ECZEMA'S ITCH IS TORTURE.

ECZEMA is caused by an acid humor in the blood coming in contact with the skin and producing great redness and inflammation; little pustular eruptions form and discharge a thin, sticky fluid, which dries and scales off; sometimes the skin is hard, dry and fissured. Eczema in any form is a tormenting, stubborn disease, and the itching and burning at times are almost unbearable. The acid burning humor seems to ooze out and set the skin on fire. Salves, washes and other external applications do any real good, for as long as the poison remains in the blood it will keep the skin irritated.

BAD FORM OF TETTER.

"For three years I had Tetters on my hands, which caused them to swell to twice their natural size. Part of the time the disease was in the form of running sores, very painful, and causing me much discomfort. I had consulted several doctors and they could do nothing for me. I took only three bottles of S. S. S. and was completely cured. This was fifteen years ago, and I have never since seen any sign of my old troubles."—Mrs. L. B. JACKSON, 2414 McGee St., Kansas City, Mo.

S. S. S. neutralizes this acid poison, cools the blood and restores it to a healthy, natural state, and the rough, unhealthy skin becomes soft, smooth and clear. It cures Tetters, Eruptions, Itch, Scabies, Psoriasis, Salt Rheum and all skin diseases due to a poisoned condition of the blood. Send for our book and write us about your case. Our physicians have cured these diseases a life study, and can help you by their advice; we make no charge for this service. All correspondence is conducted in strictest confidence.

Klondike's Epistle to the Lexingtonians.

To the Editor of the Dispatch:
News is a little scarce, but will send you what I have and hope for more later.
At Tabernacle church last Sunday, Bob Burgess, colored, and his son Ned, got in a fuss. Ned shot his father twice—once ball striking him in the left hand, and the other passing through his breast, killing him almost instantly. Thus we see the scripture being fulfilled, "The son shall rise up against the father."
Some of the crops in our community are looking very well, but most of them are needing rain badly.
One night last week an unknown party entered the home of M. J. Kyzer and relieved his purse of \$26. There was \$48 in the book and the kind (?) thief unrolled the bills, took \$26 and very thoughtfully left the balance in care of the owner. Rev. Kyzer thinks real hard of the scoundrel for not leaving him at least half of the amount, and asked me to say that, if the thief feels any compunctions of conscience or visitings of nature and wants to return the \$2, he will gladly receive it at any time.
Rev. J. E. Crim will assist Rev. Kyzer in a series of religious meetings at Mt. Ebal, beginning the first Sunday in August.
The "Oak Grove" church will hold its meeting beginning the second Sunday in August.
The mail boxes have come for the rural free delivery from Lewisdale, and everything is in readiness, but Uncle Samuel burrieth not. The carrier's patience is stretched almost to the breaking point. I hope the service will start when it comes, for if it was to leave we would not have patience to hope for its return.
Miss Sue Corley is teaching a summer school at "Smith Branch." She will also teach the regular session there. The trustees are very fortunate to secure the services of so able and amiable a teacher as Miss Sue.
Prof. Marsh is also teaching a school at "Dick Hill," while our diligent friend and coming statesman, Mr. Capers Lewis, is teaching the young and tender minds of Waterford.
We found Mr. J. C. Simonds this morning setting upon the comb of his house—it is a 11 pound boy.
The liar is abroad in the land. Has he been to your house or did he go out from your house?

The Alabama Holler.

To the Editor of the Dispatch:
If you will give me a few lines of your valuable space, I will give your readers a short letter from Alabama. This State, as far as I have been, is rather mountainous but very fertile. The crops generally are backward, but good. The seasons in Lee, Chambers and Randolph counties have been quite favorable for the farmers. These three counties are all that I have been in yet. There is plenty of old corn in the country.

The following recommendations

have been made for rivers and harbors in this State: Winyah bay, \$25,000; Santee river, \$48,000; Congaree river, \$54,000; Charleston harbor, \$100,000.
The monument erected to the memory of the Confederate dead by the ladies of Aiken, was unveiled in that town on Tuesday of last week in the presence of a large gathering of people.

A Deep Mystery.

It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phebe Cherley, of Peterson, Ia., "and a lame hack pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I am now able to do all my housework." It overcomes Constipation, improves Appetite, gives perfect health. Only 50c at J. E. Kaufmann's drug store.

Meeting of the State Committee.

When the State Democratic Executive Committee met in Columbia last Thursday evening Casirman Jones stated the object of the meeting to be the arrangement of a primary to nominate some one to fill the unexpired term of the late Dr. Stokes.
The following members of the committee were present, the counties of Charleston, Cherokee, Chesterfield, Colleton, Darlington, Dorchester, Edgefield, Georgetown, Greenville, Hampton, Kershaw, Oconee, Saluda, Spartanburg, Union and Williamsburg had no representative: Abbeville, A. W. Jones; Aiken, W. W. Williams; Anderson, J. Perry Glen; Bamberg, E. T. LaFayette; Beaufort, G. Duncan Estinger; Beaufort, Thomas Martin; Chester, T. J. Cunningham; Charleston, Louis Appel; Darlington, A. L. A. Peritt; Fairfield, T. H. Kitchens; Florence, D. H. Traxler; Greenwood, D. H. Magill; Horry, J. A. McDermott; Kershaw, J. C. Richards; Lancaster, T. Y. Williams; Laurens, N. B. Dial; Lexington, D. J. Griffith; Marion, S. G. Miles; Marlboro, W. D. Evans; Newberry, W. O. Tatum; Orangeburg, W. O. Colton; Pickens, R. F. Smith; Richland, Willie Jones; Sumter, R. D. Lee; York, J. C. Wilborn; B. R. Tillman, national executive committee; Willie Jones, chairman, Columbia; U. X. Gunter, secretary, Columbia.

Mr. R. D. Lee, of Sumter, then offered the following resolutions:

Resolved, That the date of the Democratic primary election in the Seventh Congressional District be fixed for the last Tuesday in August, being the 27th of the month.
Resolved, That the Democratic campaign in said District be opened on the first day of August, and continue to the 24th day of August.
Resolved, That the dates and places of the campaign meetings be as follows. (To be inserted by the committee)
He also offered the following:
Resolved that the Democratic county chairmen in the counties and parts of counties of the Seventh Congressional District are hereby instructed and requested to make all necessary arrangements for the primary election and for the meetings.
Resolved, That the candidates be assessed \$50 dollars each, as in the regular primaries payable on the day that the campaign opens.
Mr. Tatum thought that the date named rather early; that the last of September would suit better. He moved to amend by changing to make it the middle of September.
On motion of Mr. Magill the whole matter was referred to a committee consisting of the members from the Seventh District. This committee returned, reporting that the resolutions be adopted as presented, however, changing the date for the primary to September 10, and for the campaign to open on August 6 and conclude on September 4.

Head Quarters, Camp Steadman, No. 668, U. C. V's,
Lexington, S. C., July 13, 1901.
The seventh annual meeting of Camp Steadman, No. 668, U. C. V's, will be held at Lexington, S. C., on Tuesday, August 13th, 1901, at 10 o'clock a. m. This will be a meeting of importance and it is earnestly desired that each and every member be present in attendance at the same. New officers will be elected for the coming year, and as the welfare of the camp depends upon the actions of its officers, members should come to the meeting prepared to vote for good and active men.
We hope to have several speeches on the occasion and thereby make the meeting not only interesting but beneficial to those who attend.
A cordial invitation is hereby extended the general public to be present. By order of
J. H. Counts, Commander.
H. A. Spann, Adjutant.

the members of the committee from the Seventh District the work of canvassing the returns and declaring the results.

There was considerable discussion over the proposition by Attorney General Bellinger not to assess the candidates anything so far as the county commissioners are concerned. He held that the assessments by both this committee and the county commissioners was tantamount to ruling a poor man out of the race. The counties put on other assessments, and there were contest expenses, newspaper advertisements, etc. He told something of the way the thing worked in his own experience. He warned the committee that this was leading to debarring any man who was not a wealthy man from every race for congress. He was opposed to levying any unnecessary assessments.

Mr. Tatum agreed somewhat with Mr. Bellinger and Mr. Martin thought the commissioners should make the assessment.

Mr. Appelt thought that several counties would need money.
Mr. T. Y. Williams favored Mr. Bellinger's motion. He said this power of county commissioners was abused in many counties.
Mr. L. suggested that the successful candidate be required to pay \$500. Let the man who gets the honors and emoluments of the party pay the expenses.
Mr. Appelt wanted to amend so that no county could assess a candidate over \$50 each.
Mr. Bellinger said that the committee must decide not to make any assessments itself leaving it to the counties, or vice versa. Some counties did not pay any election expenses. The counties inimical to a candidate could assess him out of the race. If the counties were allowed to assess he would move to reconsider the \$50 State committee assessment.
Mr. W. D. Evans wanted to allow the county chairmen to draw on the State chairman for an amount not exceeding \$50.
Mr. Tatum wished the limit in the counties fixed at \$10 each for the candidates.
Mr. Dial moved to table the Bellinger motion.
Senator Tillman then slowly rose and said: "We live in a commercial age—we've heard something of that brand of Democracy recently." Did the candidate go to congress to represent the people or himself. Were they going to put up officers here for sale? When you make it a matter of purchase and rule poor men out, you put the offices up at a price. This thing should be put on a plane of honor and duty. We are "commercial Democrats" in paying ourselves the cost of our expenses here. He didn't believe that this committee ought to pay itself even though it had been done all along. It was unfair for them as Democrats to make candidates pay for the offices.
The committee declined to table Mr. Bellinger's motion and it was adopted, refusing permission to counties to assess.

Mr. Tatum offered a set of resolutions of respect in regard to the late Dr. J. Wm. Stokes. These resolutions were thoroughly eulogistic. They were adopted by a rising vote.

Mr. D. H. Magill was about to drop his loaded resolution, when Mr. Bellinger offered resolutions of respect to the memory of the late Hon. W. H. Mauldin and G. J. R. D. fern, members of the committee, who had died since the last meeting. The resolutions were adopted by a rising vote.

The Best Remedy for Stomach and Bowel Troubles.

"I have been in the drug business for twelve years and have sold most all of the proprietary medicine of any note. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy, for all stomach and bowel troubles," says O. W. Wakefield, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords a quick and sure cure in a pleasant form." For sale by J. E. Kaufmann.

A Good Cough Medicine.

Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. If afflicted with any throat or lung trouble, give it a trial for it is certain to prove beneficial. Coughs that have resisted all other treatment for years, have yielded to this remedy and perfect health been restored. Cases that seemed hopeless, that the climate of famous health resorts failed to benefit, have been permanently cured by its use. For sale by J. E. Kaufmann.

NEWBERRY COLLEGE.

Reunion of Alumni, Faculty and Friends at Little Mountain.

Little Mountain, July 22.—The reunion of Newberry college at Little Mountain will be held Friday, August 9th. For several years these annual meetings have been well attended and have been beneficial to the institution as well as a source of much pleasure to its friends. It is hoped that the date selected will suit the convenience of all, and that many will show their interest in the college and Christian education by their presence. The people of Little Mountain are always glad to have these meetings in their midst, and spare no pains in making them a success.
The opening address will be made by Mr. C. D. Epting of the class of 1901. Addresses on educational topics will be made by Prof. W. K. Sligh of the college, Prof. J. B. O'Neil of Holloway of Orangeburg, Col. J. B. Wingard of Lexington, J. B. Hunter, Esq. of Newberry, Rev. A. R. Beck of Richwood and Col. E. H. Aull of Columbia.

Heartburn.

When the quantity of food taken is too large or the quality too rich, heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by J. E. Kaufmann.

Court of Inquiry.

On account of a slanderous and cowardly attack made up his character as a soldier and gentleman in Maclay's History of the Navy, Admiral Schley has demanded a court of inquiry, which has been granted by Secretary Long and Admiral Dewey, and Rear Admirals Kimberly and Benham have been named as the Board.
The grounds upon which Schley is criticised are:
First. Because of his temporary withdrawal before Santiago on account of the lack of coal.
Second. Because of his reconnoissance of the defenses and Spanish ships in Santiago harbor.
Third. Because of the Brooklyn's famous "loop" movement in the battle of Santiago.
Schley explains the charges made as follows:
First. His temporary withdrawal from Santiago was because of a letter from Admiral Sampson, dated May 20, 1898, in which he said: "If the Spanish ships have put into either Havana or Cienfuegos. Our best chance of success is to hold these two points—Cienfuegos and Havana. Until we receive more definite information, we shall continue to hold Cienfuegos and Havana. Hold your squadron off Cienfuegos."
Second. Having made a reconnoissance to develop the enemy's position, and incidentally to injure or destroy the Colon, moored well up in the harbor, the presence of the enemy was determined and it was decided not to risk a serious disablement until re-inforcements arrived.
Third. The "loop" of the Brooklyn was the crucial and deciding feature of the combat and of decided advantage. Because of the course the Spanish fleet, had the Brooklyn headed eastward to meet it, she would have blanketed the fire of the

eastern vessels of the fleet on changing their courses to westward and between them and the Spanish fleet.

"The Maria Teresa attacked and opened fire upon the enemy's battleship of a type of the Indiana and Iowa, launching herself particularly against the Brooklyn, which was the most dangerous obstacle in our path."
CAPTAIN CONCA'S EXPLANATION.
"I was commander of the Infanta Maria Teresa. In accordance with previous instructions the Teresa was headed toward the Brooklyn, hoping to ram her. This was frustrated by the Brooklyn's frequently discussed "loop," which brought the Texas and Iowa between her and the Teresa."

LIGHTNING'S WORK.

Two Anderson County Farmers Killed on Tuesday.

Special to the State.
Williamston, July 16.—At 3:30 o'clock this afternoon, during a severe electric storm, Henry Davenport and Ezell Harvey, two industrious farmers living three miles above Williamston, who were at work in the field, took shelter from the rain under some pines, when they were struck by lightning and both killed instantly. The bodies were removed to Mr. Davenport's residence an hour later and Dr. Frank M. Lander did every thing possible to re-animate them, but their lives were extinct.
Mr. Davenport was 41 years of age and leaves a wife and eight small children, the eldest being but 14 years old.
Mr. Harvey was 26 years of age and leaves a wife with three children, the youngest being a baby two months old.
By that fatal bolt 11 children are fatherless, two wives are widows and two homes wrecked.

Tot Causes Night Alarm.

"One night my brother's baby was taken with Croup," writes Mrs. J. C. Snider, of Crittenden, Ky., "it seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infallible for Coughs, Colds, Throat and Lung troubles, 50c and \$1.00. Trial bottles free at J. E. Kaufmann's.

Second Crop of Irish Potatoes.

Carolina Spartan.
If one could get a good stand of potatoes between the 15th to the 30th of August, there would be no doubt as to an abundant yield, provided there were showers in September. Now and then one may secure a stand but planting the potatoes as they are taken from the ground will seldom give good results. The best way is to take up your potatoes when mature. Place them in a cool, dark place and spread thin and let them dry about two weeks. If you wish to plant one bushel, select two bushels of the potatoes and bed them out in a good place. Cover with a layer of leaves or straw and then put two or three inches of dirt on them. When they have been in the bed about twenty days take off the dirt and straw and pick out the potatoes that show signs of sprouting. In that way you get a good stand. planting this fall crop the ground should be broken deep and well pulverized. The potatoes should not be planted on a ridge, but in a deep furrow below the surface. As they grow work a little dirt to them so that the ground will be about level. That plan will insure a crop if the rain comes.

In Memoriam.

At the same place, and at the same time, and by the same divine will, the same audience the funeral service was held in memoriam of Samuel Houston Howard, who died in Augusta, Ga., on the 6th and his remains were brought here for interment. He was born in old Lexington, October 7, 1839, and died July 6, 1901, making his life's journey 61 years and 7 months. He was the son of the late Capt. Wm. Howard, who preceded him to the spirit land a little more than a year ago. His mother was Mary, the daughter of John Quattlebaum, a Revolutionary war hero.

In the year 1866, on the 30th of
