Mr. Tapp proposes to have all that an up-to-date department store carries, and the prices will move goods in and out. Go there now, and visit them often.

#### Barbecue at Hilton.

The barbecue at Hilton, in the Fork, last Saturday, was well attended; addresses on topics of interest were made by several prominent men and the day was enlivened by an exciting game of base ball between the Seminoles and a nine from this place. The game resulted 9 to 11 in favor of the Lexington boys and they seem to be very proud of that honor.

#### It is so.

Lexington people are reminded that when they visit Columbia, that Wm. Platt has a comfortable and convenient wagon yard where they can leave their animals and vehicles in safety. They are also reminded that he keeps in stock the freshest and best line of standard dry goods, notions and millinery in the city. Mr. Platt is a Lexingtonian and consequently knows just what Lexingtonians need. He will treat you white every time.

The following extract from a letter written by G. M. Harman, editor of the Dispatch, to the proprietors of Ramon's Remedies is self-explanatory: "There is no pill that equals Ramon's Pills; they leave the bowels and stomach with such pleasant, healthful feelings—no bad effects—after performing their work so thoroughly. I have tried them, and know whereof I speak." 25 cts.

#### Ella News Items.

To the Editor of the Dispatch: You may note in your columns that the meeting at Mt. Pleasant Lutheran church, is in progress. The aged Rev. A. W. Lindler preached Sunday. Revs. S. C. Ballentine and J. D. Shealy preached Monday. They will preach again today. Large congregations are present and are giving the best of attention to the preached word.

The meeting at Beulah Methodist Episcopal church last week conducted by Rev. Yarborough closed Sunday night with good results.

We are very dry and crops are suffering a great deal. S. S. July 28, 1903.

Russia seems to have the key to the Chinese, puzzle, but refuses to unlock the door. In the meantime the other nations, particularly England and Japan, are fretting and chafing over the uncertainties of the situation.

#### A Growing School.

Six years ago O. D. Seay was elected principal of The Palmetto Collegiate Institute, at that time only one assistant was necessary. The enrollment has increased so much that six teachers have been elected to teach next session. When the first year of this school had closed it was found that 125 scholars had been enrolled. Last year there were 233 students in attendance. The first session was held in two rooms, next will have five large and commodious rooms in which to accommodate the growing demands. The first year about three or four boarding and day students were enrolled, last year there were 61 of this class. For two years there were no graduates, but since then eighteen have been awarded diplomas.

From the above facts it will be seen that three times as many teachers are necessary now as at first, that the enrollment has almost doubled itself; that nearly twice as many rooms have been provided for next session, that the number of boarding students has been multiplied by fifteen; that there have been a large number of graduates in the past few years.

The foregoing figures tell in modest but most convincing language the marvelous growth of the Palmetto Collegiate Institute in the last six years. Just think of an institution of learning, doubling and thriving in almost every phase of its workings in the short space of six years. When we consider the circumstances against which this wonderful record has been made it is to be doubted very much if there is another institution of its kind in the state that can boast of such progress. With the enlarged and competent faculty, the new building, the enviable record of the past session, the prospects of the Institute are so flattering as to more than fulfill the expectations of the most sanguine.

#### Camp Steadman to Meet.

## DR. MOFFETT'S TEETHINA (TEETHING POWDERS)

Rev. J. W. Berry (of Arkansas Methodist Conference, writes): "Enclosed find fifty cents for which please mail me two packages of 'TEETHINA.' We wonder how we have raised children without it. The other day a lady in Missouri sent us a package and it came at a most opportune time; our baby was in a serious condition; his bowels had been in bad condition for days, and nothing that we gave did any good; the second dose of 'TEETHINA' gave perfect relief and he has had no further trouble. Other members of the family have used it and every dose has been a perfect success."
