Dr. Geo. B. Cromer of Newberry College, was with Pastor Ballentine last Sunday, in the interest of a new building for this school. He made a profound impression upon the people, and received encouraging aid from them.

A case that excited unusual interest was tried here last Saturday before Magistrate Richardson. Mr. J. G. Hiller had sued the town of Chapin for damages to his buggy. While driving through the streets of that town one night last January, Mr. Hiller ran against an obstruction which tore his buggy in three pieces. He sued the council for \$50. Mr. E. U. Shealy represented the plaintiff and Mr. G. T. Graham the defendant. The verdict was \$15 for plaintiff.-with the defendant to pay the

Some of the roads are being worked. In a case or two where we knew the conditions, the overseers have hired hands with money paid as commutation tax, and the sections have been put in reasonable repair. Some of us are anxious to see what the chain gang will do for us during the present administration. Why should not some record be kept, showing just where the gang has worked at any given period? The roads as they are now should certainly teach us a lesson.

Work has begun on the house of Mr. S. D. Shealy. Mr. J. S. Mc-Cartha is master mechanic.

Boiling Springs School Dots.

To the Editor of the Dispatch:

We have been having some very disagreeable weather for the last week.

It seems as if Old Winter has departed for this season, or at least some of the beautiful little spring flowers seem to think so, as they are dotting the earth everywhere and again making it beautiful.

On account of the inclemency of the weather Sunday the service at Boiling Springs was not well attended. Rev. Henry preached an excellent sermon. He is an able man and has already won the love and respect of his people.

We are sad to learn of the illness of Mr. Paul Miller and it is the wish of his many friends that he will soon recover and his friendly face be seen again among them.

The Misses Clark visited at their uncle's, Mr. Thomas Smith, Sunday.

Mr. Olyn Crout, accompanied by his sister, Miss Anna, also Mr. Fred Crout and sister, visited Mr. H. W. Koon Sunday.

Miss Emma Koon, Caughter of Mr. H. W. Koon who is attending school at Lexingion, spent Sunday under the parental roof.

There will be an entertainment given at this school on the evening of the 27th of this month, beginning promptly at half past six o'clock. The public is cordially invited to come and enjoy yourself. Come one and all and leave your pistols and whiskey at home.

Success to the Dispatch.
