce's Favorite Prescription fits just such cases, for it regulates and strengthens the special functions, builds up and invigorates the entire female system.

DISEASE OF WOMB.

MRS. CORA S. WILSON, of *Carlisle, Sullivan Co., Ind.*, writes: "I cannot say too much for Dr. Pierce's Favorite Prescription. I feel it my duty to say to all women who are suffering from any disease of the uterus that it is the best medicine on earth for them to use; I cannot praise it too highly for the good it did me. If any one doubts this, give them my name and address."

MRS. WILSON.

A pamphlet, containing a vast number of testimonials with reproduced photographs of those cured and giving full name and address of each, will be mailed to any address free; or, Dr. Pierce's large Treatise (168 pages) profusely illustrated with wood engravings and colored plates mailed post paid on receipt of 10 cents in stamps. Address, World's Dispensary Medical Association, Buffalo, N. Y.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at the Bazaar.

How To Prevent Croup.

Some reading that will prove interesting to young mothers. How to guard against the disease.

Croup is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is a common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by Julian E. Kaufmann. 2.

Ginger ale, root beer, sarsaparilla cream soda and other delicious drinks will be found at all times, at the Bazaar.
