Removal. M. R. Hartley & Co., will occupy the store belonging to J. W. Long, lately occupied by H. L. Oswald, and beg to state that they will continue the cost sale of goods on hand now to make room for a large line of clothing, shoes, hats and gents' furnishings to arrive in a few days. When in need of goods in their line give them a call and you will save money.

Building a Tramway. The Santee Lumber Company is building a tramway near Sandy Run creek, waters of Congaree river, from their mill out to the Baker tract of land, a distance of about eight miles, on which is a large body of fine timber. This company employs a large number of hands and is in a prosperous and thriving condition.

Don't Neglect This Matter. There are quite a number of subscribers residing in and around town who are indebted to us for subscription. We do not wish to send out bills to them or ask them to settle for same hoping that they would call and settle but in many instances we have hoped in vain. Subscribers near here will greatly oblige us by dropping in and paying the amount due at their earliest possible convenience.

A Worthy Cause.

The Lord Loveth, a Cheerful Giver. During the morning services at St. Stephen Evangelical Lutheran church on February 1st, a special collection will be taken up, the proceeds of which is to go toward the expenses of the new iron fence around the cemetery. It is hoped and expected that a large congregation will be present on this occasion and that each one will go prepared to give something toward this public spirited enterprise. The committee having this work in hand report that they need about \$100 to pay the cost of the fence and they are very anxious to raise this sum so that they can pay the entire bill as soon as the work is completed; they, therefore, urge the entire community to make a contribution, no matter how large or small it may be, to enable them to do this. Remember Sunday February 1, and the object of the collection is to go toward putting up the fence.

Good Work Done. We can be found in our shop all the time ready to make or mend any kind of work; wood or iron; over-haul cotton gins; steam engines; or any other machinery. Two miles northwest of Lexington, C. H. Lee Snelgrove & E. D. Hallman. 12pd

A Flourishing School. The school at Swansea is in a very flourishing condition under the able management of Prof. Sam. J. Derrick. He is a teacher of experience, culture and refinement and his management has given general satisfaction. He is assisted by the accomplished Miss Isabella Brooker. The school has grown so in the number of pupils that the services of Mrs. Derrick has been secured in order to give a more efficient service. The school is greatly in need of more improved and modern furniture, which the trustees will no doubt soon put in.

At and Below Cost. The Bazaar has a quantity of fancy and plain china and glassware left over from the holiday trade which they do not wish to carry in stock until next Christmas and in order to rush them off quickly have made big reduction in prices. Parties desiring to purchase anything in these goods would do well to call at once, inspect these goods and make their selections. They have also big bargains to offer in other lines and the purchaser will save money by calling at The Bazaar.

Delmar Dots. To the Editor of the Dispatch: Prof. D. A. Quattlebaum went to Saluda Saturday on business. Mr. W. H. Hare is home from his school at Perry. He dismissed his school the first of last week on account of smallpox.

Messrs. J. O. Eargle and Henry Snelgrove went to Columbia the first of last week to see about getting work. We have not heard from them since. Dr. Hite is confined to his room with what may prove to be pneumonia.

Prof. and Mrs. D. A. Quattlebaum are now occupying the Rev. J. D. Shealy house. They are conveniently located near the church and school. The members of Mt. Hebron met at the church Saturday evening and set out about eighty trees on the church ground.

The post office at this place was discontinued on last Thursday. This section will still retain the name of Delmar. Now, that we have free delivery we should do all we can to make it as convenient for the carrier and ourselves, as we can. To insure the prompt delivery of our mail we should use our route number. This will facilitate the work of the post master at Leesville and will avoid the delays in our mail. Jan. 19, 1903. Loyd.

Mr. James H. Tillman has tendered his resignation as Lieutenant Governor.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable. Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble. Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Our correspondents will please send us the news from their section

Strength is one of the distinguishing attributes of a healthy man. In one of the most beautiful poetic flights known to literature, the inspired singer finds no finer figure to express the sun's majestic rising than "rejoicing like a strong man to run a race." Who has not known such a man, the picture of health, hardy and athletic, suddenly begin to fail? At first he has a slight cough, which he laughs at. Presently the cough becomes deep seated. The scales tell him he is losing flesh. A little later and the lungs bleed. He grows weaker and more and more emaciated. Each day sees some circumscribing of his activities, until at last he does not leave the house, and friends shake their heads and say, "Poor fellow! Who would ever have believed it possible?"

But what are the doctors doing all this time! Doing their best probably, but usually doing no lasting good. The emaciation grows more marked, the weakness more apparent, until at last the sick man hears the sentence, "There's no hope." It is just at this very point of hopelessness that the use of Dr. Pierce's Golden Medical Discovery has proven the first step to health to many a sufferer. It cures the cough, stops the hemorrhage, heals the lungs, puts sound flesh upon the body, and sends the man back to the activities of life as strong as ever. It's a wonderful statement, but it is literally true, that "Golden Medical Discovery" has cured time and time again when all other means had absolutely failed to benefit.

There is no alcohol in the "Discovery," and it is absolutely free from opium, cocaine, and all other narcotics. Persons suffering from disease in chronic form are invited to consult Dr. R. V. Pierce, by letter, free. All correspondence is private and the confidences of the sick are guarded with professional privacy. The success of the methods and medicines of Dr. R. V. Pierce, may be inferred from the fact that of the thousands treated by him and his assistant staff of nearly a score of physicians ninety-eight per cent. have been perfectly and permanently cured.

"A SURE CURE." "I beg to state that I have used three bottles of Dr. Pierce's Golden Medical Discovery since my correspondence with you, and find great improvement in my case," writes Mr. A. F. Novotny, of New York, N. Y., Box 1437. "I feel that I am in need of no more medical assistance. When I started to take your medicine I had a regular consumptive cough, of which I was afraid, and everybody cautioned and warned me concerning it. I was losing weight rapidly, was very pale and had no appetite whatever. Now my condition is changed entirely. I do not cough at all, have gained eight pounds in weight, have recovered my healthy color and my appetite is enormous. I can recommend your medicine to everybody who may be in need of the same, as it is a sure cure, no humbug as are most other patent medicines, and is far superior to all similar medicines."

THE DOCTOR WAS WRONG. "When I commenced taking your medicines, broken down," writes Mrs. Cora L. Sunderland, of Chaneyville, Calvert Co., Md. "At times I could not even walk across the room without pains in my chest. The doctor who attended me said I had lung trouble and that I would never be well again. At last I concluded to try Dr. Pierce's medicines. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better, then you directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription' and five vials of 'Pellets.' I am now almost entirely well, and do all my work without any pain whatever, and can run with more ease than I could formerly walk." Dr. Pierce's Common Sense Medical Adviser, 1003 large pages and 700 illustrations, is sent free on receipt of stamps to defray expense of mailing only. Send 31 one-cent stamps for the book in cloth binding, or only 21 stamps if paper cover are desired. Address Dr. R. V. Pierce, Buffalo, N. Y.
