## The Lexington Disparch

## Wednesday, November 13, 1901.

## THANKSGIVEN DAY.

### Governor McSweeny Issues His Proclamation.

The Governor has issued the following Thanksgiving proclamation:

It is a beautiful and timehonored custom which sets apart one day in each year as a day of thanksgiving and prayer for the blessings of life and liberty which we enjoy.

In our State there has been nothing during the year to mar the happiness and prosperity of our people, and the labor of our hands has been amply rewarded. Good feeling continues to be manifested, and we have been spared any visitation by plague or pestilence. The education and moral uplifting of the people is evidenced on every hand, and the material progress and development of the State call forth the favorable comment of all thoughtful people

To the end, therefore, that we may give evidence of our appreciation to the Giver of all good, and without whose sustaining hand we could do nothing, and in conformity to the proclamation of the President of the United States, I, Miles B McSweeney, governor of the State of South Carolina, do hereby set. apart Thursday, the 28th day of November, 1901, as a day of thanksgiving and prayer to be observed by all the people of this State.

On this day let all the public offices be closed, and all private business and labor of every kind cease, and let our people assemble in their accustomed places of worship and render thanks to our Heavenly Father for the blessings we enjoy, and beseech Him in humility not to withhold His sustaining hand, but to continue the sunshine and the rain, the seed time and the harvest. It is proper on this occasion, also, to remember the poor and the orphan. In no better way can we show our appreciation of the good things we enjoy than by giving to those who need our gifts.

## \$100 Reward \$100.

The readers of this paper will be please to learn that there is at least that is Cutarrb. Hall's Catarrb Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work The proprietors have so much faith in its corative powers, that they offer One Hundred Dollars for any case that it tails to cure. Send for list of testimouials. Sold by all druggis's Price 75 cents.

met in the room spoken of. Oue cf our number had a copy of the Great Light It devoived on the writer to test the brethren. After doing +0, and all found to be Masons in good standing, we proceeded to organize an informal lodge for instruction, our jewels being cut out of paper. Boxes, properly placed, formed the stations and altar. Having tools to work with, our great lights in place, we proceeded to elect officers. The writer was elected Master; Wardens, Secretary and Treasurer being chosen all appointive places filled, one of our number was taken and initiated an entered apprentice and duly instructed. What one of us was at a loss to give some brother could. Since that time I have often thought it was the most thorough initiation I ever witnessed.

After the initiation (not being hampered by any Grand Lodge to the contrary) we proceeded to confer so-called side degsees, and the victime, I have no doubt, were forcibly impressed with the ceremonies. Near morning we closed our lodge.

We soon met again, opened our lodge, and, taking one of our number, proceeded to pass him to the second degree, and if anything was passed, necessary to fully make a fellowcraft, it was not our intention. After our regular work being through the Confederate doctor came up, was tested and found a bright Mason. For the next two or three hours all enjoyed themselves. The doctor had many so-called sidedegrees that we were not in possession of, and he had as many victims as he could handle, and we, to reciprocate, taught the doctor some things not in his Masoria Medica.

We closed the lodge near morning and soon met again. The moon, edicts or regulations didn't hamper us. At this meeting the third degree was our lesson, and the brother who acted as our candidate was of the opinion when we got through that he had been raised. I think our first meeting was in the first days of January, 1865. I have no record and have to trust to memory. We met quite often up to the time we left the prison, February 17, 1865 For some years after coming home I had the names of the brothers comone dreaded disease that science has posing this lodge for instructior, but been able to cure in all its stages, and the list has been misplaced. I have not met one of them since we were exchanged. John M. Godown, of Fort Wayne, Ind., was one: Smith, of Penneylvania, another: Lock, of Vermont, another: a first lieutenant of the 2od Michigan cavalry, another. His name has passed from me, but he was the best posted of our 1 um. ber. He could take any part and do the work correctly. The others I cannot recall, but just remember how most of them looked

## White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured " A trial proves its matchless merit for all Stomach. Liver and Kidney troubles. Only 25c. Sold by J. E Kaufmann, Druggist.

Hall's Family Pills are the best.

A PRISON LODGE.

Organized by Federal Prisoners in Columbia with the Hearty Co-operation of the Confederate Surgeon. Masons from Nine States Represented.

From the American Tyler.

Brother J. T. Parker, of Webb Lodge, No. 182, in Sigourney, Iowa, tells the following interesting story of his connection with a Masonic lodge which was held in a Confederate prisot :

In the fall and winter of 1864-65 it was my unhappy lot to be confined with a large number of Union officers in the military prison of Colum. bia, S C, a part of the time in the lupatic asylum in the eastern part of the city. While there a number of us who were Masons consulted together and agreed, if we could get the psivilege to meet in an upper room over the Confederate physician's office and post up. (as we had become somewhat rusty,) we would organize a lodge for instruction. The writer, with two others, were designated a committee to interview the doctor in charge. We did so, and he most cheerfully granted our request and promised to meet with us. The same evening some eleven of us, nine States being represented, is to show that one is below it.

I have made the claim that I am the only Mason in the United States that ever was Master of a lodge in a Confederate prison.

Saved Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and to day she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c. and \$100 bottles guaranteed by J E Kaufmann Trial bottles free.

## French Marines on Mitylene

Paris, Nov. 7 - A dispatch from Admiral Caillard has been received, announcing that he landed marines on the Island of Mitylene this morning and occupied the customs at Midilli without resistance.

The French government has received satisfactory replies from the powers, without exception, to its note explaining the measures taken against Turkey.

Au excellent impression has been created in official circles by the tone of the response of the United States, which is couched in the most friendly terms.

To be vain of one's rank or place,

## Crime in Greenville.

Greenville, November 7 .- The reported criminal outrage near Pelzer has been discussed here today but it is difficult to get any information from Pelzer and answers to phone messages have been vague and indefinite. The outrage seems to have been committed upon a little girl named Palmer, whose father is a well known citizen, and there is no doubt that the neighbors went in search of the negro. Whether or not he was overtaken is very uncertain, but the reticence in that vicinity points to a probable lynching. Officials and rewspaper men did not enjoy the full confidence of friends who who were asked for particulars over the phone and their off orts were unavailing to untangle the mystery.

### A Physician Testifies.

"I have taken Kodol Dyspepsia Cure and have never used anything in my life that did me the good that did," says County Physician Geo. W. Scroggs, of Hall County, Ga. "Beiog a physician I have prescribed it an I found it to give the best results." If the food you eat remains undigested in your stomach it decays there and poisons the system. You can prevent this by dieting but that means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer from neither dyspepsia nor starvation. The worst cases quickly cured. Nev-r fails. J. E. Kaufmann.

God is on the side of virtue: for whoever dreads punishment suffers it, and whoever deserves it, dreads it.
