Woman's Work

Is never done, and it is especially wearing and wearisome to those whose blood is impure and unfit properly to tone, sustain, and renew the wasting of nerve, muscle and tissue. It is more because of this condition of the blood that women are run down.

Tired, Weak, Nervous, Than because of the work itself. Every physician says so, and that the only remedy is in building up by taking a good nerve tonic, blood purifier and vitalizer like Hood's Sarsaparilla. For the troubles Peculiar to Women at change of season, climate or life, or resulting from hard work, nervousness, and impure blood, thousands have found relief and cure in

Hood's Sarsaparilla

The One True Blood Purifier. \$1 per bottle. Prepared only by C. I. Hood & Co., Lowell, Mass. Hood's Pills are the only pills to take with Hood's Sarsaparilla.

Meeting of the County Democratic Executive Committee.

A meeting of the County Executive Committee of the Democratic party is called for Monday, July 6th, at Lexington C. H., at 10 a. m. All members are earnestly requested to be in attendance. At this meeting the committee must appoint the campaign meetings, make up the assessments for candidates and settle the plan for conducting the primary election, the kind of tickets to be used, &c. Let every member be on hand. C. M. ERIND, Chairman Dem. Ex. Com. for Lexington County. June 22, 1896.

Three Townships Sued.

The holders of the coupons of the Columbia, Newberry and Laurens Railroad prior to the time that the railroad was completed and received by the Railroad Commission, which the Supreme court, in passing upon the act of 1887, held were not to be paid, upon the ground that the original issue of bonds was unconstitutional, and the act fixing the debt upon the townships having provided that no interest should be paid until the road was completed and received by the Railroad Commissioners, have brought suit in the State courts against the townships separately for the following amounts: Fork, \$1,080; Broad River, \$1,812; Saluda, \$1,338. The papers were served upon Supervisor Smith and the matter will be brought before the Board of Commissioners Monday.

Woodmen of the World.

This is the title of a popular international fraternity of the beneficiary order which is making rapid progress throughout the country. There are 60,000 in the United States and Canada. It is composed of white male persons of sound bodily health, exemplary habits and good moral character, between the ages of 16 and 52-years of age. At death it pays from \$500 to \$3,000 to designated beneficiaries, according to the certificate held, and also erects a monument at a cost of \$100 at every grave. A charity fund is provided for the relief of sick and indigent members. A camp or lodge will shortly be organized at this place by A. M. Boozer, representing the Sovereign Camp. Those desiring information on the subject, should address him at Columbia, and he will take pleasure in giving full information.

Fishing Tackle.

The best and most complete line of fishing tackle, consisting in part of the best silk, cotton, linen and waterproof lines; Limerick steel set, catch, and snood hooks, bobs and flies; pond and river nets, made of gilt thread. Just opened and for sale at the Bazaar.

Card of Thanks.

To the Editor of the Dispatch: Please allow us space in your columns to express our heart felt thanks to our kind neighbors and friends for the generous aid extended to us since our great loss by fire on the 21st day of May, 1896, that left us homeless. May heaven's choicest blessings attend each one that contributed to our wants when we were in sore distress, and rest assured that in our gratitude we are under lasting obligations. Respectfully, Dr. W. S. Keisler, Mrs. E. M. Keisler.

Batesburg Notes.

To the Editor of the Dispatch: News is scarce in our section now; the weather is hot and dry, and the crops are needing rain badly. The prospects for good harvests and rain seem to be encouraging now, and the outlook is not so blue as we have had in past years.

The picnic at Bethlehem, Saturday was a pleasant affair; a large crowd; a good and bountiful dinner, and good speeches by J. Walter Mitchell, Capt. J. G. Able, Rev. E. Hall and J. B. Towell.

The young folks have frequent fishing and other parties. They find it enjoyable to get wagons and other vehicles and all ride out to some cool stream and spend the day. Business in town now is quite dull and merchants and clerks find more trouble in keeping cool than waiting on the trade.

Politics is somewhat quiet and from present indications we will not have a red hot campaign. All seem to be taking things easy though interested in a reasonable degree. The Trustees of the Batesburg Institute have elected Prof. D. W. Daniel of Central, S. C., to take charge of their school. The other teachers have not been elected yet. The sessions will be held in the commodious buildings of the late High School. Prof. Daniel comes highly recommended and his services were sought by several institutions, but the reputation of Batesburg and the prospects of the Institute were high that he gave us the preference.

Rev. T. R. Corr leaves today for Virginia to visit his parents. He will be gone two or three weeks. Nothing new in railroad circles. Work is progressing on the new road satisfactorily I presume. The fruit was not a success this season, though the small quantity shipped gave fair prices.

We are to have a barbecue on the 4th and hope to have speakers and people in abundance. Trust you will again favor us with your presence. Occasional. June 29, 1896.

Notes from Salwood Town.

No news in our small neighborhood town at present. A certain girl in our town is quite lonely since her handsome friend, Miss Carrie Roberts, left her. We sincerely hope and trust that she will soon have her cheerful and lively disposition with us again. It is very hot and dry at present. The crops are suffering for rain, although there has been several nice rains; the latter part of last week, which seemed to do but little good. Several men have had watermelons of their own raising. It is quite early for them as the 4th of July is off considered very early. If this crop fails there will not be any fruit, except blackberries and plums. I'm sorry for the girls, as they will not eat blackberries in any style when they think their fellow is coming. They say they make the teeth dark and that will never do.

The Supreme Court has assigned five days, beginning on Monday, January 11th, for hearing appealed cases from this Circuit. Wednesday, the 13th day of that month, is assigned to this county.

Several new candidates are announced this week. There is still room for many more. Send us \$\$\$ and the announcement, and we'll do the rest. "The tendency to do wrong increases towards night," remarked a well known clergyman, and in this we think he is correct, for when Adam eat the forbidden fruit it was near Eve. Life is an endless chain and the days, weeks, months and years are the links in that chain on earth; and every good deed, every kind word, every pure thought makes up the links of that chain in the eternal world. Charles took only \$100 of the \$1,000 she promised to give to the Jefferson Davis monument. If it is possible that a free silver candidate on a free silver platform will disrupt the Democrat party, it is certain that a gold bug candidate on a gold bug platform will split it to pieces.

Dr. Hite and Mr. W. H. Hare of Delmar, accompanied by two friends from Summit, made a trip to Columbia last Friday on their bicycles and spent the night there, returning by way of Lexington Saturday. They paid us a short visit while here. We have received the announcement of the candidacy of a person for Governor, with which the writer forgot or neglected to send three dollars, the charge for the round trip. Send the \$\$\$, friend, and your announcement will be inserted.

At a meeting of the trustees and patrons of the Palmetto Institute last Saturday, Mr. W. D. Schoenberg was unanimously elected principal. This is an excellent selection and the best interest of the school will be faithfully looked after and the high reputation of the school will be fully maintained and the sphere of its usefulness extended under his management.

Best wishes to the Editor.

The creditors of the Exchange Bank of Batesburg have had the property of Mr. John H. Huet attached. Sheriff Drafts went up to that town yesterday and made the levy.

PENCIL AND SCISSORS.

Wayside Notes Gathered Here and There by a Dispatch Man. Dull, dry and dusty. Don't fail to register. Gardens are burnt completely up. Saturday is the glorious 4th. It is thought that the corn crop hereabouts is a failure. Voters should not neglect to register. Every man who expects to vote this fall must register. A few days last week were the hottest that we have ever experienced. The State campaign is drawing its weary length along. The County Alliance will meet on Friday. Lemons, lemons, lemons, always to be found at the Bazaar. Remember Klapsam & Woods' barbecue at Red Bank Saturday. One cannot live on air bubbles or sentiment, so pay your subscription. A long engagement is what we would call a slow march. Get your job work done at this office. Best work at lowest prices. Miss May Haltiwanger has returned from a pleasant visit to relatives in Prosperity. Keep your town and people before the public by using the columns of the Dispatch freely. This weather is more suited to the desert of Sahara than to this usually temperate climate. Fans are universally waved with great energy and enthusiasm these days. Mr. Charles D. Reynolds, who has been visiting his sister, Mrs. Simeon Corley, left for Boston last week. Always in season, Hopkin's Steamed Hominy (Hulled Corn.) Elegant lunch in milk. Ask your grocer for it. See schedule of the Columbia, Newberry and Laurens Railroad, in this issue, which is now in operation. Watermelons are becoming plentiful. Who will remember the devil by presenting him with a nice, large and juicy one! Pin your tax receipt and registration certificate together. You will have to show both before you can vote. The devil don't care how often you go to church, so long as you stay outside and talk politics while preaching is going on. Announcement of candidates and personal cards MUST be paid for in advance. DON'T expect us to break this rule. The people of the Fork will eat a delicious barbecued dinner at Capt. W. A. Lorick's, on the 4th. Candidates will improve the opportunity to make some spread eagle speeches. To the regret of his many friends Dr. W. T. Brooker has decided not to make the race for a member of the House of Representatives. See his card published elsewhere. Drs. D. L. Boozer & Sons, DENTAL SURGEONS, 1515 MAIN STREET, COLUMBIA, S. C. One of the firm will be at Newberry on a week, beginning first Monday in each month. At Lexington, the week beginning second Tuesday in each month. Persons making regular engagements in any way, write to us at Columbia, if only a postal, the day and hour you prefer calling to work done. We will reserve this time for you, unless it is already engaged, in which case we will notify you.

Old type metal, as good if not better and cheaper than Rabbit metal suitable for mill men, for sale at the Dispatch office. Prof. Sidney J. Derrick has been elected principal of the preparatory department of Newberry College. His many friends here congratulate Mr. Derrick on his promotion and feel assured that the Trustees of the College made no mistake in selecting him to take charge of this department. The following persons have been awarded a pension in class B: W. D. Meets, Chapin; W. J. Assmann, Leesville; W. T. Rister, Hilton; J. S. Derrick, Leesville; J. F. Wise, Gaston; A. O. Banks, Hilton; V. V. Cizm, Swansea; J. J. Joiner, Witt's Mill.

Lessive Items. To the Editor of the Dispatch: Very dry and very hot. Cotton is very small and corn is suffering considerably for want of rain. On Thursday evening at 8 o'clock the young folks in town assembled at the beautiful grounds near Mrs. Belle Kyzer's and enjoyed themselves for about three hours laughing and talking, playing various games and drinking lemonade and eating cake. Another lawn party will be given on Monday evening by the Missionary society. Mr. B. N. Bodie is doing some excellent lecturing during the picnic and lawn party season. Mr. Thos. Adams will be glad to have the candidates and everybody who enjoys a good barbecue dinner come up to Leesville on Registration day, July 24th. About thirty of our young folks organized themselves into an X ray society on Friday night last. Spelling matches, debates and musical entertainments will be given from time to time. The public are invited. Miss Lizzie Mooneyhan of Sumter, is visiting friends in and around Leesville. Mr. S. M. Pearson leaves tomorrow for New York. We are glad to welcome home again the bright face of Miss Daisy Bouknight. Miss Daisy has been attending the Winthrop college at Rock Hill. Guess which one of our young men wants a bicycle built for two? Which one of our candidates says that just one vote will elect him to one of the offices for which he is aspirant? Sol. June 27, 1896.

Waves from Broad River.

To the Editor of the Dispatch: Crops have come to a stand still for the want of rain, and the farmers are delayed in planting their stubble ground. Mr. J. P. Richardson is busy thrashing grain. He is a hustler. The infant child of Mr. and Mrs. W. R. Eleazer died on the 24th ult. They have our sympathy in their bereavement. I hear that J. E. Haltiwanger, Esq., is to take up a singing school in the up country soon. The school will do well in securing his services as he understands music and is very fond of it. Mr. E. S. Wertz, of Newberry College is to commence a school near Selma soon. This is right, patrons, attend to your school. Mr. Wertz is a bright and intelligent young man. Replying to "Pen", I would say that I am not surprised at that fellow looking so solemn when the "girl" told that "she got three or four letters a week." He cut his cards and got left. I asked Misses "M." and "L." how long they are before the mirror every Sunday morning. They could not tell, but I guess very lengthy judging by the hour they came into church last Sunday. Mr. "S. A." and "L." deny the assertion that "prayer meeting is all they want," like all guilty parties will do. Look out for turkey cholera. What "feller" is so bashful that he tries to introduce himself by telling the girls that he has a crib of corn from which he hasn't used an ear. Mr. Wise, near Selma, has been very sick, but I am glad to note is improving under the skillful treatment of Dr. J. W. Eargle. What "feller" hoed one acre of cotton and expected to attend preaching at 9 o'clock and was too late? Can some one give a remedy that would rid the people of that pest, the little black and red ant? If so our lady friends would be greatly obliged! Observer.

The reliable Swift & Courtney parlor matches, (brown head) never draw damp and fail to fire, are on sale at the Bazaar.

It Stands To Reason that 20,000,000 bottles of a medicine could not be sold unless it was good, honest, and did what was claimed for it. This was the fact about Dr. CLARK JOHNSON'S INDIAN BLOOD SYRUP.

In 30 years 20,000,000 bottles of Indian Blood Syrup have been sold to cure Blood Diseases, and it must be a CURE. All the sickness in this world is caused by bad blood; Weakness, Loss of appetite, Dyspepsia, Headaches, Constipation, Liver and Kidney troubles, Scrofula, Pimples, etc. Attack the foundation of disease, cleanse the blood, bring it back to the splendid work intended for it by nature. There may be other ways, but the best is by using the tried and true remedy.

Dr. Clark Johnson's INDIAN BLOOD SYRUP 50c. per bottle; all druggists.
