Notify Him.

We have been requested to say that all persons coming to Conference which will be held with Pilgrim church embracing the 5th Sunday in this month, and the Friday and Saturday before, will be met at Lexington with conveyance if they will notify Hon. D. F. Eisd on which train they will arrive.

Guaranteed.

Baker's Female Regulator, the best and most effective medicine for all female diseases, and Baker's Great Vegetable Blood and Liver Cure, guaranteed to cure all blood and liver diseases and especially recommended for rheumatism, for sale by C. E. Corley, G. M. Harman, Julian E. Kaufmann and W. P. Roof.

Dr. B. R. Wyse Dead.

Dr. B. R. Wyse, a prominent and greatly beloved physician of the Fork died at his home last Monday. He had been in feeble health for some time and his death, was not unexpected. At the time of his death he was in his 78th year of age. His remains were interred in the cemetery at Blue church Tuesday. Dr. Wyse was a man of sterling traits of character, high toned and cultured and his death is lamented by a large circle of friends and acquaintances.

Contribute.

The cemetery committee has faithfully performed the work in hand, and has had put around St. Stephen cemetery a neat and substantial iron fence, all of which has been paid for except \$15 00 which the committee will pay if those having loved ones buried there will not come to their assistance with a small contribution. This committee has already contributed liberally and have worked incessantly for the success of this undertaking and it will be unjust to them if our citizens allow them to pay this additional sum. Let this amount be made up immediately.

A Good Man Dead.

Mr. J. B. Oswald, a prominent merchant and valued citizen of Irene, died at his home in that village last Saturday. His death was rather unexpected although he had been a great sufferer from a bilious attack for several days previous to his death, but was up and about the house the day before he died. It is presumed that he took a relapse and succumb to the attack.

He was an active member of the local lodge of the Independent Order of Odd Fellows and always took a lively interest in the welfare of this fraternal organization. He was buried in the village cemetery Saturday and many Odd Fellows from this place attended his funeral services, which were conducted by the Rev. George Bearden, of Columbia.

Where The Sea Breezes Blow.

Our people are beginning to appreciate the pleasure of running down to the Isles of Palms or Tibes and spending Sunday upon the beach where they can enjoy the refreshing sea breeze and take a dip in the salt waves of old ocean. The Southern run trains to both places and it will undoubtedly be to its advantage to give our people the benefit of the cheap rates it is offering the Columbia people. We are not kicking but make the suggestion from a purely business standpoint.

Among the other excursionists who have left this place from time to time to spend Sunday at the Isles of Palms we mention the following ladies and gentlemen whose cheeks were fanned by the salt breezes last Sunday: Misses Lula Kaminer, Ruby Glover, Blanche Kyzer, Helen Sawyer, Bessie Corley, Ellen Lippard, and Messrs. S. J. Leapheart, S. P. Roof and J. P. Meetze. These Lexingtonians were met at Sullivan's Island by Mrs W. P. Roof, whose presence added much to the enjoyment of the party.

Determined to Retire.

We regret to learn that Mr. J. W. Long, a prominent and successful business man of this place, has determined to retire from active business pursuits and spend the evening of his life in the peaceful shades of private life. He offers his valuable mercantile business in this place, together with a valuable tract of 132 acres of land on which is a large and commodious dwelling with all necessary outbuildings, known as the Isaiah Haltiwanger homestead, near St. Andrew's church in Lower Fork, for sale. This is a valuable piece of property and should find a ready purchaser. See his advertisement elsewhere.

Comfort and Pleasure.

The Seaboard Air Line will run its third annual excursion from Columbia to Ocean View, Virginia Beach, Old Point Comfort and return, on Wednesday, August 19th. This is the shortest, quickest and oldest route to these famous and fashionable seaside resorts and this will be the greatest, the most enjoyable and the most pleasant trip of the year. There will be two trains made up of Pullman cars and vestibuled coaches and will be personally conducted by trusted and accommodating officials of the company. The fastest and best schedules out of Columbia via Richmond and Petersburg have been arranged and no pains will be spared by the Seaboard people which will add to the comfort and pleasure of its patrons. These tickets will be limited to return until September 2d. See that your ticket is via the Seaboard Air Line railroad.

Our Fishing Trip.

Our semi-annual trip down on the waters of the Edisto last week was enjoyed by our party. We caught plenty of the finny tribe, both small and large.

Considering the unfavorable seasons, the crops are as good as could be expected. Young corn is especially fine and with good seasons will make an abundant harvest. The people are in fine spirits and are looking forward to better times and larger returns with that contentment and patience that would bring the blush to the cheeks of Job were he on this terrestrial ball today.

Surveyors at Work.

The Lexington Water Power Company has given some tangible evidence of their intention to push the enterprise which they have undertaken and now have a corps of engineers in the field surveying their property along Saluda river. Messrs. McDarre & Folsom, Civil and Hydraulic Engineers, of Drayton, Ohio, are at work at Dreher's ferry drawing plans and locating a site for the dam. They have surveyed on the north side of Saluda to the mouth of High Hill creek and are coming down on the south side.

A Fatal Accident.

While a gang of hands were widening a cut on the C. N. and L. railway, at Ballentine, one day last week, the embankment, which they were undermining suddenly caved in, burying two of the workmen. The debris was cleared away as soon as possible when it was found that one of the unfortunate workmen had been killed outright and the other injured to such an extent as to necessitate his removal to a hospital in Columbia for treatment. Both the dead and injured are colored.

Popular the County Over.

Uncle Jacob Dreher, the acknowledged champion fisherman of the Fork, was the guest of this editor last Sunday. He attended the morning services at St. Stephen and listened to an eloquent sermon from the pastor, the Rev. J. G. Graichen and shook hands with numerous town friends. Uncle Jake is popular the county over.

Post Office Moved.

The post office at this place has been moved into the new building of Mr. W. P. Roof on Main street. This is a decided improvement over the old quarters, as it is larger, more convenient, cooler and neater. Mr. Samuel J. Leapheart, the postmaster, is courteous to the patrons, prompt in the discharge of his duties and attentive to his business. His administration has given universal satisfaction and he is deservedly popular with all classes of our citizens. He has proven himself to be the right man in the right place. Lexington now has one of the neatest and most conveniently arranged post offices in the State.

Sad Death.

After an illness of sometime the wife of Mr. J. W. Younginer died at her home, near Irmo, on August 5th, and was buried in the graveyard of her father, Mr. John T. Daily, the Revs. S. C. Ballentine and J. L. Ray conducting the services. She leaves three small children, a husband and a host of friends to mourn her departure. A good woman has gone to receive her reward.

DR. MOFFETT'S
TEETHINA
 (TEETHING POWDERS)

Costs Only 25 cents at Druggists.

Or mail 25 cents to C. J. MOFFETT, M. D., ST. LOUIS, MO.

We have handled Dr. Moffett's TEETHINA (Teething Powders) ever since its first introduction to the public and trade as a proprietary medicine, and our trade in it has steadily increased from year to year until our orders now amount to two or three hundred gross per year, which is a very strong evidence of its merit and the satisfaction it is giving to the mothers of the country, for they say nothing so effectually counteracts the effects of the summer's hot sun or overcomes so quickly the troubles incident to teething.
