Lightning's Work.

During the rain Sunday about midday a thunderbolt struck a sycamore tree in the yard of Captain George Sawyer, in this place, and in its passage down the trunk it completely stripped the ivy which had grown upon it for years. The currents divided one of which struck his daughter, Miss Marie, who was in the yard at the time, knocking her down, and passing down her body burning the flesh severely, but fortunately doing no serious injury to her, and the other struck a cedar tree near the house shattering the glass in the windows.

A Fisherman's Yarn.

Dr. Blue Mountain Joe Harman, besides being a Nimrod of wide repute, has lately developed into an enthusiastic and successful disciple of Sir Isack Walton. On his last trip to Black creek he and Davis and Babe Gantt spent the night gigging. They succeeded in killing a trout so large, so Dr. Blue Mountain Joe affirms, that in taking it from the creek the waters fell five feet and the boat was nearly swamped by the tidal waves. As proof of this assertion he brought the head of the alleged monster home, which, to our experienced eye, looked as if it came from a trout that weighed about a pound and a quarter.

The Best Prescription for Malaria
Chills, and Fever is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

It Is Lovely.

The old reliable dry goods house of McCreery Brothers, Columbia, informs our readers that they are now in receipt of their spring stock of goods. These goods are just lovely and are of the most fashionable weaves and the prettiest tints. Their millinery department is the centre of attraction in the city and all who visit it are amazed at the beautiful array of spring headwear and the remarkable low figures at which they are sold.

Money Waiting for You.

Mr. Sam J. Leaphart, as clerk of the boards of State and Federal Election Commissioners, has the money in hand with which to pay the managers of the special elections held last year and he is anxious to pay them. So those who are entitled to it should call and get it.

Prof. Spillman's Visit.

Prof. Spillman, of the United States Department of Agriculture, met about 150 of our leading and progressive farmers in the court house last Saturday. His mission was one of much importance to our stock-raisers as well as to our agricultural friends and his lecture on grasses and forage crops was very instructive and was in some respects an eye opener to many who have never given the soil and plant much thoughtful study. He gave out many specimens to those who obligated to cultivate them and send the result to the department at Washington. Much good has been accomplished and new interest awakened by Prof. Spillman's visit and it will not be barren of results.

Honesty is Their Motto.

Lee A. Lorick & Bro., are new bidders for a share of Lexington's trade. This firm is composed of young men—sons of Preston A. Lorick—and have had charge for sometime of the stove and plumbing department of their father's business and are therefore well acquainted with the demands of the trade and are prepared to meet them. See their advertisement in another column and give them a call when in need of anything in their line.

Expect a Settlement.

We have warned delinquent subscribers time and again that we expected a settlement in one way or the another, to which little or no heed has been given by many. We want it thoroughly understood that we cannot afford to carry those during the dull summer months, who are more than a year behind and unless they call, or send, and settle up we will be compelled, reluctantly though it may be, to drop them. Business is business and this is a matter of cold business and not of feeling. If you want the paper you will pay for it and we take it for granted that you do not want it when you neglect to pay for it.

You Are Interested.

We want to talk of a subject this week that is of interest to every person in Lexington county and in which they are personally interested. The subject of shoes will attract the attention of all because they are an article of wearing apparel worn by all. A foot fitted to a well made shoe is a thing of beauty and a joy forever. Minnaugh of Columbia, carries one of the largest stocks of the best and most fashionable shoes to be found in the city. He has just placed his spring stock of Drew, Selby & Co's, fine Oxfords and Slippers for ladies, which for beauty of finish and elegance of style cannot be surpassed. His Crossett's shoes for men are the correct styles. Bannister's fine made shoes for gentlemen, high cut and low quartered, and the celebrated Star shoes for children are some of his leaders. When purchasing shoes, call at Minnaugh's and ask for "Rube" Corley and he will sell you the best shoe for the least money.

Those who buy their egg dye at the Bazaar will have pretty eggs for Easter. All colors and kinds.
