Notes and Comments.

Gathered for the Information of the Dispatch Readers.

The State Supreme Court has turned loose twenty young lawyers upon the State to scuffle for a living. With the most of these young "limbs of the law" it will be "root hog or die," and to provide a pasture for them to "root" in more offices must made, additional circuit judges elected and county courts established.

The cases to invalidate the new Virginia constitution heard in the United States Circuit Court, Chief Justice Fuller presiding at Richmond, were dismissed for the want of jurisdiction, the actions being against the State and on the ground that all the contentions of complaints have already been passed upon adversely by the United States Supreme Court.

Some weeks ago the Newberry Observer complained that some of its esteemed contemporaries were helping themselves too freely to its semi weekly dish of hash and did not even have the manners to return thanks for the same. When the Observer forgets to serve such an appetizing dish of "State and general news" then will its brethren of the press cease to offend.

It is announced that Mollohon Cotton mill in the town of Newberry is shortly to be enlarged. Its capital stock is to be increased from \$200,000 to \$500,000, and its capacity to 28,000 spindles. This enlargement will necessarily increase the number of operatives and to accommodate them 80 dwellings will be erected in factory village. The president of this mill, Mr. Summer, is a Lexingtonian, having been born and raised in the Dutch Fork section of this county. He is a successful business man of that progressive city and all he touches, in common parlance, seems to turn to gold.

Millionaires are of some use in this world after all besides worshipping at the throne of fashion and drinking at the fountain of pleasure. It has been developed that an association of millionaires, headed by John D. Rockefeller, head of the octopus—the standard Oil trust—has had introduced in the House of Representatives a bill for "the incorporation of a general education board," the purpose of which is to pave the way for the establishment of an educational centre of extensive proportions with "the intention to create a fund to aid existing schools and colleges without any restrictions as to age, sex, color" or previous condition of servitude. As we understand it, these rich fellows up North who have been robbing the poor to multiply their dollars, have concluded to ease their consciences by giving a very small portion of their ill gotten gains to educate Southern "coons." It is the old story over again of "robbing Peter to pay Paul."

It is a remarkable coincident that the essential standard in the Republican declaration of principles, is a strong federal government and a curtailment of the rights of the States, and that of the Democratic party is diametrically reverse to such a theory of government policy; yet every question involving the rights of the States which has come before the United States Supreme court, a majority of the members of which are dyed in the wool Republicans, for a decision has, without exception, been in favor of the the Democratic interpretation of the Constitution of the United States. The lesson we gather from this fact is a wholesome one as it proves beyond cavil that the principles of Democracy are founded upon those of the founders of this great government and that this party is, therefore, the proper machinery through which to administer the laws of the land. For the want of able leaders who have a settled policy consistent with the constitution, the Democratic party has lost the confi-

dence of the masses in its ability to carry out its pledges, hence it has been shorn of power and the responsibilities of government turned over to those whose principles borders upon those which are distinctively monarchal in theory and practice. Under existing conditions the Democratic party has law, justice and right in its favor, while the Republican has the electors, boodle and statesmanship on its side. "Isn't it a shame, a measly shame" that such a condition of affairs are allowed to exist longer when the adoption of a broad and liberal policy for the guidance of the party would correct the existing evils and place the Democratic party once more in power to save this country from aristocracy, title and revolution.

Local Option in Vermont.

Montpelier, Vt., December 11—After nine weeks of discussion before the joint committee on temperance and the floors of the two houses, the Vermont Legislature today passed a high license local option measure with a referendum, and the bill has gone to the Governor for his signature. There is no doubt that the Governor will sign the bill as he has been in sympathy with it from its inception.

The bill will go before the people for acceptance or rejection on February 1 next. The distance from a church or school house where a saloon may be situated is fixed at 200 feet. One-half of the license and fines arising under the law will go to the State and one-half to the town or city.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Bilio-sness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You can get this reliable remedy at Kaufmann's Drug Store.

Terrible Suffering.

New York, Dec. 12—The city is suffering terribly with cold weather, coal is scarce and traffic is delayed. Charity organizations were given preference in getting coal, but it is impossible to supply the suffering applicants with fuel.

What's In a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for Piles. For Blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. J. E. Kaufmann.

PROFIT

The matter of feed is of tremendous importance to the farmer. Wrong feeding is loss. Right feeding is profit.

The up-to-date farmer knows what to feed his cows to get the most milk, his pigs to get the most pork, his hens to get the most eggs. Science.

But how about the children? Are they fed according to science, a bone food if bones are soft and undeveloped, a flesh and muscle food if they are thin and weak and a blood food if there is anemia?

Scott's Emulsion is a mixed food; the Cod Liver Oil in it makes flesh, blood and muscle, the Lime and Soda make bone and brain. It is the standard scientific food for delicate children.

Send for free sample.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

An Impracticable Proposition.

The proposition of Grover Cleveland as again a candidate for the presidency is of course a wild one, and if his choice once more were practicable, in view of the precedent it would create, the action might be objectionable. But we are inclined to think that there are not a few people in the United States who are inclined at times to aspire for "an hour of Cleveland," as in days before the civil war there were those that fervently ejaculated, "Oh, for an hour of Jackson."—Boston Herald.

How to Prevent Croup.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by J. E. Kaufmann.

Losing His Hold.

"Capt. John G. Capers," says the the Columbia Afternoon Record, "seems to be no longer the sole distributor of Federal patronage in this State. In one or two instances recently Major Micah Jenkins has been summoned to the white house to be consulted with him in reference to South Carolina appointments. The two ought to be able to assist the President in this matter." No doubt of it, when he dines with Booker and the other two cobolbits with coons. Birds of a feather will flock together even if it is in a white house.

Foils a Deadly Attack.

"My wife was so ill that good physicians were unable to help her," writes M. M. Austin, of Winchester, Ind., "but was completely cured by Dr. King's New Life Pills." They work wonders in stomach and liver troubles. Cures constipation, sick headache, 25c at J. E. Kaufmann's drug store.

Four large organizations of railway employees have decided to demand from 10 to 20 per cent. increase of pay on Western systems.

Erratic Missouri.

The Missouri river has played a huge joke on Nebraska City, Neb. On Thursday night it flowed at the doors of the town. The next night it suddenly changed its channel and it is now three miles away.

The greater part of the big Burlington railroad bridge now spans dry land. The water works are left high and dry; the pumping station is without connection and a water famine prevails. All the river craft were left on the sand or in small pools of water.

The Iowa territory thus suddenly tossed over into Nebraska is not all sand, for there are many productive farms in the tract. The change of channel means a change of state citizenship to more than a score of farmers.

Flies Must Go.

The Charleston city council has adopted a resolution instructing the health board to report whether any practicable means can be provided for the extermination or diminishing of flies and mosquitoes. This is the right time to begin such experiments. Such experiments have been tried with success in a number of cities, and scientists are giving the subject much consideration. In course of time it is hardly to be doubted that these pests will be practically eliminated —Columbia Evening Record.

Saved at Grave's Brink.

"I know I would long ago have been in my grave," writes Mrs. S. H. Newsom, of Decatur, Ala., "if it had not been for Electric Bitters. For three years I suffered untold agony from the worst forms of Indigestion, Waterbrash, Stomach and Bowel Dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For Indigestion, Loss of Appetite, Stomach, Liver and Kidney troubles Electric Bitters are a positive, guaranteed cure. Only 50c. at J. E. Kaufmann's drug store.

Cow Kissed Its Mistress.

Mrs. Emma Houghman and Chas. Epstein of Omaha, Neb., claimed a cow, and the case came up before Judge King in South Omaha. Mrs. Houghman requested that Bessie, the cow, be brought into court. The request was granted and Bessie stood demurely before the bar.

"Got a kiss for me this morning, Bessie?" coaxed Mrs. Houghman. Bessie coyly kissed Mrs. Houghman.

Epstein was bound over for trial on the charge of theft.

Election of Dispenser.

APPLICANTS FOR THE POSITION of Dispenser at Chapin will please file their applications with J. Weir Addy, Clerk of the Board of Control, on or before January 1st, 1903. Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits

by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Things We Like Best

Often Disagree With Us
Because we overeat of them. Indigestion follows. But there's a way to escape such consequences. A dose of a good digestant like Kodol will relieve you at once. Your stomach is simply too weak to digest what you eat. That's all indigestion is. Kodol digests the food without the stomach's aid. Thus the stomach rests while the body is strengthened by wholesome food. Digesting is unnecessary. Kodol digests any kind of food. Strengthens and invigorates.
