A Hatchery at Orangeburg.

Has the Very Place for Fish Culture Station.

Special to The State.

Washington, May 16 --Orangeburg is already martialling her forces to land the new fish cultural station provided for in Senator Tillman's bill which has passed the senate and will very probably pass the house this session. The bill carries an appropriation of \$25,000 for this purpose, but leaves the selection of a site to the fish commission. Representative Lever has placed on file with the commissioners a petition signed by the mayor and leading citizens of Orangeburg setting forth the claims of that town for the new station and asking that a special agent be sent there to go over the ground and report to the commission before a site is determined upon, in case Senator Tillman's bill becomes a law. Representative Lever saw Commissioner Bowers today and was assured that Orangeburg's claims would have careful consideration and that the suggestion of an agent to investigate the topography of that section would probably be adopted.

It seems that in looking around for a suitable site for such a station special inquiry is made as to the abundance of the water supply. Wherever it is possible, a site is selected upon a hill from which flows a number of clear water streams. It is necessary that these streams be free from refuse and so located as to permit the establishing upon them the numerous ponds connected with the station. Representative Lever is of the opinion that a location admirably filling these requirements is to be found just outside the town of Orangeburg on what is known as "Duke's fishery." In talking today with Commissioner Bowers he outlined the advantage of locating a fish station here and filed with him numerous papers and maps showing the topography of the country.

Representative Lever said today that he considers Orangeburg's chances admirable for securing the fish station and if an agent is sent down by the commission to look the ground over he hopes to accompany him and assist in showing him around. The establishment of a \$25,000 fish station in the State means much for South Carolina and while Orangeburg would benefit especially by having it placed there the entire State will enjoy its advantages.

Don't Start Wrong.

Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. H. Bowles, Groveton, N. H. "I never found anything else that acted so safely and quickly." J. E. Kaufmann.

Gov. Davis's Plan.

Dallas, Texas, May 14 --Governor Davis of Arkansas is still in the humor of sending all pardoned negro criminals of the South to New England, where he declares they belong. A Dallas lawyer today received the following letter from the Arkansas Governor:

Mr. Jay M. Overstreet, Dallas, Tex; Dear Sir and Friend: I am in receipt of your favor and appreciate its contents. I conceived this idea on my recent trip east, from the many expressions of sympathy that I heard by the people of that section, none of whom knew what they were talking about, and I resolved to give them a little taste of their own medicine so that in the future they could handle subjects in concrete form instead of obtaining information through newspapers. I therefore thought it wise to put the negro in their midst so that they could study him as he is,

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

and not from anything they had heard about him.

I see the eastern papers are waxing warm over the matter, even going to the extent of saying that the negro is more preferable there than the Southern white man. I desire to say that I am going to send as many to them as possible and hope the other Southern States will join me in this enterprise.

Like a Drowned Man.

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes Geo. S. Marsh, well-known attorney of Nocona, Tex. "I took quantities of pepsin and other medicines but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble. J. E. Kaufmann.

Volcanic Disasters in History.

- Pompeii and Heracleum, destroyed by eruption of Mount Vesuvius: A. D. 79.
- Catania, Sicily, 15,000 persons killed by earthquake; 1137.
- Syria, 20,000 killed by earthquake, 1158.
- Cilicia, 20,000 killed by earthquake; 1268.
- Palermo, earthquakes, 6,000 lost; 1726.
- Canton, China, 100,000 lost by earthquake; November 30, 1731.
- Kuchan, North Persia, 40,000 lost, earthquake; 1755.
- Lisbon, city ruined by earthquake, Alleppo, destroyed by earthquake, thousands killed; 1822
- Canton, earthquake, 6,000 lost, May 27, 1820.
- Calabria, earthquake, 10,000 lost; 1857.
- Island of Krakatoa, volcanic eruption, 36,380 lives lost; May 27, 1883.
- Isle of Ichia, earthquake 2,000 lost; 1883.
- Eruption of Mauna Loa, Hawaii, 79 killed; 1880.
- Bandaisan, volcanic eruption, 1,000 killed; July, 1888.
- Island of Hondo, Japar, earthquake, 10,000 killed; October, 1881.
- Venezuela, earthquake, 3,000 killed; April 24, 1894.
- Charleston, S. C., earthquake, 41 lives lost; August 31, 1886.
- Gautemala, earthquake, loss of life not yet ascertained; April, 1902.

Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by J. E. Kaufmann.

Col. A. P. Butler Dead.

Was a Gallant Confederate Soldier and Did Good Work in 1876.

Columbia Evening Record, May 16. News was received here yesterday of the death of Col. Andrew P. Butler, at his home near Augusta, of paralysis of the heart.

Col. "Pick" Butler was a gallant Confederate soldier and afterwards rendered conspicuous services to his state during the days of 1876.

He was commissioner of agriculture for several years, but on account of his opposition to Tillman the office was abolished in 1890. Colonel Butler was seventy years of age and leaves two daughters and several grandchildren.

A Successful Candidate.

A young man living over a mile from here, addressed a marriage proposal to his adored one as follows:

"My Dear Miss— I hereby announce myself as a candidate for your hand and shall use all fair and honorable means to secure the nomination. I know there are many candidates in the field, and I hesitated long before entering the race, but I am in to stay. My views on matrimony have often been expressed in your hearing, and I need not repeat them here. You know I favor the free coinage of love—and maintenance of free silver after marriage. If you decide to confer upon me the honor I seek, fix date of caucus with your mother. I have no objection to her acting as temporary chairman of the present organization. If the result of the caucus should prove satisfactory, we can soon hold the primary and select a date for the convention. I have never believed in long campaigns, so if you decide to honor me I will ask you to make the convention date as early as possible. Devotedly yours, _____"

He received the following brief reply: "Caucus unnecessary. Report on permanent organization satisfactory nomination unanimous; come at once and fix date of ratification. Yours for success, _____"

No Loss of Time.

I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no farther, and they are at work again this morning.—H. R. Phelps, Plymouth, Oklahoma. As will be seen by the above the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this Remedy in your home. For sale by J. E. Kaufmann.

An Unlucky Fatal Congress.

Never in the history of Congress have three members died in one week before. Amos J. Cummings died Friday, May 2, and was buried in New York May 6. Peter Johnson Otey, Sixth Virginia district, died Sunday, May 4. Joshua S. Salmon, the Fourth District of New Jersey, died suddenly Tuesday, May 6. These were not old men. Mr. Otey was 62, Cummings 61, Salmon 55.

Ladies Can Wear Shoes

One size smaller after using Allen's Foot-Ease, a powder to be shaken into the shoes. It makes tight or new shoes feel easy; gives instant relief to corns and bunions. It's the greatest comfort discovery of the age. Cures and prevents swollen feet, blisters, callous and sore spots. Allen's Foot-Ease is a certain cure for sweating, hot, aching feet. At all druggists and shoe stores, 25c. Don't accept any substitute. Trial package free by mail. Address, Allen S. Olmsted, Le Roy, N. Y.

Campaign Opened.

The political campaign was formally opened at Ware's Shoal on the Saluda river in Laurens county, on Saturday, the 17th, with a picnic, barbecue and a very much expenditure of wind. The South Carolina delegation in Congress, candidates for all sorts of offices in this State and other distinguished men are said to have been present.

Small crops, unsalable vegetables, result from want of Potash. Vegetables are especially fond of Potash. Write for our free pamphlets. GERMAN KALI WORKS, 93 Nassau St., New York.

Red Haze Due May 30.

William A. Eddy Says Volcanic Dust Will Circle the Earth in Ten Days.

New York, May 16.—William A. Eddy, the Bayonne meteorologist, says that as a result of the volcanic disturbances in the West Indies a red haze should be seen here at sunset about Decoration Day. Mr. Eddy estimates that millions of tons of fine volcanic dust from Martinique and St. Vincent will be carried around the world in ten days at the rate of 100 miles an hour and should reach here by way of San Francisco about the end of the month. The red haze, Mr. Eddy says, will be visible only when the skies are clear.

When the Worm Turns.

All that the newspapers have to do is to put the "snuffers" on the candidates and simply leave out all mention of the candidates, their meetings, their speeches and everything connected with their campaign from beginning to end. If the newspapers will only have the nerve to hold out they have already won their fight and perhaps not this year, but next year, they can double the price of the cards and the candidates will be glad to pay it.

The unknown and new candidates are the ones who will be handicapped and injured by not publishing their cards and getting before the public with their announcements and their speeches, and it is evident that some folks know a thing or two about politics.

In several of the counties it is manifest that the people are getting very tired of the county campaigns, and in Horry and other counties propositions were made to have one campaign meeting at the Court House and abandon all others—A. K., in The News and Courier.

Hints to Farmers.

Do not stop work on account of dry weather. If your corn is up run round it, replant, thin and hoe. Get back to it as quick as possible and put more furrows to the row. If you have a stand of cotton plow and hoe at once. Put to a stand and pull a little dirt to it with a hoe. Do not leave it on top of the ridge with long stems above ground for a hard dash of rain would beat it down. Cultivate the corn rapidly. Plant peas between the hill June 1 to 20; or if you have plenty of seed sow broadcast when you lay by. But three peas to the hill will cover the land with vines and give a fine crop of mature peas if the fall rain suite. Do not plant or sow peas when there is only moisture enough to swell them without bringing them up. When a pea swells it will die very soon if there is not moisture enough to bring it up.

Reveals A Great Secret.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germ-infected mucus, and lets the life-giving oxygen enrich and vitalize the blood. It heals the inflamed, cough-worn throat and lungs. Hard colds and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all Throat and Lung diseases. Guaranteed free at J. E. Kaufmann's.

The wife who hasn't time to keep from running down at the heels hasn't time to keep her husband's fancy from going astray.
