Laxative Bromo-Quinine Tablets the remedy that cures a cold in one day

### Fire at White Rock.

News has been received at this place, that the Lutheran parsonage at White Rock was entirely consumed by fire Monday night. The fire originated from a defective stove flue. The pastor, Rev. S. C. Ballentine, saved all his household goods, but all his kitchen furniture was destroyed. There was no insurance on the property and the loss falls heavily upon the Lutherans of Bethel charge. About a year ago they succeeded in lifting the mortgage and having the parsonage painted.

### Holiness Meeting.

Dr. Carradine who is to conduct two services each day at Leesville during the South Carolina Holiness Association, announced in another column, is perhaps the most popular and successful preacher of the doctrine of Holiness. He is in great demand all over the United States and his dates are all usually made one year in advance. It is for the first time he has attended this meeting or ever been in reach of our readers. Large crowds of people will doubtless improve this opportunity to hear him.

# The World's Greatest Fever Medicine.

Johnson's Tonic does in a day what slow Quinine cannot do in ten days. Its splendid cures are in striking contrast with the feeble cures made by Quinine.

If you are utterly wretched, take a thorough course of Johnson's Tonic and drive out every trace of Matarial poisoning. The wise insure their lives and the wiser insure their health by using Johnson's Chill and Fever Tonic. It costs 50 cents if it cures; not one cent if it does not. 20 - 12m

### A Sad Accident.

A sad and at this writing an unexplained accident happened to Louis, the bright and promising young son of Mr. and Mrs. E. B. Roof, last Saturday afternoon. His brother, Carl, on going to the lot in rear of the house, found little Louis in an unconscious condition with blood flowing from wounds in the head. He was removed to the house and the family physician, Dr. M. Q. Hendrix, was hastily summoned and found that there were three wounds in the right temple, the outer and inner ones having the appearance of being inflicted by the heads of horseshoe nails and the middle, and more serious, wound fractured the skull. How long he had been wounded before he was found and how and by what means he received it is only matters of speculation, as his condition is such that he is not permitted to talk of it at present. He is conscious now of what is going on around him, recognizes his friends who have called to see him and is doing as well as could be expected under the circumstances. The doc-

tor holds out hopes for his recovery.

Wanted. Trustworthy men and women to travel and advertise for old established house of solid financial standing. Salary \$780 a year and expenses, all payable in cash. No canvassing required. Give references and enclose self addressed stamped envelope. Address Manager, 355 Caxton Buildng, Chica go.

Prices Knocked Out of Site.

There is a firm of merchants in Columbia who are making it hot for fake cost sales. The prices named on the fourth page of this issue are bewildering and knocks the bottom clean out of competition. Nothing like them have ever been heard of before and they cannot be approached. One of the firm of Bates & Walker, of Columbia, will leave at an early date for New York and other business centres to lay in one of the largest and most complete stocks of dry goods, clothing and shoes ever brought to Co lumbia, and they will continue to do business on the same motto of selling honest goods at honest prices, therefore if the purchasing public desire to get their moneys worth everytime, they should go there to do their trading.

"When I first wrote to Doctor Pierce concerning my health," says Mrs. Mollie E. Carpenter, of Linaria, Cumberland Co., Tenn., "I was so weak I could only write a few words until I would have to rest; was so weak I could hardly walk. Words cannot express my sufferings: dimness of sight, palpitation, shortness of breath, black spots or else shining lights before my eyes, terrible headache, numbness in my arms and hands and tongue, also my jaws would get numb; constipation, falling of the uterus, disagreeable drains, soreness through my bowels; in fact I was diseased from head to foot. Now I can do my own washing and cooking. I can take a ten quart pail in one hand and a six quart pail in the other (full of water), and carry both one-fourth of a mile and never stop to rest.
