

Notes from Boiling Springs.

To the Editor of the Dispatch:

The Rev. S. P. Shumpert is a straight forward, hard working, thorough going business man of many talents, who treats his visitors with large hearted hospitality.

Mr. James Smith of Black Creek, near Fowle's mill, is a prosperous, solid go-ahead man, and Mr. James Smith who lives near Mr. Paul Shealy's is of course doing well since his wife is a Dutch Fork lady.

Mr. Godfrey Frey who believes in intensive farming. Instead of clearing up land he builds up with pine straw what he has already cleared.

Mr. Elliot Lybrand sings merrily as he drives his team along the road to Barr's Landing.

Mr. Isom Taylor and family are battling like so many others now with the prevailing disease. I hope my friends will pull safely through.

That stirring man Mr. R. Elmore Taylor, has a large new ground almost ready for this year's crop.

The aged "Aunt Fanny" Taylor met with a painful accident and is being carefully tended by her people who think the world of the dear old lady.

So many people, unaccustomed to the practice have been compelled to buy liquor for the sick that it is said the price has gone up. I've quit that stuff and would not like to take it even in sickness.

"King Sol" Miller says that six foot corn rows and Berkshire hogs will ruin a man.

The beautiful Miss Minnie Shealy has just returned from an enjoyable visit to her uncles.

Mr. Luther Shealy is actively employed wagoning and log hauling.

The Rev. Mr. Phillips preaches eloquently and acceptably at Boiling Springs, and Mr. Paul Shealy is doing noble service as the Superintendent of the Sabbath school.

For an example of complete pre-occupation and intense mental labor, watch the "doctor" making a bird trap with a five cent barlow, a few shingles and a piece of string.

Mr. Luther Younginer, a good farmer, is now cutting crowsies. He amuses himself by an occasional bird hunt, a sport which he much relishes.

going on here, I offer the fact that I was compelled at a cross roads to wait until a caravan of ten horses and six heavily loaded trucks passed by, laden with turpentine and lumber.

Mr. Fuller Richebacher of Springfield, paid a short visit to this section. He was well pleased with those whom he visited, and carried back with him two fine Berkshire pigs.

Mr. E. A. Roland is clearing more of the land about the head of Congaree creek. He says last year I made peavines. They run up the cornstalks so that I did not make much corn but I never saw the beat of peavines in my life.

When Ward and Wheeler start upon the chase, the tiny rabbits make themselves quite scarce, and emigrate inconspicuously from the place.

Messrs. Shumpert & Miller are doing well with their saw mill. King Sol is popular and the wheel horse of the firm.

Messrs. Paul, George, and Belton Clark are enterprising business men, who having inherited a large tract of land, are improving their opportunities to the full extent.

Messrs. Paul, George, and Belton Clark are enterprising business men, who having inherited a large tract of land, are improving their opportunities to the full extent.

Marvelous Results. From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery as the results were almost marvelous in the case of my wife."

Wm. H. English Dead. Hon. Wm. H. English, capitalist, politician and literateur, died in his rooms at English's Hotel, in Indianapolis, Ind. after an illness of six weeks.

The Great Family Medicine. Is Spiritine Balsam. This valuable preparation is the pure extract of certain pine trees, and manufactured with great care, and in consequence of the astonishing success in removing diseases, has become very popular and is being called for again and again until it is a necessity in every household.

All Free. Those who have used Dr. King's New Discovery know its value, and those who have not, have now the opportunity to try it free. Call on the advertised Druggist and get a Trial Bottle, Free.

Friends, are you afflicted in any way. Then try nature's own remedy. It affords all the benefits, is simple, safe and reliable; can do no harm, and has never been known to fail to do good. Spiritine Balsam. For sale at the Bazaar.

Old type metal, as good if not better and cheaper than Rabbit metal suitable for mill men, for sale at the Dispatch office.

Where we have a tent, God must have an altar; where we have a house, he must have a church in it.

If you would always be healthy, keep your blood pure with Hood's Sarsaparilla, the One True Blood Purifier.

One of the latest inventions is a three cornered nail that will drive easily, and will not split the wood.

Taken in Time

Hood's Sarsaparilla has achieved great success in warding off sickness which, if allowed to progress, would have undermined the whole system and given disease a strong foothold to cause much suffering and even threaten death.

A Priest Sent to Prison. At Rochester, N. Y., Judge Sutherland sentenced Rev. John M. Fitzgerald to Auburn prison for 10 years.

Josh Billings on Insurance. I hum to the conclusion lately that life was so uncertain that the only way for me to stand a fair chance with other folks was to get my life insured.

It is perhaps as well that children should not understand all the complimentary things that may be said about them. Little Grace was very pretty; but had not yet been made herself conscious by finding it out.

No Flowers. The provision of amusements for the British privates, such as cricket and football, rarely enlisted the solicitude of the officers, and the soldier, when off duty, finding at hand no particular occupation which was harmless, was indirectly driven to that which was vicious.

No Use for Towels. "I wanted to take a bath this morning, but the water was so infernally muddy that I had to postpone it," said an acquaintance to a Washington Star reporter.

Root Beer, Cream Soda, Ginger Ale, Pepsin Cherry Tonic, all delicious fall and winter drinks, served at the Bazaar's fountain. 5 cents a drink.

It is not enough to keep the poor in mind; give them something to keep you in mind.

It is easy to shun duty, but we can no more shun responsibility for it than we can flee from our own shadow.

There is merit without evolution but no evolution without merit. The 24 creameries in Maine made 2,513,000 pounds of butter in 1895.

None are so fond of secrets as those who do not intend to keep them. How many men and women are there without a weak spot somewhere.

Did we always see God in his works, how much happier we would be. It is not enough to keep the poor in mind; give them something to keep you in mind.

Sores, Bad Blood, Scrofula. Undergo remarkable changes when DR. CLARK JOHNSON'S INDIAN BLOOD SYRUP is taken according to directions.
