If the Baby is Cutting Teeth.

Barbecues This Week.
Killian A. Price will furnish an excellent barbecue at H. L. Price's ginhouse, near St. Paul church, next Saturday. Amid the charming strains of sweet music from Hall's band, the candidates will tell the people why they should be elected to office.

Prevention better than cure. Tutt's Liver Pills will not only cure, but if taken in time will prevent Sick Headache, dyspepsia, biliousness, malaria, constipation, jaundice, torpid liver and kindred diseases. TUTT'S Liver PILLS ABSOLUTELY CURE.

The County Campaign.
The campaign meetings will start at Leesville next Wednesday and ample provisions will be made to feed the people who attend these meetings. Johns & Harman will so abundantly feed them at Leesville that the campaigners will need nothing more to eat until they get to Rish's, on the 12th, where an excellent barbecue will await them.

Success—Worth Knowing.
40 years' success in the South, proves Hughes' Tonic a great remedy for Chills and all Malarial Fevers. Better than Quinine. Guaranteed, try it. At druggists, 50c, and \$1.00 bottles.

The boys of Lexington are greatly excited over the prospects of raising a company from this county for the 2nd regiment. But the whole county is excited over the low prices at which Platt, Hook & Shall, are selling family and plantation supplies, bacon, corn, flour and tobacco. Incipient Fire.
Last Wednesday afternoon about 6 o'clock smoke was seen issuing from the law office of Graham & Nelson, over Dr. J. E. Kaufmann's drug store. Fortunately for our town several persons were standing near and immediately rushed up stairs, broke open the door and found the stack of wood on fire. Mr. John W. Earhardt, Newberry's veteran fireman being among the first to reach the fire, did the proper thing at the proper time, and, with others, succeeded in extinguishing the flames before any damage was done. It is supposed that the origin of the fire was from a cigar stump being thrown among the wood. It was a fortunate thing that the fire was discovered as soon as it was for had it made such headway as to get beyond control nearly the whole of the business portion of the town would have been laid in ashes.

The Mosquito Fleet.
While the Scuffletown Guards had the enemy surrounded in Hen Roost and the Ridge Pea Rifles had those at Watermelon Patch hemmed in, the Mosquito fleet under Admiral Gallinipper, silently sailed up Twelve Mile creek, entered Factory Bay and immediately proceeded to storm Lexington. For several nights the singing of the flying missels was fearful. Men, women and children walked the floors in nervous anxiety, in search of a place of safety. Owing, however, to the bad aim of the gunners of the fleet, none of the houses were hit and about the only damage done, aside from the inconvenience of being kept awake by the "singing", was many small red spots on the body of numerous persons. A detachment of the Guards and Rifles, by force of marches, arrived at the scene of action and by deeds of unparalleled heroic bravery and brilliant maneuvers, finally succeeded in dislodging the enemy, and the fleet then retired to its anchorage in the dark lagoons and shady retreats in and around the mouth of Twelve Mile creek.

Organize Pension Boards.
In compliance with the requirements of Section 951 of the amended pension act, there will be a meeting Saturday, August 27th, at 2 p. m. of the surviving soldiers who were in the service of the Confederate States, or of the State of South Carolina, in the late war between the States, residing in the several townships of the county of Lexington, S. C., for the purpose of electing by a majority vote, three of their members or reputable citizens, who are not applicants for pensions, to constitute and be known as the Township Examining Board of Pensions. The places of meeting at the hour above mentioned, are as follows: Black Creek, at Rishton. Blue Springs, at Clark's Mill. Broad River, at Spring Hill. Bill Swamp, at Swansea. Chingopee, at Batesburg. Coggare, at Brookland. Fork, at Irmo. Gilbert Hollow, at Summit. Hollow Creek, at Pricewille. Lexington, at Lexington, C. H. Saluda, at Pine Ridge Academy. Sandy Run, at Red Store. The chairman of the respective Township Boards will meet at Lexington, on Monday, September 5th, for the purpose of organizing the County Board. S. M. Roof, Chairman County Pension Board.

Don't Neglect Your Liver.
Liver troubles quickly result in serious complications, and the man who neglects his liver has little regard for health. A bottle of Brown's Iron Bitters taken now and then will keep the liver in perfect order. If the disease has developed, Brown's Iron Bitters will cure it permanently. Strength and vitality will always follow its use. Brown's Iron Bitters is sold by all dealers.

Struck and Killed.
Wm. Corley, colored, formerly belonging to Mr. Adam Roberts, and who has been living around Batesburg for some time, met with a horrible death at that place last Saturday night. He was attempting to cross the tracks of the Southern Railway, at the depot just ahead of an engine and tender, which were approaching the depot backwards. He was not quick enough and the tender struck him in the back. He was dragged down the track for over 200 yards, and his body was fearfully mangled. Coroner Craps went to the scene of the accident and empaneled a jury of inquest, which after hearing the evidence, returned a verdict that between the hours of 9 and 10 o'clock on Saturday, July 30, Wm. Corley came to his death by being struck by an engine.

Sunday School Convention.
The Joint Sunday School Convention, which convened in White Rock last Friday, was largely attended by delegates and friends of the convention. Rev. S. C. Ballentine, assisted by his congregation, with his usual thoughtfulness, had all the arrangements made for the entertainment of the visitors. Nothing was left undone which promised to be for the convenience and comfort of those who attended. The work of the convention was successfully and promptly performed and the addresses and debates were of a high and interesting order and were very edifying and instructive.

The singing was exceptionally fine and charming and showed that J. E. Haltiwanger had faithfully and efficiently instructed his class.
The hospitality of the people was unbounded in generosity and the doors and hearts of the people were thrown wide open to welcome the guests.
The officers are: Rev. J. A. Cromer, Brookland, president; Rev. S. C. Ballentine, White Rock, secretary; J. W. Dreher, Esq., treasurer.

From the statistical report following is taken: Schools reported, 33; teachers, 248; pupils, 2,675. There were present 69 pastors, superintendents and delegates.
Sermons were preached by Rev. E. L. Lybrand of Brookland, Rev. T. W. Shealy of Graniteville, Rev. A. R. Beck of Rightwell, and Rev. C. P. Boozer of Etheredge.
Numerous candidates were on hand and some put in telling ticks, but mixing religion and politics for the sake of being elected to office is a reprehensible piece of business and it should not be countenanced by those who esteem the religion of Jesus Christ above all else.

The Barbecues Last Week.
Mr. Daniel Drafts' barbecue on Saturday of last week, was by far the largest one held this season. People from far and near were present in large numbers and the candidates for the various county offices were much in evidence. Dr. Stokes and Mr. Brantley, candidates for Congress were present and addressed the people on national issues. That of Frye & Taylor, near Lewisdale, while not having so much politics mixed up with it, was none the less a pleasant one. The neighborhood turned out to have a good dinner and spend a pleasant day in social intercourse.

The barbecues given last Saturday were well attended by the people of the vicinity in which they were held. Both Dr. Stokes and Mr. Brantley, candidates for Congress, spoke at Batesburg and some of the county candidates of Lexington and Saluda counties were also present.
The one at Riston given by D. F. Shumper was a very quiet, but enjoyable affair, more like a family reunion. Everybody went to have a good time and in this respect they were not disappointed. The young folk tipped the light fantastic toe till the shades of night came stealing on.

Spain Accepts America's Peace Terms.
The following is the official statement given out by authority of the President at the state department as to the terms of peace offered by the United States. In order to remove any misapprehension in regard to the negotiations as to peace between the United States and Spain it is deemed proper to say that the terms offered by the United States to Spain in the note handed to the French ambassador are in substance as follows: "The President does not now put forward any claim for pecuniary indemnity, but requires the relinquishment of all claim of sovereignty over or title to the island of Cuba as well as to the immediate evacuation by Spain of the island; the cession to the United States and immediate evacuation of Porto Rico and other islands under Spanish sovereignty in the West Indies; and the like cession of an island in the Ladrones. The United States will occupy and hold the city, bay and harbor of Manila pending the conclusion of a treaty of peace which shall determine the control, disposition and government of the Philippines."

Good News from Col. Willie Jones.
The War Department Grants All That Was Asked
The (Columbia) State.
There may be some hope yet for the second regiment, and everybody will be delighted to hear the good news sent yesterday by Col. Willie Jones in a telegram from Washington to Gov. Eberle.
During the morning this is the information which came from the commander of the regiment, who went to Washington a few days ago: Washington, July 31. Gov. W. H. Eberle, Columbia, S. C. With valuable assistance of Senator McLaurin the war department has granted all we wanted, and I do not think there will be any trouble to get up second regiment now. Willie Jones.

This is a better result than many looked for, and it shows that the administration is willing to give this State all the assistance she needs and that South Carolina's second regiment is wanted.
Col. Jones said before leaving that he would ask Secretary Alger to allow him or Capt. Fuller to appoint at least six or eight additional mustering officers and also local examining physicians in any town where it was likely recruits could be had. Col. Jones thought if these and a few other minor points were granted him that the regiment could be formed in a short while, and from his telegram it is seen that his requests have been granted in full.
This will put new life into the work of recruiting, and everybody in the State will be glad if the new rules should prove effective enough to make the second regiment assured.

Dear Sir: I take pleasure in saying that the "ROCK HILL" BUGGY I purchased of you more than three years ago has given satisfaction. I have run it about fifteen thousand miles and it is still in good running order. I have not paid out one dollar on it for repairs during all this time. Very truly yours, JOHN B. WILSON.

NOTE—"ROCK HILL" Buggies are made with the greatest care and from the best material obtainable, and are warranted as represented. They cannot, therefore, be sold at the price of "cheap john" stuff made hurriedly, painted quick and thrown together. But the advance in price is so very little above the Western trash that no sensible man will object to pay it in order to get something like Evans is the best. Sold by all first class dealers in every town and city in the South. When you need a buggy insist upon your dealer supplying you with a "ROCK HILL." If he will not do it because the profit to him is nothing like what it would be on the cheap-trap stuff, write us. We'll see you get a genuine "ROCK HILL" Buggy at the right price.
