T. on the other. The Colepartment promptly recall for assistance, but spent its force when they from the taxpayers are needed. They ought to do it, if for no other purpose, to satisfy the public mind and quiet the unrest and dissatisfaction that is constantly increasing We presume if the people can be corvinced that taxes are not higher than necessary and that there is no extravagance in salaries and appropriations. they would pay their taxes more cheerfully. If taxes are no higher than they out to be candidates for office ought to be able to prove that fact; if they are too high, they ought to be able to suggest some means of reducing them and giving the people some relief.

There is a very good reason why the subject of taxation should be discussed on the stump; that is, because the people at large do not really know the details of expenditures; they seldom see the reports of the State Treasurer and Comptroller General; they do not know, therefore, just how their money goes.

The State is collecting a good deal more taxes now than it collected 10 or 15 years ago. This is not speculation but a fact, as the records will show. The general taxes-that is taxes on property alone-amounted in 1888 to \$582,611 78; in 1901 they amounted to \$808,582 40-a difference of nearly a quarter of million. The total income last year from the general taxas, dispensary fertilizer etc, was \$3,391,774.87. together with a cash balance of \$626,912.05, making altogether \$4,018,686 92 The expenditures were \$3,780,943 67, leaving a cash balance to be carried over to 1902 of \$237,745.25. Comparing these figures with those of 1888, we find in that year the receipts were \$1,267,603 26 and the expenditures \$1,190,422 63.

Among the expenditures for 1901 may be mentioned those for higher elucation in the State institutions. These amounted to \$242 898 74, besides \$37 798 67 received from the United States government through the Morrill fund and the interest on the land scrip. It may be of interest to note in passing, in connection with Co. Talbert's special "issue" that while the State pays \$234,898 74 for higher and industrial training of the whites, it pays just \$8,000 for the negrocs.

Business is suspended in the city today and every one is lending a helping hand to the merchants who were fortunate enough to get their stock in the streets before their buildings were destroyed.

One side of the street of the best business block in the place was burned, one store being left on each corner. All the buildings save one were two-story brick structures, the other being a three-story one.

Among the places burned was a building in which was the post office. The mails and post office contents were saved.

The plate glass windows of the stores across the street were all cracked by the intense heat.

Women and Jewels.

Jewels, candy, flowers, man-that is the order of a woman's preferences Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insiduous consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Kaufmann's drug store. Get Green's Special Almanac.

How the Money Comes and Goes Newberry Observer.

It seems to us that the candidates might spend a portion of their time on the stump in enlightening the people on the subject of taxes-explaning why they are so high and suggesting, if possible, some plan for reducing them. There is no more important subject now before the people.

That taxes are high no one will undertake to deny. Some insist that they are no higher than necessary, and simply dispose of the mat-

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the Upited States and has been told and re told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C For sale by J E. Kaufmann.

Saves a Woman's Life.

To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from coughs, colds, throat and lung trouble need this grand remedy, for it never disappoints. Cure guaranteed by J. E. Kaufmann. Price 50c and \$1 00. Trial bottles free.
