From South Africa.

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by The Kaufmann Drug Co.

Gaston Cleanings.

To the Editor of the Dispatch:

Owing to press of business and other matters my pen has been silent for some time in writing to the columns of the good old Dispatch. Now that the famous Tillman-Gonzales trial is over, the County and State Fairs a thing of the past, the celebrated Barnum & Bailey circus come and gone, my-be there is room for a bit of news from this part of our moral vineyard.

Everything is quiet along the line save now and then the explosion of gas bubble on the Tillman trial and the bobbing up of an expectant candidate for 1904.

Crops are about housed, corn, peas, cotton is off considerably. If our farmers reach the point financially speaking to be able to hold their cotton, they could realize better prices.

We are pained to learn of the continued illness of Mrs. W. A. Goodwin and Mr. John S. Brooker. We hope ere long they may be up and at their post of duty.

Mr. B. E. Craft has tendered his resignation as R. F. D. carrier and entered upon his studies in the Peabody Normal College, at Nashville, Tennessee. We wish him an abundance of success in his studies.

I presume the famous boll-weevil has about died out for a while at least. We hear all sorts of comments upon him, and he has quite a variety of sizes, shapes and forms. Some say he looks like the Texas flea; some say he is just like the weevil in the corn; some say he looks like the Yankee bug. Mr. Editor, reckon those fellows would know 'em if they were to see 'em?

Death entered the home of Mrs. David Wise recently and claimed as his victim Mrs. Annie Morris, who had reached more than the allotted time of three score years and ten. She leaves to mourn her death one daughter, two grand children and great grand child. Her remains were laid to rest in the Sandy Run burying grounds at Gaston. Our sympathy goes out to the bereaved ones.

The widowers have been much in evidence of late and judging from appearances, it would not surprise us to be called upon to perform a parson's duty in reference to the nuptial life. Unless their mules run off again and leave them and the old folks get a move on 'em.

Teaching school, farming, attending to some business affairs, serving several churches, performing domestic chore, helping the Misses nurse and attend to several babies, is the experience and labors of a young man and still he has time to read, to recreate, make calls and do several other things of minor importance.

The little Felix family is bright, happy, cheerful and hopeful, living at home, staying in the same shack, boarding at the same place and wagging along with the old world satisfied with what they have.

Mr. Oscar Starkie, one of our Gaston merchants, has gone to the progressive little village of Brookland. Gaston's loss is Brookland's gain. We wish him much happiness and prosperity in his new home.

Messrs. Gregory Spires and Lem'l. Sighler, two of our bright young men have gone to Edgefield as students in the Edgefield college. May

success attend them in their studies.

Mr. D. B. Sphaler has carried his lovely wife and bright little Alton on a two week's trip to the land of flowers. We hope they may have a jolly good time fishing in the lakes and bays, eating oranges and pineapples, etc.

Soon our sprightly, handsome Treasurer will be around collecting for the public treasury, accompanied by the heroic and smiling Editor. We hope they may be made to feel glad and rejoice by the coming in of the dollars, that the Editor may expand and broaden till he'll not want to go on another of Klondike's famous Black creek fish hunts; till W. J. Bryan is elected President of these grand, glorious and ever blessed United Colonies of ours. When this takes place you may again hear from Billy Felix.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by all druggists.

Obituary.

Died at her son-in-law's home, M. L. Taylor, in the 88th year of her life, Mrs. Julia Wingard, wife of George Wingard, who died and left her to fight single handed the battle of life thirty-three years ago.

This dear old mother was born near St. Michael's church, north of the Saluda river, on the 11th day of January, 1816, and was dedicated to God in baptism in infancy at the age fourteen was confirmed a member of St. Michael and was faithful to that vow over sixty years. She then transferred her name to Pisgah and was a true member until death. She was the mother of eight children, seven living, thirty odd grand children, forty odd great grand children. She was very industrious to the last days of her life. Rest mother, from thy sorrow and trouble. A. R. T.

Cured of Piles After 40 Years.

Mr. C. Haney, of Geneva, O., had the piles for 40 years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. Sold by all druggists.

Deaths.

Died on the 29th of October, 1903, the infant son of Lawrence Smith and wife, age only ten days, was buried at Pond Branch church. "Of such is the kingdom of heaven."

Mrs. Hannah Zenker who was born in the year 1820, died on the 21st of October, 1903. She was dedicated to the Lord in baptism when a child, in the land beyond the sea. She came to this country at the age of ten years and was confirmed in the E. V. L. church in early life and was true to that vow through all her life, then laid down the banner and went home to live with God forever. She was the mother of several children; eight are yet living and are in the front ranks of truth, thrift and honesty. She has also several grand and great grand children who will rise up and call her blessed.

African Colonization A Dismal Failure.

New York, Nov. 5.—On board the steamer Majestic, which arrived today from Liverpool, were 12 negroes from the southern States, who went to Liberia, West Africa, to experiment in cotton culture with the view to future colonization from this country. They say the experiment was a failure and they embarked on the Majestic in a penniless condition.

A Runaway Bicycle.

Terminated with an ugly cut on the leg of J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for Burns, Scalds, Skin Eruptions and Piles. 25c, at The Kaufmann Drug Co.

Thoroughly Democratic.

Baltimore, Nov. 5.—The returns from the wards of Baltimore city and the Maryland counties are now substantially complete and they show a plurality of 11 375 for Edwin Warfield, Democratic candidate for governor. The returns also show that the Democrats will have a two-thirds majority in each branch of the next legislature and a majority of 49 on joint ballot.

Best Liniment on Earth.

Henry D. Baldwin, Supt. City Water Works, Shullsburg, Wis., writes: "I have tried many kinds of liniment, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c, \$1.00. Sold by The Kaufmann Drug Co.

Ready to Die.

Millard Lee, a young white man was hanged at Atlanta, Ga., on Friday for the murder of Miss Lila May Suttles near that city on May 25, 1902. The question of Lee's sanity was investigated by the superior court, and the decision of that court that he was of sound mind when the crime was committed was affirmed by the supreme court on Thursday. Lee was respited five times before and finally expressed his anxiety to die rather than suffer any longer the agony of uncertainty.

Mrs. Emmet Humphreys, of Sherman, Tenn., is in Knoxville, endeavoring to establish title to 100,000 acres of land in Tennessee. She is the great-granddaughter of John Sevier, the first Governor of the State, and the land for which she is suing includes part of Nashville.
