

**Dots From Broad River.**

To the Editor of the Dispatch: It has been a long time since I have seen anything from this section so I thought I would send you a few items:

The cotton crop is very short; corn is pretty good. I think we will make plenty to do us as well as all other necessary supplies.

Mr. and Mrs. J. H. Derrick have been called to the bedside of the father of the former, who is reported to be ill.

Mrs. Martha Ellisor is in very feeble health.

Hon. A. F. Lever made an eloquent address at Folk's School House on the road question and on the subject of education.

There is not much visiting being done in this neighborhood at present. The farmers are too busy in the fields and the good housewives in the kitchen to attend to their social duties.

Mr. J. E. Haltiwanger has improved the outbuildings on his place by touching them up with the paint brush.

Mr. S. J. Sligh is speaking of renting his place and moving back to Columbia. We regret to lose him from our community for he is a good neighbor. Our loss is Columbia's gain. Red Haw.

October 5, 1902.

P. S. Since the above was written I have received the sad intelligence that Mr. David S. Metz died last night at 10:30 o'clock and will be buried tomorrow at 10 o'clock at the Blue church. I can truly say that Mr. Metz was true to all his obligations, and especially to the obligations due his God. Red Haw.

**A Dozen Times A Night.**

Mr. Owen Dunn, of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured." The Kaufmann Drug Co.

**Mrs. B. R. Tillman Hurt.**

Augusta, Ga., October 7.—A special to the Herald from Edgefield says that Mrs. B. R. Tillman, wife of the Senator, and her son, B. R. Tillman, Jr., were injured in a run-away yesterday. They were driving to home in Trenton when the horse became unmanageable and in the run-away that followed Mrs. Tillman and her son were thrown from the vehicle and sustained painful gashes about the head. Drs. Tompkins and Marsh are attending them and say that injuries are not severe and they will soon recover.

**Spent More Than \$1,000.**

W. W. Baker, of Bainview, Neb., writes: "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1000 without relief. Refuse substitutes. The Kaufmann Drug Co.

**General Butler's Condition.**

A Richmond, Va., of October 5, to the Washing Post, says: "General M. C. Butler, of South Carolina, while coming South yesterday on a Seaboard Air Line train, was struck on the head and seriously wounded by a stone thrown through the Pullman window. His scalp was cut and one of his ears nearly severed. General Butler had his wounds dressed on the train and telegraphed for his family physician to meet him at home, but would not stop here for further treatment. No other passenger was injured, although Miss N. B. Winston, of Glen Allen, narrowly missed by being struck.

Edgefield, S. C., Oct. 7.—Nothing can be learned here of General Butler's condition since he was injured near Washington, in a Pullman car by a rock going through the window

and striking him on the head. He came right through and arrived in Augusta Monday night and the physicians there attended him and he went to his plantation on the Savannah river. It is not thought he is badly injured.

**A Century Old.**

Interesting memorial services will be held by the Methodists of Columbia on the last Sunday in October, says the Columbia Evening Record. The services will commemorate the one hundredth anniversary of the founding of Methodism in Columbia and will also observe the two hundredth birth day of the founder of the creed, John Wesley. This birthday was on June 28, but it was decided at the time to combine the two events and accordingly the pastors of the several churches of that denomination have arranged the details of the services to be held.

**The Suit Drop.**

Word has been received in Columbia that the suit against Mr. J. T. Harrie, proprietor of the White Stone Lithia Springs hotel, filed by Miss Boyesen for alleged libel, has been withdrawn. Miss Boyesen, it will be remembered, was charged with robbing other guests at the hotel and afterwards filed suit for \$50,000 for libel. She died recently in Asheville and as a suit of this kind cannot be handed down to other relatives, under the law, it has been dropped.

International trade touches as many divers and interesting articles as an "old country shop" handles. One of the latest and curious items is cat-o-nine-tails. A Maine man lately shipped 200 barrels to London. last year he sent 450 barrels. It is odd that there should be little demand in the United States for an article which grows so commonly here, while in London there is constantly widening market. The downy floss of the head of the cat-tail is used for filling high-priced sofa pillows and cushions.

As long as Brazil continues to grow 15,000,000 bags of coffee, which was nearly the amount of her last year's product and about the estimated amount of the world's consumption, there is no probability that coffee will advance in price.

**"Watch the Kidneys"**
