Sold by Julian E. Kaufmann. Fine Corn. Mr. Pat Bickley, who resides near Hilton in Dutch Fork, was in town last Thursday and paid us a business

and social call. He claimed to have just sold twenty bags of sea island cotton of this year's growth, which were raised on the rocky hills of his farm and thought he would drop in and replete our depleted treasury by the addition of a cart wheel. Speak ing of his corn crop he says that he has the finest crop in the United States. By way of illustration he says the other day one of his boys climb a corn stalk to see how the corn was getting along, and "now the corn is growing up faster than the boy can climb down. When he left home the boy was plum out of sight. Three men had undertaken to cut down the stalk with axes and save the boy from starvation, but the stalk grew so fast that they couldn't whack twice in the same place. The boy is living on nothing but raw corn, and at last reports he had thrown down four bushels of cobs." Mr. Bickley is losing no sleep over the fate of his boy and philosophically remarks that if the corn keeps agrowin' the boy will solve the problem as to the habitability of the planet Mars. Those who know Mr.

Enjoyed the Fourth.

NEW CHARTER OF HABANA GIVES ENLARGED POWERS.

Will Go Into Effect This Week--Municipality Will Have Complete Control of All Its Affairs.

Habana, July 8 -The new charter of the city of Habana will go into effect immediately after its publication, which will be made this week. The powers of the recently elected officials are hereby greatly increased. The city will have control of all matters within its boundry, particularly the establishment and regulation of the city administration, the adoption of measures relating to the use, arrangement or ornamentation of public ways, the comfort and health of the inhabitants, the promotion of their material and moral interests and the security of their persons and

Neither the central nor provincial government shall have power to intervene in matters placed under the control of the city officials. This gives more complete power than was ever before given to a municipality in the island. The granting of a charter to Habana will doubtless be followed by the granting of charters to other cities as soon as the -documents can be prepared.

The orders for the removal of a large number of troops from Cuba recently issued have been gladly welcomed by the Cubans, and Gen. Wood is in receipt of many letters from various municipalities offering thanks for what they call his disposition to trust the Cubans, and declaring that the entire island is in a state of absolute tranquility. The Tenth infantry, it is believed, will leave the island shortly after the departure of the regiments now under orders to proceed home.

Gov. Wood probably will visit the United States soon, leaving here next Saturday to escort Mrs. Wood to the United States.

CASUALTIES IN LUZON.

Americans Lose 11 and Filipinos 160 During the Week.

Manila, July 8 -The past week scouting in Luzon resulted in eleven Americans being killed and sixteen wounded. One hundred and sixty Filipinos were killed during the week and eight Americans who had been prisoners in the hands of the rebels were surrendered and 100 rifles were turned over to the United States officials. The enemy ambushed a wagon train between Inding and Naic. The Third infantry lost nine men, while on an expedition to punish the Ladrones in the delta of the Rio Grande.

In the Antigus, province of Paney, a running fight of three hours duration resulted in the killing or wounding of 70 of the enemy. There were no casualties among the Americans.

The insurgents are slowly accepting the amnesty provisions. In some instances the Americans are suspending operations, in order to give the rebels an opportunity to take advantage of the decree.

Teachers' Summer School. Office of Co. Supt. Ed, Lexington, S. C.

July 7, 1900. The State Legislature, at its session in 1897 98, passed an act appropriating five thousand dollars from the dispensary profit to be used with the funds derived from the Peabody bequest, in running Summer Normals in each county in this State for the purpose of raising the standard of

teachers of the free public schools. The Summer School for Lexington county, will open on the 1st day of August in the Classical Institute building, and continue four weeks under the management of Prof. Paul P. Brodie as principal, and Prof. J. J. George, assistant.

In this school will be taught Algebra, Arithmetic, Physology, Geography, English Grammar and U. S. History. Those who expect to attend this

school will please bring the text books they have on these subjects. I shall be pleased to give further information, if possible, to those who desire it.

Very respectfully, J. E R Kyzer, Co. Supt El.
