FOLEY'S HONEY AND TAR

stops the cough and heals lungs

All men are born equal, but at the age of forty a man is either more or less so.

In the years 1854 and 1890 the average life of Englishmen increased about four years.

Ramon's Relief is a cure for Neuralgia, Toothache, Cramps and the like that we can recommend to all our customers. Try a 25 cent bottle.

Some men who believe in the division of labor let their wives do all the work and they do the rest.

If some people did nothing but mind their own business they would soon become rather narrow-minded.

Foley's Honey and Tar cures coughs and colds and prevents pneumonia. Take no substitutes. The Kaufmann Drug Co.

When a woman looks well in mourning for her husband it is a sign she is likely to get another one.

A woman's idea of riches is being able to put a five-dollar bill on the collection plate when the woman she hates is looking.

If troubled with a weak digestion try Chamberlain's Stomach and Liver Tablets. They will do you good. For sale by The Kaufmann Drug Co.

Snow, sleet and rain have damaged crops within the past week in Minnesota to the extent of millions of dollars.

The President will call an extra session of congress to begin the 9th of November. The extra session will run into the regular.

No danger of consumption if you use Foley's Honey and Tar to cure that stubborn cough. The Kaufmann Drug Co.

Recently in a riot between drunken Indians on the Blackfoot reservation in Montana seven persons were killed and two seriously wounded.

Four men drove into Berwick, Ill., last week before daylight, entered the Farmers State Bank, blew open the safe and got \$2,800.

Does your system need toning up? Is your blood tainted, digestive organs weak, or the bowels irregular? Ramon's Tonic Regulator gives better results in such troubles than any medicine we ever handled. Large tin box 25 cents.

China has at last signed the commercial treaty with the United States. This insures the opening of additional ports in Manchuria.

When a woman gets through worrying over whether the cellar is damp she begins on whether the children might not catch malaria from the cellar next door.

Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by The Kaufmann Drug Company.

Miss Gladys Stewart, aged 17, of Annapolis, Md., was accidentally shot and killed with a gun by her 12-year-old cousin, Rachel Stewart.

The Popular Tune.

"Aren't you going to play that piece the lady just requested?" asked the musician.

"No," answered the bandmaster.

"But three or four people have asked for it."

"That's true. I have observed that when a composition is requested by three or four people a day there are several thousand who would pay more rather than hear it any more."

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity."

25c, 50c, \$1.00. Sold by The Kaufmann Drug Co.

Alleged Theft in Boston.

Boston, Mass., October 20.—An alleged theft of \$20,000 from the Boston Union last November was revealed today, when Elmer E. Leavitt, of this city was arraigned in court charged with the deed. Leavitt pleaded not guilty and was held for a hearing on a \$5,000 bond.

Dieting Invites Disease.

To cure Dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes an easy prey to disease. Kodol Dyspepsia Care enables the stomach and digestive organs to digest and assimilate all of the wholesome food that one cares to eat, and it is a never failing cure for indigestion, Dyspepsia and all stomach troubles. Kodol digests what you eat—makes the stomach sweet. Sold by all druggists.

Baltimore, October 20.—The famous Mason and Dixon line, for generations regarded as the boundary between the free States of the North and the slave States of the South, has been resurveyed. The report of government surveyors will be made public later.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by Kaufmann Drug Co.

A Bone of Contention.

Vancouver, B. C., October 22.—The local feeling is very bitter over the award of the Alaskan boundary commission. There is much talk of annexation and of Canada becoming independent, the business men being much dissatisfied at what they pronounce a British regard of Canadian interests to please the United States.

Cures Winter Cough.

J. E. Gover, 101 N. Main street, Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. A Hard Hit.

"Them there bunko men is up to everything, I s'pose," remarked the farmer.

"Not everything," replied the man from the city. "They don't sell all their milk to the creamery and then sell the stuff that comes back, after going through the extractor, as one feature of fresh country board."

Broke Into His House.

S. Le Quinn, of Cavendish, Vt., was robbed of his customary health by invasion of Chronic Constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he's entirely cured. They're guaranteed to cure, 25c., at the Kaufmann Drug Co.

Sincere Criticism.

"De Lecn, I have only one fault to find with your great temperance painting."

"What's that?"

"You're trying to paint your toper's nose in water colors."

Not Our Trouble.

The South is not at all concerned about the repeal of the dead letter war amendments. She can put on a complaisant face before the whited sepulcher if the rest of the country ain't.

Recently the notice of his death came, with the statement that he had willed his entire estate to her, having no heirs.

Cures Chills and Fever.

G. W. Wriit, Nacogdoches, Texas, says: "His daughter had chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much for it." 50c. Sold by The Kaufmann Drug Co.

He was convicted June 5, 1884, of the murder and sentenced to be hanged July 11. He succeeded in gaining a new trial. About the time the trial was to begin Jones was taken with a stroke of paralysis and has never been able to leave his bed. Time and again the case was set for trial, but a continuance always was granted.

Laborers digging an arte-ian well at Bonesteel, S. D., have unearthed a human skeleton fifty feet beneath the surface. The skeleton was in an excellent state of preservation, and is believed by scientists to be that of a prehistoric man. The Bad Lands of South Dakota, in which Bonesteel is situated, have been prolific in fossils.

An Arkansas editor who read that a young lady in New York kneads bread with a glove on, says: We need bread with our pants on; we need bread with our boots on, and if our subscribers in arrears don't pay up soon we shall need bread without anything on."

The Diplomatic Way.

Spain will send a warship as part of her exhibit to the Louisiana purchase exposition. And we suppose we'll have to be polite and look impressed just as if nothing had ever happened to shake our faith in the Spanish navy.

The wise husband remembers that his wife would rather have kind words and some new clothes now than silver handles on her coffin a few years hence.

Statistics show that the average amount of public schooling per capita in this country is 998 days. That is there would be 998 days for each inhabitant if it were distributed around. Fifty years ago the average was 420 days, and at the beginning of the nineteenth century it was but eighty-two days. The Nation gives the school children of today twelve times as much schooling as the youngsters received 100 years ago.
