New Railroad Bridge.

We understand that the Southern Railway has decided to tear down the bridge, which spans Broad river at Peak and replace it with a more modern and a heavier one. This is made necessary by reason of the heavy weight of the large engines and improved rolling stock. The old bridge can probably be purchased remarkably cheap and it will do well for the County Commissioners of this county and Fairfield county to investigate the matter, but more of this at another time.

Hilton's Life for the Liver and Kidneys aids digestion.
