A CLEAR HEAD; good digestion; sound sleep; a fine appetite and a ripe old age, are some of the results of the use of Tatt's Liver Pills. A single dose will convince you of their wonderful effects and virtue.

A Known Fact. An absolute cure for sick headache, dyspepsia, malaria, sour stomach, dizziness, constipation bilious fever, piles, torpid liver and all kindred diseases.

Tutt's Liver Pills

Bill Nye Says: A man may use a wart on the back of his neck for a collar button; ride on the back coach of a train to save interest on his money until the conductor comes around; stop his watch at night to save the wear and tear; leave his "I" and "L" without a dot or cross to save his ink; pasture his mother's grave to save corn; but a man of this kind is a gentleman and a scholar compared to a fellow who will take a newspaper, and when asked to pay for it, puts it into the post office and has it marked, "Refused."

Cheney's! Cheney's!! Cheney's!!! Yes, Cheney's Expecto-rant and Cough Preventive, one of the best remedies for coughs, colds, bronchitis, whooping cough, asthma, and never failing for croup, and all affections of the throat and lungs known. For coughs after measles there is nothing better. Only 25c a bottle, at the Bazaar.

A Long Life Ended.

After a long and desperate struggle between nature and the great enemy of mankind, death laid the beloved form of the aged John Lupo in the grave, on the 29th day of April, 1896, in the 98th year of his age, at his home about half way between this place and Columbia, where he had resided for nearly half a century. He was one of nature's noblemen, honest and upright in all his transactions with his fellow man, and an earnest and consistent member of the Methodist church. None knew him but to love him, and he leaves behind a glorious record of a well spent life as a heritage for those who follow after. The chair which he occupied in the church was draped in mourning in respect to his memory.

If the Baby is Cutting Teeth.

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle. It is the best of all.

A Peaceful Death.

Mr. Hayne Harman, after years of affliction and intense suffering, quietly passed from earth to the great beyond yesterday morning. He was a quite unpretentious young man and bore his long-suffering with remarkable endurance and uncomplaining patience. His remains were interred in the cemetery of St. Stephen's church this morning at 9 o'clock where they rest besides those of his parents.

Munroe Hayne Harman, was born August 5th, 1872, and died May 13, 1896. Was a member of St. Stephen's, being confirmed by Pastor J. G. Graichen, February 26, 1893.

Manchester's Pills.

Manchester's famous English Pennyroyal Pills, for female ills. For sale at the Bazaar.

The old reliable Swift & Courtney's parlor matches, (brown head) never draw damp and fail to fire, are on sale at the Bazaar.

Depot Broken Into.

Some tramps broke into the depot Monday night on the side toward Maj Meetzes residence. The agent, Mr. A. L. Hartley, heard them when they broke in and going down frightened them off before they could take anything. The tramps had been loafing around the depot all day Monday for the purpose, it is thought, of acquainting themselves with the premises. They went toward Lewisdale, and the agents and others along the road would do well to be on the lookout for them.

Ministers and Others Please Notice.

There are a number of deaths and marriages in the county that we do not hear of until some time after the event happens. We would be under many obligations to ministers and others, if they will notify us on a postal card of all deaths coming under their notice with name of person, age, disease with which they died, &c., and all marriages with name of contracting parties, date etc.

Let All Come.

Many Columbians are getting into the habit of spending Sundays at this place. We are glad to know this and hope to see many more of our city cousins in our beautiful little village. Our climate is delightfully cool, invigorating and refreshing; the village being situated on seven hills, makes it dry and healthful. The distance from Columbia is only twelve miles, with good hard roads most of the time, making it pleasant for either bicycle, horseback riding or drive. We have a combination of town and country life and the scenery is grand, suburb and beautiful. There is no reason why this place should not become the summer residences of our neighbors across the Congaree and we honestly believe that the day is not far distant when it will become so.

No Shoddy Work.

Gen. R. N. Richbourg of Columbia is the official watch inspector for the Southern Railway, Co. He is a first class watchmaker of long standing and employs none but first class workmen and uses the very best materials, so persons having watches in need of repair or to be overhauled should carry them to his establishment. He also keeps a well selected stock of jewelry, watches, silver and gold ware and his goods are all warranted to be just as represented. No shoddy work is done at his establishment and no base metal is sold for silver or gold. Give him a trial.

Come Prepared.

The Publisher of this paper will accompany the Supervisors of Registration in their trip through the Fork commencing at Efid's Store, May 25, for the purpose of hunting up delinquent subscribers. We earnestly hope that all subscribers in arrears will come prepared to settle up. Friends, we need the amount due us, no matter how small it is, to assist us in carrying on our business and we have patiently waited for you to come forward and settle. In this, we have been disappointed and now our necessities are pressing us to such an extent as to compel us to go in search of you. So don't disappoint us when you come for your registration certificate.

We have had a new requirement added to the law, and that is, if you don't pay for your paper you can't get a certificate. So don't fail in this matter.

"Political Looking Glass."

Mr. F. C. Caughman, having met with encouragement in the publication of his book, which has been under preparation for some time, is putting on the finishing touches and the copy will be placed in the hands of the printer for its publication in time for the campaign. Besides exposing the political workings of the past years he will issue a supplement entitled "The Analytic," in which the latest fish fry and other caucuses, office seeker's combine, slate fixing, and wire pulling will be shown. Having embraced the faith of four parties, he is eminently qualified to perform the work he has undertaken, and we are assured that the eyes of the voting population will open wide with amazement and astonishment when they see how they have been used in the game of politics. The book will contain about two hundred pages and the price 25c. Orders may be sent direct to Mr. F. C. Caughman, Lexington, S. C.

Don't fail to register.

If you fail to do so, you may live to see the day when you will bitterly rue the day when you neglected so important a matter.

PENCIL AND SCISSORS.

Wayide Notes Gathered Here and There by a Dispatch Man. Don't fail to register. It is rather dry and dusty. One cannot live on air bubbles of sentiment. Have you registered? If not, do so at once. Local weather prophets predict a short season of summer temperature. While you are meditating revenge the devil is meditating a recruit. Mr. Thomas Drafts has corn on his place knee high. The days of barbecue dinners have bloomed. Our candidate crop is some what backward. We can help one another to live but no man can help another to die. Young peaches and apples are falling from the trees. Cotton has made an excellent stand since the recent rains. Wisdom is knowledge harnessed up and put to plowing. Wheat has run up considerably and a large crop is now expected. Evil is most dangerous when it looks most good. The Pension Board is in session to day completing work before it. No matter what a man does, he should, at least, be consistent. Wrong doing begins with wrong thinking. The price for announcing candidates in these columns is \$3 for the round trip, invariably in advance.

Consumption

AND ITS CURE. TO THE EDITOR—I have an absolute remedy for Consumption. By its timely use thousands of hopeless cases have been already permanently cured. So proof-positive am I of its power that I consider it my duty to send two bottles free to those of your readers who have Consumption, Throat, Bronchitis or Lung Trouble, if they will write me their express and postoffice address. Sincerely, T. A. STODOL, M. C., 123 Pearl St., New York. The Editorial and Business Management of this Paper Guarantees this generous Proposition.

Oats are not so high as some crops get, but they will get amply high to cut. Gardens are not doing so well, and it will take a good hard rain to bring them out. A Western fever is beginning to strike some folks, more so than a political fever. The registration books will close at this place next Saturday. Have you registered? When you come to town don't forget to call and settle your subscription due the Dispatch. The Lexington Literary League will meet at the residence of Mr. W. P. Roof next Monday evening. If some men were as big as they think they are, the world would have to be enlarged. The warm weather has brought mosquitos and flies in super abundance. A three-year-old colt belonging to Mr. D. J. DeHart, accidentally recently snaged itself to death. W. A. Goodwin, Esq., committed to jail yesterday, a negro from his section for burglary and larceny. Always in season, Hopkin's Steamed Hominy (Hulled Corn). Elegant lunch in milk. Ask your grocer for it. There are dull times on the farm when the boy has to turn the grindstone. On the verge of a decision we all tremble—hope pauses with fluttering wings. Woman's genius, if great and true, equals and often surpasses that of the most gifted man. The many friends of Mr. Boynton O'Brien will be glad to learn that he is convalescing from a stroke of paralysis. "The Old 20th" wants the names of all persons who intend going to the reunion of the Confederate Veterans at Richmond. Mrs. Brodie, the mother of Prof. P. T. Brodie, after spending several days with friends at this place, returned home Sunday. Miss Maud Pitts is visiting the family of Col. G. T. Graham, and "Pretty Jim's" smile is now from ear to ear.

Wanted—A reliable lady or gentleman to distribute samples and make a house to house canvass for our Vegetable Toilet Soaps and Pure Flavoring Extracts. \$40 to \$75 a month easily made. Address Crofts & Reed, Chicago, Ill.

Mrs. P. T. Brodie, who has been spending sometime with her parents, Mr. and Mrs. C. S. Bradford, returned to her home at Clemson Sunday.

Hon. J. Wm. Thurmond, of Edgefield, is announced for Solicitor of this, the Fifth Judicial Circuit in these columns.

A lot of beautiful stationery—gilt edge, illuminated tints, cream and white linen, mourning paper and envelopes in boxes, besides all standard articles in this line. An elegant assortment of inks, pens, pencils, etc., just opened at the Bazaar.

DENTAL SURGEONS,

Dr. D. L. BOOZER, J. WILLIAM BOOZER, D.D.S., J. EDWIN BOOZER, D.D.S., Extracting and Artificial Dentures, Filling and Treating Teeth, Crown and Bridge Work. 1515 MAIN STREET, COLUMBIA, S. C. One of the firm will be at Newberry one week, beginning first Monday in each month. At Lexington, the week beginning second Tuesday in each month. Persons making regular engagements will have preference. In order to avoid being crowded out or disappointed or inconvenienced in any way, write to us at Columbia, if only a postal, the day and hour you prefer calling to have your work done. We will reserve this time for you, unless it is already engaged, in which case we will notify you.

Leesville Notes.

To the Editor of the Dispatch: We are having some real summer weather now. Corn, cotton and grass are each trying to win the victory. We hope to note the defeat of the latter in our next. Prof. S. R. Bridges spent Friday, Saturday and Sunday in Columbia attending to business. Mr. E. L. Asbill returned home yesterday from a visit to California. We believe Eddie has about decided South Carolina is the best place in the world. The carpenters have commenced laying the foundation for the beautiful residence of Rev. T. G. Herbert. We are proud to welcome Rev. Herbert in our midst. A party of six, consisting of Messrs. Adams, Coleman, and Vaughan and Misses Snider, Bridges and Adams attended the closing exercises of Prof. Thornwell Haynes' school, near Herbert's Ferry, on Friday night, May 8. At the home of Mr. Whit Sawyer, at 11 o'clock on Sunday, Mr. S. J. Hydrick and Miss Emma Cannon were united in wedlock. May 11, 1896. Sol.

Bishton Items.

To the Editor of the Dispatch: Having seen nothing in your columns from this section in some time, I will endeavor to give you a few lines which I hope will be of interest to your many readers. The farmers of this section are through planting cotton and are ploughing corn, but we are having so much rain at present, they are not doing much with General Green, who is raging with all his fury. When you pass the farms of Mr. A. L. Smith and Mr. J. W. Scofield you will hear the clang of the hoe as the cotton is being put to a stand, especially the latter, who has the largest cotton farm in this section. Mr. J. E. Dunbar and others are trying to get some large bunches of lumber off to Charleston in this rainy season. Mr. Jerome Lucas, who has been very ill, is convalescent. Mr. H. V. Rish, who has been confined to his room for nearly three weeks with pneumonia, has recovered far enough to be out again. The small grain crops of this section are looking very promising at present. It seems as if the matrimonial fever that was raging through this section sometime ago has ceased and politics has taken its place. We are looking for a fine crop of candidates this summer and a general handshaking around among the farmers, because they never forget us on campaign years. Much success to the Dispatch. May 5, 1896. DAN.

Organized Democracy.

SWANSEA, May 2, 1896. The Swansea Democratic club met this afternoon at 3:30 o'clock with a goodly number of enthusiastic Democrats present. A thorough reorganization of the club was made with the re-election of W. H. F. Rast as President and J. L. Johnson Secretary; L. K. Johnson Executive Committee-man. The Peak Democratic club met in the Town Hall at Peak, Saturday evening the 2nd, and re-organized with the following result: J. D. Farr President; J. H. Shell Vice President; McD. Boshart Secretary; D. I. Shealy Treasurer; James B. Addy County Executive Committee-man. Resolution passed instructing the delegates to the county convention to vote only for delegates to the State Convention who will support only men as delegates to the National Convention who will vote for the free coinage of silver, first last and all the time.

A Drowning Saturday.

Columbia State. It was Saturday afternoon about 5 o'clock that Wash Bowman, his wife and a young girl 16 years old, started across the Congaree river 10 miles above here, to visit relatives in Lexington county. When near the Lexington bank, the bateau in which they were, by some means was upset and all three thrown into the water. Wash and the girl were drowned, but his wife managed to save herself by clinging to a tree near the river bank. The bodies were carried several yards down before being washed ashore. They were found yesterday morning.

My Absence Explained.

LEWISDALE, S. C., May 9, 1896. To the Editor of the Dispatch. Please give space in your paper for the following statement: Your report of a statement made before the County Convention on the 4th instant, as to the Lewisdale Democratic club not having been organized was to the effect that the failure to organize said club was due to the unexplained absence of the president. As requested by the County Chairman, I had the Secretary to call out our club and on the evening of the meeting of the club, I sent word to the Secretary that I could not attend, and requested that they organize and elect delegates to the convention, which I think ought to have been sufficient to explain my absence. Respectfully R. L. KEISLER.

MARRIED

On the morning of May 4th, Mr. Angus Harman and Miss Pinkie Swygert were united in marriage at the parsonage by Rev. J. G. Graichen, pastor of St. Stephens church. Mr. Harman lives near Lexington and Miss Swygert is a resident of the Fork. They have our best wishes for a happy and useful life. May Providence ever smile upon them.

Meeting Board of County Lecturers.

The Lecturers' Board of Lexington County Alliance met May 9th, at Lexington C. H., according to the call of County Lecturer. Business of importance was transacted and decided to meet again on July 10, 1896, at 9 a. m. All Sub Lecturers are earnestly requested to be present. D. F. EHRD, Chairman. Enoch Hirt, Secretary pro tem.

British Columbia sends frozen men to England.

C. J. James A. Hoyt was orator on Memorial day in Greenville on the 11th.

An American tourist recently sent his bicycle from London to Paris by parcel post. The cost was only a few pence and he received it in perfect order.

Remembrance is very bitter, and useless as well; to play one's part out bravely in the world it is necessary to have no memory.

Men never fall in love at first with a woman's mind. They may learn to admire the mind afterward, if it is worth admiration, but it is a secondary thing.
