Klondik Flirts With Cupid.

To the Editor of the Dispatch.

I meant no offense to Cupid whatever when I said last week, that there was nothing doing along his line and, strictly speaking, it was not true, because at that sametime Mr. Horace Taylor and Miss Ida Smith were bowing at his feet. Now what is done cannot be undone unless they move to Georgia; which I am persuaded they will never do. We wish Horace and his pretty bride a long and happy life.

The boys of Lewisdale have organized themselves into a brass band. Now, if they don't happen to lose the mouth piece to the big drum we may expect success from them. Mr. M. C. Hallman is the efficient leader and teacher.

Colonel D. J. Griffith was on our streets lately. We are always glad to see him.

Messrs. Olin and Willie Smith are spending awhile in New Brookland—but they'll come back again, girls; they can't get away from your charms.

Klondike is keeping bachelor's camp now, and has learned by sweet (?) experience the truth of that grand old scripture text: "it is not good for men to live alone."

Any man who is so mean and stingy that he won't take his church paper and yet spends \$8 or \$10 a year for whisky ought to move to Africa and sleep with a wet dog.

Mr. J. E. Dunbar, of the Black creek section, holds the laurels in to bacco culture so far this year.

Cotton and corn is small for the time of year.

The pestiferous house fly has put in his appearance, and now every cow will need her own tail.

Lost—between here and yesterday—a golden opportunity. I am sure no one will find it.

Now for the next four weeks the sweet pleasure will be ours of "seeing the sweet girl graduate broach up her hair and look her best.

Klondike.

\$100 Reward \$100.

The readers of this paper will be please to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Sold by Druggists, 75c.
Hall's Family Pills are the best.

Brookland News

To the Editor of the Dispatch:

The members of Brookland Council J. O. U. A. M., No. 35, gave a delightful ice cream festival Saturday night. The location was an ideal one and the grounds were beautifully lighted with Japanese lanterns. The occasion was a grand success, the order realizing a sum of fifty dollars. Sunday being the fixed date for the annual sermon of this order, the members of Brookland and Olympia Councils united and marched to the Methodist church, where by special invitation the Rev. Dr. W. W. Daniel, president of the Columbia Female College, delivered a most eloquent sermon to them. The Council here boast of being the banner council of the State, the membership being near the two hundred mark.

The lady friends of the Masons will give an entertainment next Thursday night on the ground floor of the Masonic Hall for the benefit of this ancient fraternity. It is said that the program is an excellent one and we bespeak in advance that the

event will be largely and liberally patronized.

Our town was visited by many of the old "Vets" during the reunion week in Columbia. Many of our citizens entertained them at their homes.

Capt. J. H. Counts and I. H. Nunamaker of Irmo, were visitors here during the reunion.

The Lutheran church is undergoing some repairs and is being repainted.

The Columbia Mills Company gave the operatives a holiday in order that they might attend the reunion.

Messrs. M. H. Witt, L. W. Moak and W. D. Dent are attending the K of P this week, at Orangeburg.

The Magistrate is quite busy these days having his constable looking up delinquent tax payers. Brookland and Congaree townships had her prorata share of the delinquents this year and many a man is now wearing a long face over his seemingly carelessness in trying to dodge his taxes. D.

Greatly Alarmed

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C. had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by The Kaufmann Drug Co.

Perpetual Motion Idea.

The Washington Evening Star says: The Commissioner of Patents, Mr. Frederick I. Allen, has stated positively that the patent office will not, under any conditions, issue patents on so called "perpetual motion" machines and that no patents for such machines have been issued by the past forty years. This statement of the Commission was made in response to an inquiry of a reporter of the Star regarding the alleged issue of a patent for a perpetual motion machine to a man in South Carolina. This man claimed to have received a patent for his machine, and long articles praising him and the machine have appeared in several Southern papers. It was a clipping from one of these papers, which contained, among other things, an alleged statement of a patent office official that such a patent had been issued.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of wornout tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures Indigestion, Dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by all Druggists.

A Good Sell.

An editor of a North Carolina paper recently stated that he had been kissed by one of the most beautiful married women in town. He promised to tell her name in the first issue of his paper the next month. In two weeks the circulation of his newspaper doubled. But when he gave the name of his wife he had to leave town.

From a Cat Scratch

On the arm, to the worst sort of a burn, sore or boil, DeWitt's Witch Hazel Salve is a quick cure. In buying Witch Hazel Salve, be particular to get DeWitt's—this is the salve that heals without leaving a scar. A specific for blind, bleeding, itching and protruding piles. Sold by The Kaufmann Drug Co.

"Bless This Frugal Meal."

"How do you like the new minister?" inquired one of the leading members of a suburban flock of the deacon's wife.

"I don't like him at all," was the reply. "Of course," I invited him to dine with us when he was here on trial, and naturally enough I apologized in advance for the dinner, but I leave it to you if that afforded him ground to insult me."

"Insult you? Certainly not. How did he do that?"

"Oh, when it came time to say grace he asked the Lord to bless the 'frugal meal,' and really, between us, I must admit that I had made most elaborate preparations."

A Little Early Riser

Now and then, at bedtime will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by The Kaufmann Drug Co.

Obituary.

Earle Rudolph, son of Jacob N. and wife, Ella, Harman, was born June 18, 1900, and died May 12, 1903. Thus his short, but sweet life was only 2 years, 10 months and 24 days. God has taken this bright little jewel from earth and loved ones and placed it

"Safe in the arms of Jesus,
Safe on his gentle breast;
There by his love o'er shadowed,
Sweetly his soul shall rest."

May we all strive to meet him in that beautiful home, where no pain and death shall enter and the cords of love and family ties are never broken. Buried at St. Peter's by the Rev. J. A. Cromie. J. E. R. K.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that Catarrh of the Stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure Catarrh of the Stomach. Kodol digests what you eat—makes the stomach sweet. The Kaufmann Drug Co.

On the Political Stump.

This is a Georgia boy's account of his father's entrance into politics: "Dad has took the stump. I dunno who run him up it—but he's on it, jest the same. Dad is after a office. One paper says he is a born liar; nuther one says he stole a hoss, an' nuther one says he run off with a widder. When ma heard all these things she said she thought she's done found him out at last, an' jest wait till she catches him again!"

Made Young Again.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again" writes D. H. Turner of Dempseytown, Pa. They're the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25c at The Kaufmann Drug Company.

The funny, fluffy things that a woman calls clothes a man calls mysteries.

If the average man had the same success with his business as with his summer garden his permanent address would be the poor house.
