UNGRATEFUL

We cannot regard the action of the Legislature in deposing Mr. C. B. Calvo from his position as State Printer in any other light than a disposition to exhibit to the country at large the smallness and narrowness of the brain and character of the average South Carolina man in these days of degenerate statesmanship when ignorance and prejudice seemingly overshadow and permeate the halls of legislation. It may have been true, and there doubtless was some irregularity about the appointment of this young man, but if there was it was the outgrowth of a mere technicality through a desire to carry out the intention and purpose for which the law was enacted and not for the purpose of defeating the ends of the law. It is a well known fact that the office of State Printer was created solely as a reward to the elder Calvo for his fidelity to the advocacy of the principles of the Reform Movement, and he having become incapacitated by an unfortunate affliction, from discharging its duties, what was more reasonable than that the duties of the father should fall upon the shoulders of the son that the intent of the law might be fulfilled? Look at the result of the election for State Printer as we will, it seems to us that it was a slap at the State Publishing Company, or in other words they wronged a friend to injure an imaginary enemy. We commend the vote of Senator Griffith, as it shows him to be a broad liberal minded statesman, unwarped by prejudice and uninfused by the factional lash. Mr. Efrid's vote was not published and Mr. Asbill was at home sick from the effects of vaccination.

The judiciary committee of the United States House of Representatives has under consideration Tillman's exercise bill, and advises as to the effect that it will probably be favorably reported and become a law. Gen. Barber appeared before the committee in support of the bill and J. P. K. Bryan, Esq., of Charleston, in opposition.

Senator McLaurin has introduced two important bills which should become laws. The first is to repeal the ten per cent. tax on State banks of issue, and the second is to allow National banks to loan money on real estate. Should Congress see fit to pass these two bills, it will do much to relieve the financial condition of the country.

Mr. W. R. Bullock, Clerk of the Court for Abbeville county, is indicted for forging the name of Judge O. W. Buchanan to jurors and witnesses' pay certificates. He has employed counsel and his trial will come off at the next term of court for that county.

President Dole, of Hawaii, who is in this country to urge the annexation of that island to the United States, has been warmly and affectionally received by the government officials at Washington.

Mr. Hazleden was elected last Wednesday by the Legislature a member of the State Board of Control to succeed Col. Willie Jones, resigned, and on the same day Mr. M. R. Coper was elected a member to succeed himself.

The appointment of E. A. Webster as United States Collector for the District of South Carolina, has been confirmed by the United States Senate.

W. F. Russell has been appointed Auditor of Kershaw to succeed J. R. Drakeford, deceased.

Catarrah Cannot be Cured

With Local Applications, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrah Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrah. Send for testimonials, free.

MARRIED

On Sunday, January 23, 1898, by the Rev. F. S. Hook, Mr. Michael J. Wessinger to Miss Maggie H. Taylor, both of Saxe-Gotha Mills.

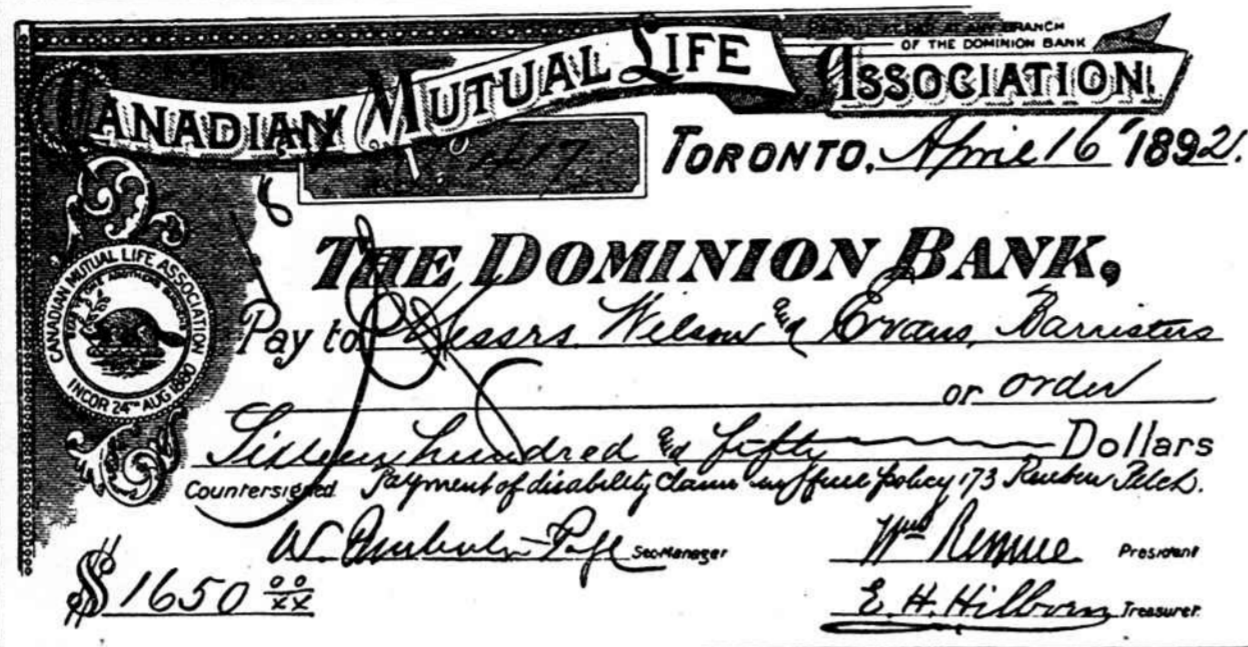

Hilton's Iodoforn Liniment will kill the poison from poison Ivy, counteract poison from bites of snakes, stings of insects. In a sure cure for sore throat. Will cure any case of sore mouth. 25c.

A Total Disability Claim of \$1,650 Paid to a Man who was Afterward Cured.

The Monitor, a newspaper published at Meaford, Ont., Canada, first discovered this case two years ago, and published it at length, which now seems, owing to the cure of it, to be a miracle. The facts were so remarkable that many people doubted the truth of them. They said: "It is too remarkable; it cannot possibly be true; the paper is mistaken, and the man, although he may think himself cured, will soon relapse into his former condition," etc. etc. The accuracy of its report called in question, the Monitor determined to find out definitely whether the facts were as stated and whether the man would really stay cured. They accordingly kept a close watch on the case for two years after the first article appeared, and have just now published another article about it in which the original reports are completely verified, the cure is permanent, and they publish a fac-simile

of the check given by the Canadian Mutual Life Association for \$1650.00 amount of total disability claim paid by them to Mr. Petch.

The first account stated that the patient (see address below) had been a paralytic for five years, that there was such a total lack of feeling in his limbs and body, that a pin run full length could not be felt; that he could not walk or help himself at all; for two years he was not dressed; furthermore that he was not dressed; for that reason almost unrecognizable, and could not get his clothes on. The paralysis was so complete as to affect the face and prevented him from opening his mouth sufficiently wide to take solid food. The doctors called the disease spinal sclerosis, and all said he could not live.

Once they were hard and without sensation. You could pierce them with a pin and I would not feel it, and what is true of my hands is true of the rest of my body. Perhaps you have observed that I have now even ceased to use a cane, and can get about my business perfectly well. You may say there is absolutely no doubt as to my cure being permanent. Indeed I am in even better health than when I gave you the first interview.

Legislative. A bill to construe mortgages of real estate passed its second reading. The following bills of general interest passed to their third reading: Judiciary committee's bill to provide for the manner in which a county court may be established in any county in this State in accordance with Section 1, Article V of the constitution.

Mr. Efrid's bill to authorize and empower the Governor to appoint six constables to serve as peace officers during the Lexington county fair in Lexington county.

The judiciary committee favorably reported on the concurrent resolution by Mr. Efrid, permitting the introduction of a bill chartering the Lexington Electric Railway and Power Company and the report was immediately considered by the House, and the introduction of the bill authorized.

The substitute for Mr. Hydrick's bill, giving Circuit Judges the right to send convicts to the chain gang for five years, was passed to a third reading. The maximum at present is two years.

The bill amending the lien on real estate, was passed to a third reading. This bill puts mortgages and judgments on the same basis as to the time before they can be marked lapsed.

Mr. Magill moved to strike out the enacting words of Mr. Reynolds' bill to extend the rights and remedies of employees of corporations. The effect of which, as explained, was to extend the provisions of the constitution for railway employees' relief and remedies to the employees of other corporations.

After considerable discussion the bill requiring juries to be drawn in public, passed to its third reading.

Mr. Iderton wanted to exempt school trustees from road duty and refund certain fines. Mr. Efrid thought it right to exempt school trustees, but it was not right to refund certain fines. The bill was killed.

The following bills were given their third readings during Saturday: Bill to amend Section 1,692 of the Revised Statutes, being section 125 of the statutes.

Resolution as to paving the street in front of the State House.

Bill to amend an act entitled "an act to declare the law in relation to liens on real estate," approved December 24, 1879.

Bill to construe mortgages of real estate situate within this State, as to building and loan association.

Bill to authorize the Governor to appoint six constables to serve during the Lexington County Fair, in Lexington county.

Bill to enlarge the powers and jurisdiction of Circuit Judges at Chambers.

also the numerous remedies recommended by my friends. Nothing I took had the slightest effect upon me until I began the use of Dr. Williams' Pink Pills. To this wonderful medicine I owe my release from the living death. I have since recommended these pills to many of my friends, and the verdict is always in their favor. I shall always bless the day I was induced to take them.

Such is the history of one of the most remarkable cases of modern times. Can any one say, in the face of such testimony, that Dr. Williams' Pink Pills are not entitled to the careful consideration of any suffering man woman or child? Is not the case in truth a miracle of modern medicine?

To amend section 176 of the criminal statutes of South Carolina, in Vol. 2 of the revised statutes of 1896, relating to entry on lands of another.

Oh, How They Hurt. Neuralgic pains are often so acute, that the poor sufferer becomes, almost frenzied with the intensity of the pain. Salvation Oil will instantly relieve and effectually cure neuralgia, so there is no reason why a moment's pain should be endured.
